DEFENDANT'S MOTION FOR SUMMARY DISPOSITION UNDER MCR 2.116(C)(8)

Defendant, CITY OF NOVI, by and through its attorneys, ROSATI, SCHULTZ, JOPPICH & AMTSBUECHLER, P.C., hereby moves, under MCR 2.116(C)(8), for entry of an order granting summary disposition and dismissal of Plaintiff's Complaint. Defendant incorporates the following brief in support of this motion:

BRIEF IN SUPPORT

INTRODUCTION

Plaintiff's Complaint asserts six counts against the City: three unjust enrichment claims and three assumpsit claims. These types of claims all involve an implied ***contract*** that Plaintiff alleges the City has breached. That implied contract supposedly arises out of the authority granted under statutory or charter laws allowing the City to charge water and sanitary sewer fees. The Michigan

FEE

Supreme Court, however, has clearly barred contract causes of action, including those for restitution (i.e., refunds), that arise from and seek to enforce legislation—i.e., statutes, charters, and ordinances. Additionally, the Complaint seeks to assert contract causes of action to enforce a Michigan statute and a City charter provision, but, as a matter of law, Plaintiff does not have a private right of action against the City to enforce its City charter or the state law asserted.

Moreover, the equitable contract theories alleged in Plaintiff's Complaint are invalid for a number of reasons. First, the Supreme Court has found that asserting *equitable* claims in a case challenging public utility fees is an improper attempt to avoid utility fee challenge claims, at *law*, under the Headlee Amendment, which are subject to a one-year statute of limitations. Second, Plaintiff's claims in equity are improper because Novi—as specifically authorized by lawful state statutes, charter provisions, and Michigan Department of Treasury requirements—imposes, collects, and ultimately uses the subject charges for the Utility Systems and the benefit of the putative class members, not itself. The Complaint does not properly claim otherwise.

Plaintiff may disagree with the City's decisions as to *how* the funds from the fees are managed and spent—e.g., accumulating funds for needed utility system capital replacements and improvements scheduled to occur in the near future, temporary fund transfers with interest-bearing obligations to transfer the funds back, etc.—but, as a matter of law and equity, the City, separate and apart from its rate paying residents and businesses, is not "benefitting" from anything and its decisions are not unjustly or inequitably "enriching" the City or anyone else, because the funds are for the utility systems that serve the public, including Plaintiff. In sum, the equitable causes of action filed in this case are inapplicable and fundamentally invalid causes of action. Plaintiff's causes of action simply are not the proper vehicles by which to challenge the way a city charges and uses fees for essential services like public water and sanitary sewage collection and disposal. Therefore, summary disposition is appropriate.

STANDARD OF REVIEW

Summary disposition under MCR 2.116(C)(8) is appropriate where a plaintiff has "failed to state a claim on which relief can be granted." Such a motion "tests the legal sufficiency of a complaint based solely on the pleadings." *Dalley v Dykema Gossett, PLLC*, 287 Mich App 296,

304-305; 788 NW2d 679 (2010). A motion brought under MCR 2.116(C)(8) accepts all well-pleaded factual allegations as true and is granted "when the claim is so clearly unenforceable as a matter of law that no factual development could possibly justify relief." *Id.*

BACKGROUND

The vast majority of Defendant City of Novi's population of 66,243 residents[1] and its hospital, schools, and extensive business sector are dependent on the City's public water and sanitary sewer systems for their day-to-day living and business operations. These two systems (the "Utility Systems") are massive,[2] extremely expensive to operate and maintain,[3] and without question essential to public health, safety, and welfare, as well as economic and environmental sustainability throughout the community.

After sifting through the specious rhetoric in the Complaint, Plaintiff's arguments for unjust enrichment and assumpsit essentially fall into two categories:[4] (1) The City has supposedly accumulated "$69 Million"[5] in reserve funds, which, according to Plaintiff's uninformed and out-of-context opinion, is a lot of money and therefore must mean the City has been overcharging him and other system users; and (2) The City has allegedly transferred money from the Utility System

[2] As explained at p. 2 of Defendant's Response in Opposition to Class Certification previously filed with this Court, the Utility Systems' horizontal assets include more than a combined 650 miles of water mains and sanitary sewers and the Systems' vertical assets include a 1.5 million gallon water storage tank and a 1 million gallon underground sewage retention basin, together with many other associated and related assets needed to operate and provide public water and sewer services. As used above, the term "horizontal assets" refers to system infrastructure that generally runs *parallel to and is under* the ground, and the term "vertical assets" refers to system infrastructure that is generally *perpendicular to and above* the surface.

[3] As also explained in Defendant's previously filed Response in Opposition to Class Certification, at pp. 2-3, the total replacement cost for the Utility Systems combined equals more than $950 Million, with an estimated $15,000,000 in capital expenditures required over the next five years just to maintain the desired level of service. In addition, the City has already committed $18,500,000 from its reserves for water and sewer capital improvement projects that are currently under construction, and another $22,300,000 in necessary water and sewer replacement projects is required in the next five years.

[4] The City is not agreeing to these arguments, just summarizing *Plaintiff's* allegations for purposes of bringing this motion under MCR 2.116(C)(8).

[5] The actual amount in reserves not committed to projects under construction at the time of Plaintiff's Complaint was closer to $40 Million. *See*, Defendant's Response in Opposition to Class Certification, pp.2-3. Regardless of which amount is correct, Plaintiff takes no account of the fact that this amount, relatively speaking, is a small number when juxtaposed with the $950 Million in essential infrastructure assets that the City is responsible for maintaining and the deficit in funding for known needed System improvements.

funds to other funds,[6] so it should refund that money.

The six counts in Plaintiff's Complaint consist of three counts for "unjust enrichment" and three counts for "assumpsit." Each count contains nearly identical allegations that the City should be required to "disgorge the amounts" or Plaintiff should "recover the amounts" that the City supposedly has collected in excess of the amounts it was "entitled" to collect. (*See, e.g.,* Complaint ¶¶ 45-47 (pp. 10-11), 52-54 (p. 11), 58-60 (p. 12), 64-66 (p. 13), 62-64 (p. 14), 68-70 (p. 14)). In some counts, Plaintiff refers to and claims the City violated a specific law that entitled, or authorized, the City to collect fees, and in other counts Plaintiff refers to such authority by use of the word "entitled," without a reference to the specific law entitling the City.

To be clear, the City is entitled—actually required—to charge and collect the public water and sanitary sewer system fees ("Utility Fees") under several laws, including State statutes, the City Charter, and the City Code. For instance, the Michigan Legislature not only authorizes, but mandates that the City establish rates to support the Utility Systems under §21(1) of the Revenue Bond Act ("RBA") as follows:

> (1) Rates for services furnished by a public improvement **shall be** fixed before the issuance of the bonds. The rates **shall be sufficient** to provide for all the following:
> (a) The payment of the expenses of administration and operation and the expenses for the maintenance of the public improvement as may be necessary **to preserve the public improvement in good repair and working order**.
> (b) The payment of the interest on and the principal of bonds payable from the public improvements when the bonds become due and payable.
> (c) The creation of any reserve for the bonds as required in the ordinance.
> (d) Other expenditures and funds for the public improvement as the ordinance may require.

MCL 141.21(1)(emphasis added).

Also, consistent with the above state laws, §13.3 of the City Charter (Exhibit A) states, as a *general* authorization, that:

> The Council shall have the power to fix from time to time such just and reasonable rates as may be deemed advisable for supplying inhabitants of the City and others with such public-utility services as the City may provide. There shall be no discrimination in such rates within any classification of users

[6] As explained later in this brief, any transfers from the water and sewer funds to another public fund benefitted the putative class and were legal and authorized, as a matter of law, and cannot therefore be found to be unjust. See, *infra*, this Brief, at pp. 10-11.

> thereof nor shall free service be permitted, but higher rates may be charged for services outside the City limits.

Sections 34-145(b), 34-17 and 34-19 of the City Code then provide further and more *specific* legal authority for the City to establish sewer and water rates, respectively, as follows:

> Section 34-145.
> (b) The [sanitary sewer system] rates and charges established pursuant to subsection (a) shall be based upon a methodology which complies with applicable federal and state statutes and regulations. The amount of the rates and charges **shall be sufficient to provide for debt service and for the expenses of operation, maintenance and replacement of the system as necessary to preserve the same in good repair and working order**. The amount of the rates and charges shall be reviewed annually and revised when necessary to **ensure system expenses are met and that all users pay their proportionate share of operation, maintenance and equipment replacement expenses**.
>
> Section 34-17.
> The water system shall be operated on a public utility rate basis, pursuant to the provisions of Act No. 94 of the Public Acts of Michigan of 1933 (MCL 141.101 et seq.), as amended.
>
> Section 34-19.
> The rates to be charged by the water system shall be established and charged in accordance with the schedule of rates set by resolution of the council.

(Exhibits B and C)(Emphasis added).

Moreover, with respect to the alleged "transfers" to other funds Plaintiff claims to have occurred, the Michigan Department of Treasury's Uniform Charts of Accounts says otherwise by specifically authorizing such transfers, "Money that accumulates as unrestricted net position of [a utility enterprise] fund **may be transferred** to another fund if authorized by the governing body." (Exhibit D, pp. 117, 130-132) (Emphasis added). And Plaintiff's Complaint fails to disclose that the "transfers" it identifies to the City's Capital Improvement Projects (CIP) fund are an investment, like any other investment, of funds that are transferred back to the Utility System funds **with interest**.

Procedurally, Plaintiff previously filed a Motion for Class Certification, which this Court granted on July 21, 2021, and the City then filed a Motion for Reconsideration, which the Court denied on October 1, 2021, on the grounds that it would have been "inappropriate for the Court to rule on the substance of this case" in the context of reconsidering a class certification motion, and indicating that such matters would be "more appropriately briefed in a dispositive motion."

(Exhibit E). Two days prior to this Court's denial of reconsideration and statements above, the Michigan Supreme Court issued an Order in another case challenging municipal utility service rates. In that case, the Court explained that equitable claims, such as the unjust enrichment and assumpsit claims here, are improper in this type of case, because they seek to subvert the one-year statute of limitations applicable to rate challenge cases under the Headlee Amendment. *Gottesman v Harper Woods*, ___ Mich ___ (2021) (Exhibit F); see *infra*, this Brief, at pp. 6-8.

ARGUMENT

I. SUMMARY DISPOSITION SHOULD BE GRANTED AS TO ALL COUNTS IN PLAINTIFF'S COMPLAINT UNDER MCR 2.116(C)(8), BECAUSE THEY ARE EQUITABLE CAUSES OF ACTION THAT CONSTITUTE AN ATTEMPT TO "DODGE THE BAR" ESTABLISHED BY LAW FOR CAUSES OF ACTION UNDER ART. 9, §31 OF THE MICHIGAN CONSTITUTION (THE "HEADLEE AMENDMENT").

Plaintiff pleads equitable causes of action allegedly supported by repetitive allegations that the City's Utility Fees are "excessive," "unreasonable," "overcharges," "revenue raising," and "disproportionate," and based on these allegations Plaintiff tries to claim that the "fees" are therefore actually "disguised taxes."[7] These are precisely the types of assertions in fee vs. tax cases that involve causes of action for violation of art. 9, §31 of the Michigan Constitution (i.e., the Headlee Amendment). *See, e.g.*, *Bolt v City of Lansing*, 459 Mich 152; 587 NW2d 264 (1998). Therefore, Plaintiff is attempting to disguise Headlee Amendment legal claims as equitable causes of action for unjust enrichment and assumpsit. But why would Plaintiff do this instead of bringing Headlee Amendment claims? Because he hopes doing so might avoid the one-year statute of limitations applicable to Headlee Amendment claims and invalidly achieve six years of damages instead. MCL 600.308a(3).

The Michigan Supreme Court has a long history of spotting this type of avoidance maneuver and precluding it.[8] In *Taxpayers Allied for Constitutional Taxation v Wayne County*, 450 Mich 119, 124-26, 537 NW2d 596 (1995), the Court recognized that "[i]f legal limitations periods did

[7] See Complaint, ¶¶ 16, 17, 24, 44-46, 50-53, 57-59, 63-66, 60-64(p.13-14), and 67-70(p.14).
[8] "[T]his Court has long recognized that statutes of limitation may apply by analogy to equitable claims. See, e.g., *Smith v. Davidson*, 40 Mich. 632, 633 (1879); *Lothian v. Detroit*, 414 Mich. 160, 168–170 (1982)." *Taxpayers Allied*, 450 Mich 119, 127 n 9.

not apply to analogous equitable suits, "**a plaintiff [could] dodge the bar set up by a limitations statute simply by resorting to an alternate form of relief provided by equity**." 450 Mich 119, 127 n 9; 537 NW2d 596 (1995); quoting *Lothian v. Detroit*, 414 Mich. 160, 169; 324 N.W.2d 9 (1982) (Emphasis added). In *Taxpayers Allied*, the Supreme Court also determined that the one-year period for claims is "a reasonable restriction **designed to protect the fiscal integrity of governmental units who might otherwise face the prospect of losing several years' revenue from a tax that had previously been thought to comply with Headlee restrictions**." 450 Mich 119, 124-26 (Emphasis added).

Just this past month, the Supreme Court entered an Order in *Gottesman v City of Harper Woods,* applying its decision in *Taxpayers Allied* to a class action complaint challenging municipal utility fees on equitable unjust enrichment and assumpsit grounds, similar to what Plaintiff is attempting to do in this case. *Gottesman*, ___ Mich ___ (2021) (Docket No. 160806, 2021 WL 4487059) (Exhibit F). While the plaintiff in *Gottesman* was initially able to convince the Court of Appeals to uphold its pleading in avoidance of the Headlee Amendment statute of limitations, the Supreme Court determined that "the Court of Appeals erred by holding that plaintiff's equitable claims could afford additional relief because 'plaintiff would be entitled to recover for several more years under [his equitable claims] than under [the Headlee Amendment.]'" *Id.*, quoting from *Gottesman v Harper Woods*, unpublished per curium opinion of the Court of Appeals, issued December 3, 2019 (Docket No. 344568, 2019 WL 6519142), p. 14 (Brackets in original)(Exhibit G). The Court remanded the case back to the Court of Appeals for further consideration of this issue, as well as another issue unrelated to this case.

Contrary to the Supreme Court's admonition and rejection of the practice, Plaintiff in this case has asserted six counts of equitable claims in order to dodge the one-year limitations period for a Headlee Amendment claim. If allowed to do this, Plaintiff will succeed in subverting the laws that are specifically "designed to protect the fiscal integrity of governmental units." *Taxpayers Allied*, 450 Mich at 124-26. In contravention of these important protections under Michigan law, Plaintiff's Complaint—a class action expected to have over 20,000 members—is designed to inflict the maximum damage possible to the fiscal integrity of, and the City's ability to maintain, its public

water and sanitary sewer system infrastructure, which provides essential life and economic sustaining services throughout the Novi community. Accordingly, summary disposition should be granted, as a matter of law, to prevent this attempted evasion and subversion of legal limitations established by law.

II. SUMMARY DISPOSITION SHOULD BE GRANTED AS TO ALL COUNTS OF THE COMPLAINT UNDER MCR 2.116(C)(8), BECAUSE THE CITY OF NOVI COLLECTED AND EXPENDED THE SUBJECT CHARGES BY LAWFUL STATUTORY, CHARTER, ORDINANCE, AND MICHIGAN DEPARTMENT OF TREASURY REQUIREMENTS, AND NOT BY UNJUST OR INEQUITABLE MEANS, OR THROUGH MALICIOUS INTENT, CAPRICIOUS ACTION, OR CORRUPT CONDUCT.

"The burden of proof is on the plaintiff to show that any given rate or ratemaking practice is unreasonable." *Trahey v City of Inkster,* 311 Mich App 582, 594; 876 NW2d 582 (2015), citing *City of Novi v Detroit,* 433 Mich 414, 432–433; 446 NW2d 118 (1989). In reviewing Plaintiff's causes of action in this case, it must be acknowledged that "Michigan courts, as well as those in other jurisdictions, have recognized the longstanding principle of **presumptive reasonableness** of municipal utility rates." *City of Novi,* 433 Mich at 428 (emphasis added). The *Trahey* Court further instructed: **"[a]bsent clear evidence of illegal or improper expenses** included in a municipal utility's rates, a **court has no authority** to disregard the presumption that the rate is reasonable." *Trahey,* 311 Mich App at 595. (emphasis added). As a result, plaintiffs challenging the reasonableness of municipal water and sewer rates bear a heavy burden.

In addition to that already heavy burden, the Michigan Supreme Court has explicitly instructed that **"[c]ourts of law are ill-equipped to deal with the complex, technical processes required to evaluate the various cost factors and various methods of weighing those factors required in rate-making."** *City of Novi,* 433 Mich at 430 (emphasis added). As such, the Supreme Court insists that the judiciary refrain from scrutinizing rate-making because, among other things, "[t]he rate-making authority of a municipal utility is expressly reserved to the legislative body given the power to set rates under the municipal charter." (*Id.* at 429-30, citing MCL 141.103(d); 141.121). "Where a municipality has the power to engage in an activity for a public purpose, **the courts will not interfere with the**

discretionary acts of its municipal officials . . ." *See City of North Muskegon v Bolema Const Co*, 335 Mich 520, 526; 56 NW2d 371 (1953), quoting *Wolgamood v Village of Constatine,* 302 Mich 384, 395; 4 NW2d 697 (1942)(emphasis added).

A. <u>Plaintiff failed to plead the allegations necessary for equitable claims against the City's exercise of judgment and discretion vested in it by law for deciding the rates to charge for use of its water and sewer systems</u>.

With respect to *equitable* claims, such as the six counts in this case, our Supreme Court has further instructed that, "[i]n order to warrant the interposition of a **court of equity** in municipal affairs, there must be **malicious intent, capricious action, or corrupt conduct**, something which shows the action of the body whose acts are complained of did not arise from an exercise of judgment and discretion vested by law in them." *Id.* (emphasis added).

Plaintiff ignores the Supreme Court's instruction that courts must not interfere with discretionary decisions about how to provide utility services to the public. Throughout his Complaint, Plaintiff asserts specious allegations that simply second-guess and criticize the City both for the methods it uses to fund needed Utility System infrastructure replacement and improvement projects that enable the City to continuously provide water and sewer service to residents and businesses, and also for the transfers of funds to other City accounts to pay for portions of City projects that benefit the Utility Systems or provide earned interest revenue for the Systems that off-sets a portion of rate increases (i.e., helps to keep rates down). See, *infra*, this Brief, at pp. 10-11. Regardless, at the end of the day, a close examination of Plaintiff's rhetoric-ridden pleadings reveals the absence of the required allegation of "malicious intent, capricious action, or corrupt conduct" by the City, and thus Plaintiff's Complaint fails to state a valid cause of action. *See, Id.*

B. <u>Plaintiff also failed to plead a valid claim for unjust enrichment and assumpsit</u>.

Moreover, any attempt to amend the Complaint to include some kind of statement baldly alleging the "malicious intent, capricious action, or corrupt conduct" elements would be futile and would not remedy the lack of a valid claim for unjust enrichment in this case. Claims for unjust enrichment require: "(1) the receipt of a benefit by the defendant from the plaintiff and

(2) an inequity resulting to the plaintiff because of the *retention* of the benefit by the defendant . . . In other words, the law will imply a contract to prevent unjust enrichment only if the defendant has been **unjustly or inequitably enriched** at the plaintiff's expense." *Morris Pumps v Centerline Piping, Inc,* 273 Mich App 187, 195; 729 NW2d 898 (2006) (internal citations omitted)(emphasis added). Assumpsit is a remedy "sounding in unjust enrichment." Konopka, *supra*, at 2071-72; 1 Am Jur 2d Actions § 13; *see also*, *Woods v Ayres*, 39 Mich 345, 348-49 (1878). Like unjust enrichment, it involves the recovery of money invalidly collected. *Bond v Pub Sch of Ann Arbor Sch Dist,* 383 Mich 693, 704; 178 NW2d 484 (1970). Taking everything as true in Plaintiff's Complaint, the above elements have not, and cannot be met in this case, as a matter of law.

There can be nothing unjust about following the law. The City collected the charges of which Plaintiff complains by lawful statutory, charter, and ordinance mandates. The Revenue Bond Act ("RBA"), as a matter of law, specifically mandates that the City "shall" establish "rates"—defined under MCL 141.103 to include "charges" and "fees"—for its public Utility Systems. MCL 141.121(1). Likewise, §13.3 of the City Charter and §§34-145(b), 34-17 and 34-19 of the City Code also require the charging and collection of fees for the City's Utility Systems. See, this Brief, *supra*, pp. 4-5; see also, Exhibits A-C. Therefore, the City is not only acting pursuant to authority and discretion granted to it by both City and State of Michigan laws, but according to those laws the City has no choice but to charge the Utility Fees at issue in this case (i.e., the City is doing what the law says it must do).

Additionally, with respect to Plaintiff's claims about "transfers," for purposes of this Motion the Court can accept as true the allegation in Plaintiff's Complaint that there have been transfers of funds from the Water and Sewer Fund to the Capital Improvements Fund, but Plaintiff has not included the legislative body's **full** decision on this subject, as reflected in the City Council Resolution, officially adopted on June 19, 2017 (Exhibit H). That formal Resolution **mandates repayment** of any advanced funds **with interest** on a monthly basis and full repayment within 90 days, if needed by the Utility Systems at any time for system improvement projects, emergencies, etc. *Id.* Moreover, such transfers are entirely authorized and appropriate, as a matter

of law. The Michigan Department of Treasury specifically authorizes such transfers by a City Utility System "enterprise fund"[9] in its Uniform Charts of Accounts: "Money that accumulates as unrestricted net position of this fund **may be transferred to another fund** if authorized by the governing body." (Exhibit D, pp. 117, 130-132)(emphasis added). Furthermore, state law also authorizes municipalities owning a public utility to make "contributions from the operating revenues of the utility in such amounts and for such purposes as shall be determined by the governing body of the public utility to be in the public interest, subject to the approval of the legislative body of the municipality." MCL 123.391

Here, the transfer was temporary, as an investment that pays actual interest to the Utility System fund to defray the costs that are otherwise charged to the system users, just like other investments of those funds. The system users, including Plaintiff and the putative class, are actually benefitted by the transfers. Therefore, this practice is perfectly valid, lawful, just, and equitable—and Plaintiff's claims for unjust enrichment and assumpsit fail as a matter of law.

Furthermore, the act of a transfer alone is not enough, especially when it is lawful. To have stated a valid claim, Plaintiff would have had to include an allegation that the "transferred" funds are not transferred back to the Utility System for its use. Plaintiff either knew he could not make such an allegation because it is untrue, or he did not fully investigate this allegation and claim before asserting it. Either way, its absence in the Complaint is another basis upon which this claim is invalid.

C. Since the City charges and uses the fees in question in accordance with the state's Revenue Bond Act, other state laws and regulations, and the City's lawful Charter and ordinances, Plaintiff's unjust enrichment and assumpsit claims fail as a matter of law.

Furthermore, even if, *arguendo,* the City was enriched—which it was not—"not all enrichment is necessarily unjust in nature." *Morris Pumps,* 273 Mich App at 196. Instead, "it is necessary to determine whether that enrichment was **unjust or inequitable**." *Id.* (emphasis added).

[9] "Enterprise funds may be used to report any activity for which a fee is charged to external users for goods or services." Mich. Dept. Treasury, Uniform Charts of Accounts, p. 117 (Exhibit D). The City's water fund and sewer fund are enterprise funds because they are used for the fees charged to system users for water and sewer services provided by the City.

Where, as here, the City collected the subject charges through lawful statutory, charter, and ordinance mandates, it cannot be said that such charges were collected unjustly or inequitably. See e.g., *Kochis v City of Westland,* 409 F Supp 3d 598, 611 (ED Mich, 2019) (granting summary judgment of an unjust enrichment claim where fees were collected under ordinances that were "not on their face unlawful.").

In *Kochis,* the owner of real property in the City of Westland brought a putative class action to challenge Westland's debris removal and nuisance ordinances claiming that the fees were excessive and sought restitution under unjust enrichment, among other claims. *Id.* at 603-04. The Court held that the ordinances at issue were lawful on their face and that the claim for unjust enrichment based on fees collected under those ordinances failed as a matter of law. *Id.* at 611. After citing the elements of an unjust enrichment claim, the Court held that the fees charged under the facially lawful ordinance did not constitute "evidence of a benefit conferred on [Westland]" or "evidence of an inequity resulting from the fees charged by [Westland] under its ordinances." *Id.*

In this case, just as in *Kochis,* the City has charged the fees in question pursuant to the State's RBA and the City's lawful Charter and ordinances, and, therefore, Plaintiff's unjust enrichment and assumpsit claims likewise fail as a matter of law and should be dismissed.

III. SUMMARY DISPOSITION SHOULD BE GRANTED AS TO ALL COUNTS IN PLAINTIFF'S COMPLAINT UNDER MCR 2.116(C)(8) BECAUSE EACH COUNT ALLEGES A CONTRACT CLAIM THAT IS NECESSARILY BASED ON THE CITY ALLEGEDLY EXCEEDING ITS LEGAL AUTHORITY, WHICH CLAIMS ARE PROHIBITED AS A MATTER OF LAW.

A claim for unjust enrichment is "the equitable counterpart to a claim for breach of contract . . . occur[ing] when [a person] has or maintains money or benefits which in justice and equity belong to another." *AFT Mich v State,* 303 Mich App 651, 677; 846 NW2d 583 (2014), *aff'd sub nom AFT Michigan v State of Michigan*, 497 Mich 197, 866 NW2d 782 (2015). "Assumpsit may be upon an express contract or promise, or for nonperformance of an oral or simple written contract, or it may be a general assumpsit upon a promise or contract implied by law." *Kristoffy v Iwanski*, 255 Mich

25, 28; 237 NW 33 (1931).[10]

Accordingly, both assumpsit and unjust enrichment are equitable claims that seek restitution under an implied **contract** theory.[11] Consistent with this contract law and remedy foundation, each of Plaintiff's assumpsit and unjust enrichment counts contains nearly identical claims alleging that the City supposedly has collected in excess of the amounts it was legally *"entitled"* to collect and that the City should be required to "disgorge the amounts" or Plaintiff and the purported Class should "recover the amounts." (*See, e.g.,* Complaint ¶¶ 45-47 (pp. 10-11), 52-54 (p. 11), 58-60 (p. 12), 64-66 (p. 13), 62-64 (p. 14), 68-70 (p. 14)). Thus, the gravamen for *each count* is the assertion that the Utility Fees are "unjust" and "inequitable" because the City has charged and received fees beyond the amount it was "entitled" *by law* to receive—after all, it can only be a "law" that would "entitle" the City to collect the fees. As described in the Background section of this brief (*supra,* at pp. 4-5), the legal entitlement for the collection of the Utility Fees, and upon which each of Plaintiff's six counts is necessarily based, comes from statutes, ordinances, and charter provisions—i.e., the Revenue Bond Act §21(1), City Charter §13.3, and City Code §§34-145(b), 34-17 and 34-19. (Exhibits A-C). Therefore, in each count of the Complaint, Plaintiff is alleging that the City has breached an implied *contract* that arises out of the authority granted under state and local laws requiring the City to charge the Utility Fees.

As such, all six counts of Plaintiff's Complaint trigger the application of a body of both U.S. Supreme Court and Michigan Supreme Court law barring such contract-based claims and restitution, as a matter of law. In *Studier v Michigan Pub Sch Employees Ret Bd,* 472 Mich 642, 661; 698 NW2d 350 (2005), the Michigan Supreme Court, extensively and favorably citing legal authority from the U.S. Supreme Court,[12] held that due to limitations on legislative power, **the law**

necessarily provides for a "strong presumption that statutes do not create contractual rights." (citations omitted) (emphasis added). This presumption dictates that, as a matter of law, **"[i]n order for a statute to form the basis of a contract, the statutory language 'must be plain and susceptible of no other reasonable construction than that the Legislature intended to be bound to a contract.'"** *Studier*, 472 Mich at 662 (citations omitted)(emphasis added). Unless there is an expression of an actual intent of the government to bind itself through its legislation, **"courts should not construe laws declaring a scheme of public regulation as also creating private contracts"** to which the government is a party. *Id.* (Emphasis added). Rules of statutory construction such as these also apply to city legislation, i.e., ordinances and charters. *Great Lakes Soc v Georgetown Charter Twp,* 281 Mich App 396, 407; 761 NW2d 371 (2008) ("Ordinances are treated as statutes for the purposes of interpretation and review" and "the interpretation and application of a municipal ordinance presents a question of law.").[13]

In the case of *In re Certified Question (Fun 'N Sun RV, Inc. v. Michigan),* 447 Mich. 765, 777–778; 527 NW2d 468 (1994), the Court addressed the issue of whether policyholders who paid premiums into a State of Michigan accident fund were entitled to reserve funds in excess of what was needed to cover liabilities. The plaintiffs argued that they were entitled to such excess amounts under an implied contract theory based on the applicable statutes governing the state accident fund. *Id.* at 776. After analyzing the various statutes involved with the state accident fund program, the Court found that, **because there was no provision in those laws indicating that the policyholders were promised or entitled to the excess funds**, the plaintiffs had no contract rights to make a claim for a distribution of said excess funds to them. *Id.* at 777-785.

Here, Plaintiff and the purported Class are system users who paid fees into the City's utility system enterprise funds for the provision of water and sanitary sewer utility services, and they

[13] *See also, Warren's Station, Inc v City of Bronson*, 241 Mich. App. 384, 388; 615 NW2d 769 (2000); *Bonner v City of Brighton,* 495 Mich 209, 222; 848 NW2d 380 (2014)("Since the rules governing statutory interpretation apply with equal force to a municipal ordinance, the goal of construction and interpretation of an ordinance is to discern and give effect to the intent of the legislative body" and "the most reliable evidence of [legislative] intent is the language of the ordinance itself and, therefore, the words used in an ordinance must be given their plain and ordinary meanings.")

claim that the City's rates and collection of those fees have resulted in reserve funds that are in excess of what the City needs and was authorized by various laws to collect, thus entitling them to receive distributions of the excess funds under theories of implied contract rights. Plaintiff, however, has not identified any provision in those laws underlying Counts I-VI that would demonstrate a legislative intent to create or imply a contract between the Class members and the City that would allow them to bring contract law claims like "assumpsit" or "unjust enrichment."

Therefore, being without any language creating a contractual right or a right to excess funds, Plaintiff and the putative Class cannot overcome the presumption that the underlying legislation entitling the City to collect the Utility Fees do not create contractual rights to sustain Counts I-VI, and these claims must be dismissed as a matter of law.

IV. IN ADDITION TO THE ABOVE REASONS FOR GRANTING SUMMARY DISPOSITION OF ALL COUNTS, SUMMARY DISPOSITION SHOULD BE GRANTED UNDER MCR 2.116(C)(8) AS TO COUNTS III AND VI OF PLAINTIFF'S COMPLAINT, BECAUSE, AS A MATTER OF LAW, PLAINTIFF AND THE PUTATIVE CLASS DO NOT HAVE A PRIVATE RIGHT OF ACTION AGAINST THE CITY TO ENFORCE ITS CITY CHARTER.

In Counts III and VI of the Complaint, Plaintiff claims that the City has violated §13.3 of its City Charter (Exhibit A),[14] and, as a result, Plaintiff and the putative Class are supposedly entitled to a refund of the Utility Fees the City has collected from them. These counts of Plaintiff's Complaint should be dismissed, as a matter of law, because the plain language of the City's Charter states that its provisions are only enforceable by officers of the City–**not** private citizens like Plaintiff and the Class membership.

A. <u>There is no private right of action to enforce the municipal laws at issue in this case</u>.

It is well established in Michigan that parties do not have a private right of action under

[14] The Complaint only cites Charter §13.3, which, as explained earlier in this brief, *supra* at pp.4-5, is a general and broadly worded provision applicable to *all* City utility rates. The Complaint fails to mention the other requirements under Code §§34-17, 34-19, and 34-145(b) (Exhibits B-C), which are more specific provisions applicable directly to the water and sewer system rates. For instance, §34-145 specifically mandates that: "The amount of the rates and charges **shall be sufficient to provide for** debt service and for **the expenses of operation, maintenance and replacement of the system as necessary to preserve the same in good repair and working order**." (Emphasis added). Code §34-145, when read together with Charter §13.3, must be construed as indicating that, as long as the amounts collected through rates and charges will be used to pay for the expenses of the utility system, then it is just and reasonable.

municipal laws that plainly do **not** confer such a right. This is especially true when the municipal laws explicitly confer that right to a public official. The Court of Appeals most-recently applied this principle in *McMillan v Douglas,* 332 Mich App 354, 355-56; 913 NW2d 336 (2017), holding that a landlord's alleged violation of a county ordinance governing issuance of rental permits did not create a private cause of action for a tenant to demand a refund of rent paid to the landlord.[15] The Court explained that "[w]hen a provision 'creates a new right or imposes a new duty unknown to the common law and provides a comprehensive administrative or other enforcement mechanism or otherwise entrusts the responsibility for upholding the law to a public officer, a ***private*** right of action will not be inferred.'" *Id.* at 357-58, citing *Claire–Ann Co v Christenson & Christenson, Inc*, 223 Mich App 25, 31; 566 NW2d 4 (1997)(emphasis added).

B. <u>Plaintiff's Complaint fails to allege authority which provides Plaintiff with a private right of action to enforce the municipal law at issue in this case, because the City's laws grant that right only to City officials, and not to Plaintiff or the other putative class members</u>.

Here, Plaintiff's Complaint does not cite any provision of the City's Charter that would permit them to launch a private cause of action against the City for a Charter violation, much less to seek the remedy of "disgorgement" of tens of millions of dollars that are dedicated to essential public utility services and infrastructure work. That is because there is no such provision in the City's Charter. Instead, the legal recourse and enforcement rights that *do* exist are found in the following provisions of the City Charter itself:

> Section 2.2 – Further definition of powers. In addition to the powers possessed by the City under the Constitution and Statutes of the State of Michigan and those set forth throughout this Charter, **<u>the City</u> shall have power** with respect to **and may, by** ordinance or other **lawful acts of its officers, provide for** the following, subject to any specific limitation placed thereon by this Charter:
> . . . (h) **The enforcement of all local, police, sanitary and other regulations** as are not in conflict with the general laws;
>
> Section 4.7. – City Manager . . .
> (a) Powers and Duties. The City Manager shall be the chief administrative officer of the City and shall be responsible to the Council for the administration of all City

[15] *See also, Ballman v Borges*, 226 Mich App 166, 168-69; 572 NW2d 47 (1997)(ordinance providing that no rent shall be recoverable if dwelling was unfit for human habitation, did not give rise to a private cause of action by tenant against landlord to recover rent previously paid); *Szkodzinski v Griffin,* 171 Mich App 711; 431 NW2d 51 (1988)(ordinance providing that "any person owning, possessing or harboring any dog shall be responsible for and shall be held accountable for any and all acts or actions of such dog" did not create private cause of action for damages resulting from dog attack).

> affairs placed in his or her charge by or under this Charter. **The City Manager shall have the following powers** and duties:
> . . . (4) **To see that all laws, provisions of this Charter and acts of the Council subject to enforcement by the Manager or by officers subject to the Manager's direction and supervision are faithfully executed**.
>
> Section 4.14. – Director of Public Safety. . .
> (a) Police Department. The Council shall provide for, establish and maintain, within the administrative division of the City, a **Police Department to enforce all laws** and all ordinances and codes **which are in force in the City** and to preserve peace and good order in the City.

(City Charter, Exhibit A)(Emphasis added).

According to the above three provisions of the Charter, the City and its police department and city manager are specifically listed as having the power to enforce the provisions of the City's laws, which include the City's charter and ordinances. No one outside of the City has been provided the power to enforce the City's laws, including Plaintiff and the other members of the putative Class in this case.

As in *McMillan*, *supra*, the plain language of the City's laws confirm that enforcement is delegated solely to the City and its public officers—not to private citizens or businesses. (Exhibit A, §§2.2, 4.7, and 4.14). Therefore, as a matter of law, Counts III and VI fail to state a valid cause of action and should be dismissed.

V. IN ADDITION TO THE ABOVE REASONS FOR GRANTING SUMMARY DISPOSITION OF ALL THE CLAIMS IN THIS CASE, SUMMARY DISPOSITION SHOULD BE GRANTED AS TO COUNTS II AND V, BECAUSE, AS A MATTER OF LAW: (A) MCL 141.91 DOES NOT PROVIDE A PRIVATE RIGHT OF ACTION; (B) MCL 141.91 DOES NOT APPLY TO FEES, AND EVEN IF IT DID, THE CITY'S UTILITY FEES WOULD FALL UNDER THE EXCEPTION PROVIDED IN MCL 141.91; AND (C) CONTRACT CLAIMS TO ENFORCE LEGISLATION ARE INVALID.

Counts II and V of Plaintiff's Complaint allege that the City has violated MCL 141.91, which reads as follows:

> Except as otherwise provided by law and notwithstanding any provision of its charter, a city or village shall not impose, levy or collect a tax, other than an ad valorem property tax, on any subject of taxation, unless the tax was being imposed by the city or village on January 1, 1964.

With respect to a court's application of this state law to the City's decisions and regulations, including those applicable to charges for public utility services, the Michigan Constitution mandates that: "**The provisions of . . . law concerning . . . cities . . . shall be liberally**

construed in their favor." Const 1963, art 7, §34 (emphasis added). Accordingly, **in considering the following two arguments**, this Court is constitutionally required to "liberally construe" MCL 141.91 **in favor of** finding that the City's Utility Fees are not in violation of MCL 141.91.

A. <u>As a matter of law, Plaintiff and the putative class members do not have a private right of action for refund against the City under MCL 141.91, thus Counts II and V must be dismissed</u>.

As a general rule, parties do not have a private right of action under statutory laws that do not confer such a right. *Office Planning Group, Inc. v. Baraga-Houghton-Keweenaw Child Dev. Bd.*, 472 Mich. 479, 496; 697 N.W.2d 871 (2005).[16] In *Office Planning Group,* the Michigan Supreme Court decided the issue of whether a disappointed bidder could bring a private cause of action to enforce §9839(a) of the Head Start Act to gain access to other bidders' documents. *Id.* at 481-482. "[I]n determining whether plaintiff may bring a private cause of action to enforce the § 9839(a), we must determine whether Congress intended to create such a cause of action." *Id.* The Court found that "[b]ecause the Head Start Act does not evidence an intent to create a private remedy for an alleged violation of § 9839(a), plaintiff's action must be dismissed." *Id.* See also, *Lash v City of Traverse City*, 479 Mich 180, 196-197; 735 NW2d 628 (2007) (in absence of authority in a statute, plaintiff's claim that a private cause of action for monetary damages may be pursued because it is the only mechanism by which the statute can be enforced is incorrect, where declaratory and injunctive relief may be pursued).

On its face, the provisions of MCL 141.91 do not authorize a private cause of action of any kind. In terms of legislative intent, MCL 141.91 does not even mention the word "fees" or demonstrate that it has any application whatsoever to public water and sewer fees. See, *infra*, this Brief, at pp. 19-20. Moreover, through its adoption of MCL 600.308a (Exhibit I) as part of the Legislation implementing the Headlee Amendment, the Legislature confirmed its intent that MCL 141.91 not be construed broadly to create or authorize a private cause of action. Under MCL 600.308a, the

[16] In *Office Planning Group*, the Michigan Supreme Court favorably quotes and cites the U.S. Supreme Court's decisions explaining this general rule in *Touche Ross & Co. v. Redington,* 442 U.S. 560, 568; 99 S.Ct. 2479 (1979) and *Cannon v. Univ. of Chicago,* 441 U.S. 677, 688; 99 S.Ct. 1946 (1979).

Michigan Legislature saw fit to provide private taxpayers with a specific statutory avenue and rights to file a private civil action either in a county circuit court, or directly with the court of appeals, to enforce the tax provisions of the Headlee Amendment. **MCL 141.91 and MCL 600.308a both relate to the imposition of taxes**. However, unlike MCL 600.308a, MCL 141.91 does not provide any authority for taxpayers to file a civil claim for violation of its provisions, nor does any other statute.

It is worth further noting that MCL 600.308a was adopted two years after the Headlee Amendment and sixteen years after MCL 141.91, so it could have easily included the same authority for taxpayers to file a civil enforcement action for an alleged violation of MCL 141.91, **but it did not do so**.

Based on all of the above, and considering the Constitutional mandate to liberally construe MCL 141.91 in favor of the Defendant, it must be concluded that the Legislature did not intend to create a private cause of action to challenge fees under MCL 141.91. Const 1963, art 7, §34. The Counts seeking to enforce MCL 141.91 must therefore be dismissed, as a matter of law.

B. Summary disposition should be granted as to Counts II and V because MCL 141.91 does not apply to fees for public utility services, and even if it did, the City's Utility Fees would fall under the exception provided in MCL 141.91.

In Counts II and V, the Complaint ignores the above constitutionally-required favorable construction rule and tries to manufacture a claim that the City has initiated taxes, through the imposition of the Utility Fees, in violation of MCL 141.91. Notably, MCL 141.91 makes absolutely no mention of the word "fees." The purpose of MCL 141.91 is plain on its face: If a city is going to impose any taxes, those taxes shall be in the form of an "ad valorem property tax," unless another provision of law authorizes the city to do so. It does not even mention "fees" and should, according to Const 1963, art 7, §34, be liberally construed by this Court as not being directed at or applicable to utility fees that are collected by cities.

Even if MCL 141.91 applied, which it does not, and even if this Court construes the City of Novi's Utility Fees to be taxes, the RBA specifically authorizes the City to collect them: "Rates for services furnished by a public improvement shall be fixed . . ." and "The rates shall be fixed and revised by the governing body . . ." MCL 141.121(1) and (2). As such, considering the RBA, the Utility Fees

would fall under the "[e]xcept as otherwise provided by law" provision of MCL 141.91, because the RBA specifically authorizes the City to do exactly what it is doing with these charges for the water and sewer systems—in fact, the RBA uses the words "shall be" and thus *mandates* the City to charge the fees it is charging. MCL 141.121(1) and (2).

Again, the Court is constitutionally required to "liberally construe" both MCL 141.91 and MCL 141.121 *in favor of* the City, as opposed to twisting and stretching those statutes to support the manufactured claims *against* the City in the Complaint. Therefore, the Court should find that MCL 141.91 is inapplicable to the City fees and dismiss the Counts relating to that statute.

VI. IN ADDITION TO THE OTHER REASONS STATED IN SECTIONS I-V OF THIS BRIEF, SUMMARY DISPOSITION SHOULD BE GRANTED UNDER MCR 2.116(C)(8) AS TO COUNTS IV, V, AND VI OF THE COMPLAINT, BECAUSE ASSUMPSIT HAS BEEN ABOLISHED IN MICHIGAN AS A CAUSE OF ACTION.

Counts IV, V, and VI of the Complaint assert "assumpsit" as the cause of action against Defendant. Assumpsit, as a cause of action, has been abolished by Michigan law. In *Fisher Sand & Gravel Co v Neal A Sweebe, Inc,* 494 Mich 543, 564; 837 NW2d 244 (2013), the Michigan Supreme Court recognized, "assumpsit as a form of action was abolished" with the passage of the General Court Rules in 1963. Several other courts have also recognized the abolishment of assumpsit as a cause of action in Michigan.[17] Thus, these counts are invalid causes of action in this case.

CONCLUSION

For the reasons stated in this Motion and Brief, summary disposition should be granted under MCR 2.116(C)(8) as to all counts of the Complaint.

CHAPTER 2. - MUNICIPAL POWERS

Section 2.1. - General powers.

Unless otherwise provided or limited in this Charter, the City and its officers shall possess and be vested with any and all powers, privileges and immunities, expressed or implied, which cities and their officers are, or hereafter may be, permitted to exercise or to provide for in their charters under the Statutes and Constitution of the State of Michigan, including all powers, privileges and immunities granted to cities and their officers by Act 279 of the Public Acts of 1909 of the State of Michigan [MCL 117.1 et seq., MSA 5.2071 et seq.], as amended, and including all powers, privileges and immunities which cities are, or may be, permitted to provide in their charters by said Act 279 of the Public Acts of 1909 [MCL 117.1 et seq., MSA 5.2071 et seq.], as amended, as fully and completely as though these powers, privileges and immunities were specifically enumerated and provided for in this Charter; and in no case shall any enumeration of particular powers, privileges or immunities herein be held to be exclusive.

The result shall be determined by a majority vote of the electors voting thereon, except in cases where otherwise required by the Constitution or laws of the State of Michigan.

(e) *Limitation on Amendment or Repeal.* An ordinance adopted by the electorate through initiatory proceedings may not be amended or repealed except by initiatory or referendum proceeding[s] for a period of two (2) years.

(f) *Limitation on Adoption.* An ordinance containing the same provision as that rejected by the electorate through initiatory or referendum proceedings cannot be adopted for a period of two (2) years from the date of the election rejecting the provision.

The Board of Review shall convene in its first session on the Tuesday following the first Monday in March of each year, at such time of day and place as shall be designated by the Council, and shall remain in session for at least eight (8) hours for the purpose of reviewing and correcting the roll. If necessary, said Board, on its own motion or on sufficient cause being shown by any person, shall add to said roll the names of persons, the value of personal property, and the description and value of real property liable to assessment in said City, omitted from such assessment roll. They shall correct errors in the names of persons, in the descriptions of property upon such roll, and in the assessment and valuation of property thereon, and they shall cause to be done whatever else may be necessary to make said roll comply with the provisions of this Charter.

In each case in which the assessed value of any property is increased over the amount shown on the assessment roll prepared by the Assessor, when any property is added to such roll by the Board or when the Board has resolved to consider at its second session such increasing of an assessment or the adding of any property to such roll, the Assessor shall give notice thereof to the owners as shown by said roll, by first class letter mailed not later than the day following the end of the first session of the

Board; and shall file with the Board sworn certification to such effect. Such notice shall state the date, time, place and purpose of the second session of the Board. The failure to give any such notice, or of the owner to receive it, shall not invalidate any assessment roll or assessment thereon.

The Board of Review shall convene in its second session on the second Monday in March of each year, at such time of day and place as shall be designated by the Council, and shall continue in session until all interested persons have had an opportunity to be heard, but in no case for less than eight (8) hours. At the end of the second session, the Board may not increase any assessment or add any property to the rolls except in those cases in which the Board resolved at its first session to consider such increase or addition at its second session.

After the Board of Review has completed its review of the assessment roll, and not later than the first Monday in April, the majority of its members shall endorse thereon and sign a statement to the effect that the same is the assessment roll of the City for the year in which it has been prepared. The omission of such endorsement shall not effect the validity of such roll. The roll, as prepared by the City Assessor, shall stand as approved and adopted as the act of the Board of Review except when changed by a vote as herein provided.

State Law reference— Mandatory that Charter provide for levy, collection and return of state, county and school taxes, MCL 117.3(i), MSA 5.2073(i); completion of review of assessments prior to first Monday in April required, MCL 211.30a, MSA 7.30(1).

The Clerk shall also certify all amounts of current or delinquent special assessments and all other amounts which the Council requires to be assessed, reassessed or charged upon any property or against any person.

(Ref. of 11-5-13)

Section 9.12. - City tax roll.

After the Board of Review has completed its review of the assessment roll, the Assessor shall prepare a copy of the assessment roll, to be known as the "City Tax

Roll"; and upon receiving the certifications of the several amounts to be raised, as provided in Section 9.11, the Assessor shall spread upon said roll the several ad valorem taxes according to and in proportion to the several valuations set forth in said assessment roll. To avoid fractions in computation on any tax roll, the Assessor may add to the amounts prescribed by statute. Any excess created thereby on any tax roll shall belong to the City.

State Law reference— Avoidance of fractions, MCL 211.39, MSA 7.80.

After spreading the taxes, the Assessor shall certify the tax roll and the Mayor shall annex his or her warrant thereto directing and requiring the Treasurer to collect prior to March 1 of the following year, from the several persons named in said tax roll, the several sums mentioned therein opposite their respective names as a tax or assessment, and granting to the Assessor, for the purpose of collecting the taxes, assessments and charges on such roll, all statutory powers and immunities possessed by township treasurers for the collection of taxes. On or before the fourth Monday in May, the roll shall be delivered to the Treasurer for collection.

State Law reference— Collection of taxes, MCL 211.44 et seq., MSA 7.87 et seq.

Section 9.14. - Tax lien on property.

On July 1, the taxes thus assessed shall become a debt due to the City from the persons to whom they are assessed. The amounts assessed on any interest in real property shall become a lien upon such real property, for such amounts and for all interest and charges thereon, and all personal taxes shall become a first lien on all personal property of such persons so assessed. Such lien shall take precedence over all other claims, encumbrances and liens to the extent provided by statute and shall continue until such taxes, interest and charges are paid.

Section 9.15. - Taxes due; notification.

The Treasurer shall give notice to the taxpayers of the City, by publication at least once in a newspaper of general circulation in the City (which publication of notice shall be made at least ten (10) days prior to the first day of July in each year), of the time when said taxes will be due for collection or shall give such notice of the time when said taxes will be due for collection, by first class mail, addressed to the owners of the property upon which taxes are assessed, according to the names of such owners and their addresses as indicated on the tax roll. Such notice shall be deemed sufficient for the payment of all taxes on said tax roll. Failure on the part of the Treasurer to give said notice shall not invalidate the taxes on said tax roll nor release the person or property assessed from any penalty or interest provided for in this Chapter in case of nonpayment of the same.

Section 9.16. - Collection fees.

All taxes paid on or before August 31 of each year shall be collected by the Treasurer without collection fee. Property taxes shall become delinquent if they remain unpaid on September 1. On September 1, the Treasurer shall add to all taxes paid thereafter a collection fee of one percent (1%) of the amount of said taxes. On September 15, the Treasurer shall add to all taxes paid thereafter an additional collection fee of three percent (3%) of the amount of said taxes, not including the original collection fee. Such collection fee shall belong to the City and constitute a charge and shall be a lien against the property to which the taxes themselves apply, collectible in the same manner as the taxes to which they are added. The City may by ordinance, provide interest and penalties for delinquent City real and personal property taxes.

(Ref. of 11-4-14)

Section 9.17. - Failure or refusal to pay personal property tax.

If any person, firm or corporation shall neglect or refuse to pay any personal property tax assessed to them, by October 1, the Treasurer shall collect the same by seizing the personal property of such person, firm or corporation in an amount sufficient to pay such tax, fees and charges for subsequent sale whenever the same may be found in the State.

No property shall be exempt from such seizures. The Treasurer may sell the property seized to an amount sufficient to pay the taxes and all charges in accordance with statutory provisions. The Treasurer may, if otherwise unable to collect a tax on personal property, sue, in accordance with statute, the person, firm or corporation to whom it is assessed.

If the Treasurer has been unable to collect any of the City taxes on said roll on real property before the first day of March following the date when said roll was received by the Treasurer, it shall be the Treasurer's duty to return all such unpaid taxes on real property to the County Treasurer in the same manner and with like effect as returns by township treasurers of townships, school and county taxes. Such returns shall be made upon a delinquent tax roll to be prepared by the Treasurer and shall include all the additional charges and fees hereinbefore provided; which charges shall, in such return, be added to the amount assessed in said tax roll against each description. The taxes thus returned shall be collected in the same manner as other taxes returned to the County Treasurer under the provisions of the general laws of the State and shall be and remain a lien upon the lands against which they are assessed, until paid.

The City shall have power, insofar as the exercise thereof shall not conflict with or contravene the provisions of any general law of the State, to acquire by purchase any premises within the City at any tax or other public sale of by direct purchases from the State of Michigan or the fee owner when such purchase is necessary to protect the lien of the City for taxes or special assessments, or both, on said premises. The City may hold, lease or sell the same solely for the purpose of securing therefrom the amount of such taxes or special assessments, or both, together with any incidental expenses incurred in connection with the exercise of this power. Any such procedure exercised by the City in the protection of its tax lien shall be deemed to be for a public purpose.

Section 9.20. - Additional rights, duties, powers, immunities and procedures.

Except as otherwise provided by this Charter or ordinance, the rights, duties, powers, immunities and procedures established by State general law shall apply in the collection and enforcement of City property taxes.

Such bonds or other evidences of indebtedness may include, but not be limited to the following types:

(a) General obligation bonds which pledge the full faith, credit and resources of the City of the payment of such obligations, including bonds for the City's portion of public improvements;

(b) Notes issued in anticipation of the collection of taxes of the current fiscal year. The proceeds of such notes may be spent only in accordance with appropriations as provided by Sections 8.6 and 8.7 of this Charter;

(c) Emergency bonds, due in not more than three (3) years, which pledge the full faith, credit and resources of the City for the payment of such obligations, for the repairing or rebuilding of any of its municipal buildings, works, bridges or streets, or for an emergency fund for the relief of the inhabitants of the City in case of fire, flood, tornado, riot and disorder, or other public crisis or calamity;

Such mortgage bonds shall be sold to yield an amount not to exceed the limit permitted by law. A sinking fund shall be created in the event of issuance of such bonds by setting aside such percentage of the gross or net earnings of the public utility as may be deemed sufficient for such payment;

(f) Bonds issued at the rate of interest not to exceed the maximum rate permitted by law to refund money advanced or paid on special assessments;

(g) Bonds for the refunding of the funded indebtedness of the City;

Section 10.2. - Limits of borrowing powers.

The net bonded indebtedness incurred for all public purposes shall not at any time exceed ten percent (10%) of the assessed value of all the real and personal property in

the city subject to taxation as shown by the last preceding assessment roll of the City; provided that in computing such net bonded indebtedness there shall be excluded money borrowed under the following Sections:

(a) 10.1(b) Tax-anticipation notes;

(c) 10.1(e) Mortgage bonds;

and any other obligation excluded by statute or Constitution from such limitations. The resources of the sinking fund pledged for the retirement of any outstanding bonds shall also be deducted from the amount of the bonded indebtedness. The amount of emergency loans which the Council may make under the provision of Section 10.1(c) may not exceed one quarter of one percent (.25%) of the assessed value of all the real and personal property in the City (or such larger percentage as cities may by statute be permitted to provide for in their Charter); notwithstanding such loan may increase the indebtedness of the City beyond the limitation fixed in the preceding paragraph.

The total amount of such special assessment bonds issued under Section 10.1(d) which are a general obligation of the City shall at no time, by reason of future issues other than issues of refunding bonds, exceed the statutory limitations thereon, nor shall such bonds be issued in any calendar year in excess of the amount so permitted to be issued by statute unless authorized by a vote of the electors in the manner provided by statute.

(c) Refunding bonds;

(d) Bonds for relief from fire, flood, tornado, riot and disorder, public crisis or calamity or for payment of judgments;

(e) Revenue bonds; and

(f) Other bonds excluded by statute from the requirement for such vote.

Section 10.4. - Preparation and record of bonds.

Every bond issued by the City shall contain on its face a statement specifying the purpose for which the same is issued. It shall be unlawful for any officer of the City to sign or issue any such bond unless such statement is set forth on the face of the same or to use such bonds or the proceeds from the sale thereof for any purpose other than that mentioned on the face of such bond. Any officer who shall violate any of the provisions of this Section shall be deemed guilty of misconduct in office.

Bonds and all other evidence of indebtedness issued by the City shall be signed by the Mayor and the Clerk under the seal of the City. The coupons evidencing the interest upon said bonds may be executed with the facsimile signatures of the Mayor and the Clerk. A complete, detailed record of all bonds shall be kept by the Director of Finance. Upon payment of any bond or other evidence of indebtedness, the same shall be cancelled.

Section 11.1. - General power relative to special assessments.

The City Council shall, after public hearing, have power to determine and declare by resolution that the whole or any part of the expense of public improvement, repair or abatement of nuisance shall be defrayed by special assessments upon the property specially benefited.

(a) Those roads, maintained by the City, which have heretofore been designated as Basic Arterial Inter-County Thoroughfares on Plate II of Part V of the 1967 Master

Plan for the Village of Novi and adopted by the Village Council at a Special Meeting held September 25, 1967, shall be improved without specially assessing any costs thereof to the residential property adjacent thereto.

(b) Those paved roads which have been accepted and are maintained by the City, and have been reported to and approved by the Michigan Department of State Highways and Transportation for the purposes of Act 51 of the Public Acts of 1951 [MCL 247.651 et seq., MSA 9.1097(1) et seq.] as amended, shall be maintained, repaired and improved without specially assessing any costs thereof to the residential property adjacent thereto.

State Law reference— Permissible that Charter provide for assessing costs of public improvements, MCL 117.4d, MSA 5.2077.

Section 11.2. - Detailed procedure to be fixed by ordinance.

The complete special-assessment procedure to be used, including the preparing of plans and specifications, estimated costs, preparation, hearings, requirements for mailing and publishing of notices of hearing and correction of the special assessment roll, collection of special assessments, assessment of single lots or parcels and any other matters concerning the making of improvements, repairs or abatement of nuisance by the special assessment method, shall be provided by ordinance. The ordinance shall authorize additional assessments if the prior assessment proves insufficient to pay for the improvement in whole or in part or is determined to be invalid and shall also provide for the refund of excessive assessments. If the excess is less than five percent (5%) of the total cost, it may be placed in the general fund of the City.

Section 11.3. - Lien for special assessments.

From the date of confirmation of any roll levying any special assessment, the City shall possess a lien on the premises subject thereto, for the full amount of the unpaid special assessment and the interest on all unpaid installments thereof; and such amount shall also be a debt of the person to whom assessed until paid and, in case of delinquency, may be enforced as delinquent City property taxes or by a suit against such person.

Section 11.4. - Contested assessments.

No action of any kind shall be instituted for the purpose of contesting or enjoining the collection of any special assessment, unless (a) within thirty (30) days after the confirmation of the special assessment roll, written notice is given to the City Council indicating an intention to file such action and stating the grounds on which it is claimed such assessment is illegal; and unless (b) such action shall be commenced within sixty (60) days after the confirmation of the roll. If the City Attorney submits a written opinion finding said roll illegal, in whole or in part, the City Council shall revoke its confirmation, correct the illegality, if possible, and reconfirm the same. Property which is not involved in the illegality shall not be assessed more than was imposed upon the original confirmation without further notice and hearing thereon.

CHAPTER 12. - PURCHASES, SALES, CONTRACTS AND LEASES

Section 12.1. - Purchase and sale of property.

Comparative prices shall be obtained for the purchase or sale of all materials, supplies, services and public improvements, and formal bids shall be required as outlined below, except: (a) in the employment of professional services; or (b) in those instances when the Director of Finance (or the Council as hereinafter provided) shall determine that no advantage to the City would result therefrom.

The City Council shall establish by Ordinance those sales or purchases which must be approved by the City Council, and those sales or purchases which shall require the solicitation of sealed bids. No sale or purchase shall be divided for the purpose of circumventing the dollar-value limitation contained in such ordinance. The Council may authorize the making of public improvements or the performance of any other City work by any City department or agency without competitive bidding.

Purchases shall be made from the lowest competent bidder who meets the specifications and whose bid is most advantageous to the City. Sales shall be made to the bidder whose bid is most advantageous to the City. All such bids shall be publicly opened at an announced time and place, and contract shall be awarded at a regular or special City Council meeting.

The Council shall, by ordinance or resolution, establish detailed purchasing, sale and contract procedures, including procedures for written contracts and purchase orders, not inconsistent with this Charter.

(Res. of 6-5-89, Ref. of 11-7-89)

Section 12.2. - Contracts.

The authority to contract on behalf of the City vested in the Council and shall be exercised in accordance with the provisions of statute and of this Charter. No contract for employment or an agreement for the purchase of wares or merchandise or services shall be made unless the Director of Finance shall first have certified that an appropriation has been made for payment thereof when due. All orders and contracts which have not been approved by the Director of Finance as aforesaid shall be void. In the case of a contract obligating the City to periodic payments in future fiscal years for the furnishing of a continuing service or the leasing of property, such certification shall cover those payments on the contract which will be due in the current fiscal year.

No contract shall be amended after the same has been made except upon the authority of the Council.

No compensation shall be paid to any contractor or vendor except in accordance with the terms of the contract.

State Law reference— Restriction on making contracts with persons in default to city, MCL 117.5(f), MSA 5.2084(f).

Section 12.3. - Restriction on powers to lease property.

Any agreement or contract for the renting or leasing of public property for a period longer than three (3) years shall be subject to the same referendum procedure as provided in the case of ordinances passed by the Council. However, a summary of the terms of any such agreement or contract shall be published within ten (10) days after its approval by the Council, and any petition for such referendum must be filed within thirty (30) days after such publication to be effective.

The transfer or assignment of any agreement or contract for the renting or leasing of public property may be made only upon approval of the Council, but approval of such transfer shall not be subject to referendum.

State Law reference— Permissible that Charter provide for leasing public property, MCL 117.4e(3), MSA 5.2078(3).

CHAPTER 13. - MUNICIPALITY-OWNED UTILITIES[8]

Footnotes:

--- (**8**) ---

State Law reference— Mandates relative to public utilities, Mich. Const. 1963, Art. VII, §§ 24, 25; permissible that Charter provide for operation of utilities, MCL 117.4c, 117.4f, MSA 5.2076, 5.2079.

Section 13.1. - General powers respecting utilities.

The City shall possess and hereby reserves to itself all the powers granted to cities by statute and constitution to acquire, construct, own, operate, improve, enlarge, extend, repair and maintain, either within or without its corporate limits, including but not by way of limitation, public utilities for supplying water, light, heat, power, gas, sewage treatment and garbage-disposal facilities, or any of them, to the municipality and the inhabitants thereof. It may also sell and deliver water, light, heat, power, gas and other public-utility services outside its corporate limits to an amount not to exceed the limitation set by statute and constitution.

Section 13.2. - Management of municipality-owned utilities.

All municipality-owned utilities shall be administered as a regular department of the City government under one or more departments established by ordinance as provided in this Charter and not by an independent board or commission.

Section 13.3. - Rates.

The Council shall have the power to fix from time to time such just and reasonable rates as may be deemed advisable for supplying inhabitants of the City and others with such public-utility services as the City may provide. There shall be no discrimination in

such rates within any classification of users thereof nor shall free service be permitted, but higher rates may be charged for services outside the City limits.

Section 13.4. - Utility rates and charges; collection.

The Council shall provide by ordinance for the collection of all public-utility rates and charges of the City. Such ordinance shall provide, but not be limited to:

(a) That the City shall have, when permitted by statute, as security for the collection of such utility rates and charges, a lien upon the real property supplied by such utility; which lien shall become effective immediately upon the supplying of such utility service and shall be enforced in the manner provided in such ordinance;

(b) The terms and conditions under which utility services may be discontinued in case of delinquency in paying such rates or charges; and

(c) That suit may be instituted by the City in any court of competent jurisdiction for the collection of such rates or charges.

With respect to the collection of rates charged for water, the City shall have all the powers granted to cities by Public Act 279 of 1909, of the Public Acts of the State of Michigan [MCL 117.1 et seq., MSA 5.2071 et seq.].

Section 13.5. - Disposal of utility plants and property.

Unless approved by a two-thirds (2/3) majority vote of the electors voting thereon at a regular or special election, the City shall not sell, exchange, lease or in any way dispose of any property, easements, equipment, privilege or asset belonging to and appertaining to any municipality-owned public utility which is needed to continue operating such utility. All contracts, negotiations, licenses, grants, leases or other forms of transfer in violation of this Section shall be void and of no effect as against the City. The restrictions of this Sec tion shall not apply to the sale or exchange of any articles of machinery or equipment of any City-owned public utility which are worn out or useless or which have been, or could with advantage to the service, be replaced by new and improved machinery or equipment, to the leasing of property not necessary for the operation of the utility or to the exchange of property or easements for other needed property or easements.

Section 13.6. - Utility accounts.

Transactions pertaining to the ownership and operation by the City of each public utility shall be recorded in a separate group of accounts under an appropriate fund caption. Such accounts shall be classified in accordance with generally accepted utility-accounting practice. Charges for all service furnished to or rendered by other City departments or agencies shall be recorded. An annual report shall be prepared to show fairly the financial position of the utility and the results of its operations. Such report shall be available for inspection at the office of the Clerk.

CHAPTER 14. - PUBLIC UTILITY FRANCHISES

Section 14.1. - Granting of public utility franchises.

Public utility franchises, and all renewals, extensions thereof and amendments thereto, shall be granted by ordinance only. No exclusive franchise shall ever be granted for a longer period than thirty (30) years.

Each franchise shall include a provision requiring the franchise to take effect within one year after the adoption of the ordinance granting it, except in the case of grants to take effect at the end of any franchise existing as of the date of the adoption of this Charter or that may hereafter be granted.

No franchise ordinance which is not subject to revocation at the will of Council shall be enacted nor become operative until the same shall have first been referred to the people at a regular or special election and received the affirmative vote of three-fifths (3/5) of the electors voting thereon. No such franchise ordinance shall be approved by the Council for referral to the electorate before thirty (30) days after application therefor has been filed with the Council, nor until a public hearing has been held thereon, nor until the grantee named therein has filed with the Clerk an unconditional acceptance of all terms of such franchise. No special election for such purposes shall be ordered unless the expense of holding such election, as determined by the Council, shall have first been paid to the Treasurer by the grantee.

A franchise ordinance, or renewal, or extension thereof, or amendment thereto, which is subject to revocation at the will of the Council may be enacted by the Council without referral to the electors but shall not be enacted unless it shall have been so on file in the office of the Clerk for public inspection for at least four (4) weeks after publication of a notice in a newspaper of general circulation in the City that such ordinance is so on file.

(Ref. of 11-5-13)

State Law reference— Franchises limited to thirty (30) years, Mich. Const. 1963, Art. VII, § 30; submitted to electors required if irrevocable, Mich. Const. 1963, Art. VII, § 25; expenses of special election to be paid by grantee, MCL 117.5(i), MSA 5.2084(i).

Section 14.2. - Conditions of public utility franchise.

All public utility franchises granted after the adoption of this Charter, whether so provided in the granting ordinance or not, shall be subject to the following rights of the City, but this enumeration shall not be exclusive nor impair the right of the Council to insert in such franchise any provision within the power of the City to impose or require:

(a) To repeal the same for misuse, nonuse or failure to comply with the provisions thereof;

(b) To require proper and adequate extension of plant, service or maintenance thereof at the highest practicable standard of efficiency;

(c) To establish reasonable standards of service and quality of products and prevent unjust discrimination in services or rates;

(d) To require continuous and uninterrupted service to the public in accordance with the terms of the franchise throughout the entire period thereof;

(e) To use, control and regulate the use of its streets, alleys, bridges and other public places and the space above and beneath them;

(f) To require of any utility which may not be subject to regulation by any administrative agency of the State, proper and adequate extension of plant, service and maintenance thereof, at the highest practicable standard of efficiency. The facilities and service of any utility subject to the jurisdiction and control of any regulation by the Michigan Public Service Commission shall be in accordance with the rules and regulations of the Michigan Public Service Commission or its successor;

(g) After written request of the Council, to require the public utility to file with the Clerk copies of any annual report made that year by such utility to the Michigan Public Service Commission;

(h) To impose such other regulations as may be determined by the Council to be conductive to the safety, welfare and accommodation of the public.

Section 14.3. - Regulation of rates.

All public utility franchises shall make provision therein for fixing rates, fares and charges and may provide for readjustments thereof at periodic intervals. The value of the property of the utility used as a basis for fixing such rates, fares and charges shall in no event include a value predicated upon the franchise, goodwill or prospective profits.

Section 14.4. - Uses of public places by utilities.

Every public utility, whether it has a franchise or not, shall pay such part of the cost of improvement or maintenance of streets, alleys, bridges and other public places, as shall arise from its use thereof, and shall protect and save the City harmless from all damages arising from said use. Every such public utility may be required by the City to permit joint use of its property and appurtenances located in the streets, alleys and other public places of the City by the City and by other utilities, insofar as such joint use may be reasonably practicable and upon payment of reasonable rental therefor. In the absence of agreement and upon application by any public utility, the Council shall provide for arbitration of the terms and conditions of such joint use and the compensation to be paid therefor, and the arbitration award shall be final.

The Council may grant a permit at any time in or upon any street, alley, or public place; provided such permit shall be revocable by the Council at its pleasure, whether such right to revoke be expressly reserved in said permit or not; and provided that when such permit is granted for water mains, sewers or drains, it may be made irrevocable unless the grantee be a private person, firm or corporation.

State Law reference— Permissible that Charter provide for use of public places by public utilities, MCL 117.4h(2), MSA 5.2081(2).

Section 14.5. - Sale or assignment of franchise.

The grantee of a franchise may not sell, assign, sublet, or allow another to use the same unless the Council gives its consent. Nothing in this Section shall limit the right of the grantee of any public utility franchise to mortgage its property or franchise nor restrict the rights of the purchaser, upon foreclosure sale, to operate the same; except that such mortgages or purchaser shall be subject to the terms of the franchise and provisions of this Chapter.

CHAPTER 15. - MISCELLANEOUS

e. *Installment payment of connection charges* . In those cases when a new commercial, industrial or office development is determined to require more than one tap unit factor the owner may elect to pay one-fifth of the sewer connection charges, debt service charges, lateral availability fees and availability connection charges (with the exception of those charges imposed to recoup the cost of infrastructure built pursuant to a special assessment district, or otherwise financed by private landowners, to whom the city is returning any portion of such charges) prior to the issuance of a building permit and the remaining four-fifths of such charges and fees in sixteen (16) quarterly installments plus interest at eight (8) percent. For purposes of this section, an owner demonstrates a financial hardship by demonstrating a maximum household income at or below the Oakland County Income Limits for Community Development Block Grant (CDBG) Income Eligibility—Low Income Category, as the same may be revised from time to time.

g. *Subsequent changes in use* . Once a property has been connected to the system subsequent changes in the character of the use of said property (including partial or total destruction, removal or abandonment of any or all improvements thereon) shall not abate the obligation to continue the payments of the charges and fees assigned at the time of connection; and if subsequent changes in the use of the property increase the amount of sewage emanating from the property, the city may increase the charges and fees assigned to the property and the charges and fees computed on the basis of the increased use shall be payable in the same manner as such charges and fees are payable in the first instance.

h. *Prepayment of installment agreement* . At any time during the installment period, the balance of said connection fee may be prepaid by paying the balance then due, together with all accumulated interest thereon.

i. *No abatement of payment* . Once connected to the system, partial or total destruction, removal or abandonment of any or all structures or improvements located on property subject to the sewer connection fee shall not abate the obligation to pay the fee in total.

(b) The rates and charges established pursuant to subsection (a) shall be based upon a methodology which complies with applicable federal and state statutes and regulations. The amount of the rates and charges shall be sufficient to provide for debt service and for the expenses of operation, maintenance and replacement of the system as necessary to preserve the same in good repair and working order. The amount of the rates and charges shall be reviewed annually and revised when necessary to ensure system expenses are met and that all users pay their proportionate share of operation, maintenance and equipment replacement expenses.

(c) The rates and charges for operation, maintenance and replacement hereby established shall be uniform within the area serviced by the City of Novi. No free service shall be allowed for any user of the sanitary sewer system.

(d) All customers of the City of Novi sanitary sewer system shall receive an annual notification, either printed on the bill or enclosed in a separate letter, which will show the breakdown of the sanitary sewer bill into its components for:

(1) Operation, maintenance and replacement; and

(2) Debt service, if any.

INTRODUCTION

This version of the Uniform Chart of Accounts is a full revision of the entire chart of accounts. All previous versions are now obsolete and should be destroyed.

The Uniform Chart of Accounts for Local Units of Government (Counties, Cities, Villages and Townships; and Authorities and Commissions established by counties, cities, villages and townships) has been developed by the Local Government Fiscal Accountability Division of the Michigan Department of Treasury with the assistance of the Michigan Committee on Governmental Accounting and Auditing.

All local units of government in Michigan must use the Uniform Chart of Accounts. However, some governments may choose to implement a chart of accounts that is more complex than this chart (use of additional digits, etc.). This is acceptable as long as the chart used is consistent with this Chart of Accounts.

The Local Government Fiscal Accountability Division is responsible for general oversight of the financial administration and related audits of local units of government. The Division issues guidance to assist local units in implementing new legislation that affects the accounting and auditing responsibilities of the units and provides instruction on the appropriate methods and procedures to be used when filing statutorily mandated financial reports. These responsibilities are established primarily by the Uniform Budgeting and Accounting Act, 1968 Public Act (PA) 2 and 1919 PA 71.

1968 PA 2, Michigan Compiled Laws (MCL) 141.421 states:

> (1) The state treasurer shall prescribe uniform charts of accounts for all local units of similar size, function, or service designed to fulfill the requirements of good accounting practices relating to general government. Such chart of accounts shall conform as nearly as practicable to the uniform standards as set forth by the governmental accounting standards board or by a successor organization that establishes national generally accepted accounting standards and is determined acceptable to the state treasurer. The official who by law or charter is charged with the responsibility for the financial affairs of the local unit shall insure that the local unit accounts are maintained and kept in accordance with the chart of accounts. The state treasurer may also publish standard operating procedures and forms for the guidance of local units in establishing and maintaining uniform accounting.

To access the full text of any Michigan Public Act or MCL section, go to the Michigan Legislature Web site at http://www.legislature.mi.gov.

The Uniform Chart of Accounts provides a systematic arrangement and means for the uniform accumulation, recording, and reporting of financial information and transactions for all local units of government in Michigan. This system follows Generally Accepted Accounting Principles (GAAP) and Michigan law. If used consistently and properly, it will facilitate the preparation of prescribed reports and will assure responsible local officials and the general public that similar transactions are recorded in the same manner, not only within a local unit but also among local units.

INTRODUCTION

The Uniform Chart of Accounts is presented as a "Table of Funds, Activities, and Account Numbers and Names" beginning on Page 24. The table provides funds, activities, account numbers, and the designated descriptive name to be used for all FUNDS, ACTIVITIES, BALANCE SHEET ACCOUNTS, REVENUE ACCOUNTS, and EXPENDITURE/EXPENSE ACCOUNTS.

The Uniform Chart of Accounts is designed to serve basic legislative, budgetary, and accounting objectives. In addition, it provides a means for local units to meet additional legal requirements of the unit for budgeting and uniform accounting and reporting, regardless of the size of the unit.

BUDGETS AND THE UNIFORM CHART OF ACCOUNTS

1968 PA 2 established budgeting requirements and prohibits deficit spending by local units of government in Michigan. Further, legislation concerning the requirement of local units to adopt a budget resulted in the enactment of 1978 PA 621, an amendment to 1968 PA 2.

The Budget Act requires all local units of government in Michigan to adopt balanced budgets, to establish responsibilities and define the procedure for the preparation, adoption and maintenance of the budget, and to require certain information for the budget process.

Proper accounting and auditing in accordance with the Uniform Chart of Accounts greatly enhances the ability of the local unit to prepare and approve a budget that accurately reflects the financial condition of the unit to ensure that services are provided within available means.

For specific legal requirements pertaining to budgets, please refer to the Uniform Budget Manual for Local Units of Government. This manual is available on Treasury's Web site at http://www.michigan.gov/treasury under Local Government/Accounting Information.

FINANCIAL REPORTING AND THE UNIFORM CHART OF ACCOUNTS

In addition to budget requirements, local governments are required to prepare annual (biennial for certain local units) financial statements in accordance with Generally Accepted Accounting Principles and obtain an audit of these financial statements. Local units of government will find that adhering to the Uniform Chart of Accounts will facilitate the preparation and audit of the required financial statements.

The Governmental Accounting Standards Board (GASB) (http://www.gasb.org) is the primary standard-setting body for acceptable accounting principles for state and local government entities.

The American Institute of Certified Public Accountants (AICPA) (http://www.aicpa.org) has formally recognized the GASB in this capacity and established a hierarchy for applying other sources of guidance. Local governments must follow the GASB standards and consider the applicability of the other accounting guidance to receive an unqualified opinion on the audited financial statements. Detailed information concerning basic financial records, documents, and procedures applicable to all local units of government in Michigan may be found in the "Accounting Procedures Manual for Local Units of Government in Michigan" on the Treasury

INTRODUCTION

Web site at http://www.michigan.gov/treasury under Local Government/Accounting Information. The manual was developed under the authority of 1968 PA 2 and 1919 PA 71.

CREATING AN ACCOUNT NUMBER

The Uniform Chart of Accounts contains numbers that are **MANDATORY, OPTIONAL,** and **OPEN.**

Account numbers are structured to reflect the **FUND, ACTIVITY, ASSET, DEFERRED OUTFLOWS OF RESOURCES, LIABILITY, DEFERRED INFLOWS OF RESOURCES, EQUITY, REVENUE, or EXPENDITURE/EXPENSE ACCOUNT** that they represent.

MANDATORY numbers must be used if the local unit has such a fund, activity, asset, deferred outflow, liability, deferred inflow, equity, revenue, or expenditure/expense account.

OPTIONAL numbers are not required to be used unless the local unit's accounting system requires more detailed classification of the fund, activity, asset, deferred outflows, liability, deferred inflows, equity, revenue, or expenditure/expense account. In that case, the OPTIONAL numbers designated in this Uniform Chart of Accounts must be used.

OPEN numbers are similar to OPTIONAL numbers in that they are not required to be used. However, if a local unit's accounting system requires detailed classification, and the Uniform Chart of Accounts does not contain an OPTIONAL (designated) number that is suitable, an OPEN number may be used. The local unit may select an OPEN number within the major category heading of the fund, activity, asset, deferred outflows, liability, deferred inflows, equity, revenue, or expenditure/expense account and assign a name and description to meet its needs.

FUNDS

A fund is an independent accounting entity with a self-balancing set of accounts, created for the purpose of carrying on specific activities or attaining certain objectives in accordance with special regulations, restrictions or limitations. It has accounts for assets, deferred outflows, liabilities, deferred inflows, reserves, equities, revenue, and expenditures/expenses.

Full descriptions of each fund, including its purpose, features, statutory authorization, and an explanation of its operation and use are included in this manual. This information is extremely useful for determining the appropriate fund to use for accounting purposes.

CREATING AN ACCOUNT NUMBER

There are three fund types and several categories of funds:

FUND TYPES AND CATEGORIES		
Governmental Fund Types	**Proprietary Fund Types**	**Fiduciary Fund Types**
▪ General Fund ▪ Permanent Funds ▪ Special Revenue Funds ▪ Debt Service Funds ▪ Capital Projects Funds	▪ Enterprise Funds ▪ Internal Service Funds	▪ Agency Funds ▪ Pension (and other employee benefit) Trust Funds ▪ Investment Trust Funds ▪ Private Purpose Trust Funds

ACTIVITIES

An activity is an office or department to which specific expenditures/expenses are to be allocated. Do not confuse this with the Statement of Activities which is similar to the income statement.

The purpose of aggregating costs by activities is to better understand the cost of providing the various functions of government. The intent is to assign costs to the function or activity that benefits from those costs - not to the individuals who control them. For instance, consider the cost of health care for police officers. The benefit package may have been chosen by the governing body, but since this represents part of the costs of providing police services, these costs should be assigned to the police activity or function (not to the governing body that made the decision to incur those costs).

In general, all costs should be assigned to the functions or activities that benefit from the costs. However, in order to be cost-beneficial, it is acceptable to allocate small dollar costs to a general government function. An example would be a telephone bill that is not separated by individual departments might be assigned to the building and grounds activity.

A group of related activities intended to accomplish a major service or regulatory program is a function.

The activities listed in this manual are grouped into eleven functions and are listed in function order. The use of control activity numbers is OPTIONAL. They can be used if a local unit wants the ability to monitor expenditures/expenses by function.

FUND DESCRIPTIONS - ENTERPRISE FUND TYPE

PROPRIETARY FUND CATEGORY

Proprietary fund reporting focuses on the determination of operating income, changes in net position, and cash flows. The Proprietary Fund Category includes enterprise and internal service funds (GASB Statement 34, Paragraph 66).

ENTERPRISE FUND TYPE

Enterprise funds may be used to report any activity for which a fee is charged to external users for goods or services. Governments should apply each of these criteria in the context of the activity's principal revenue source. Activities are required to be reported as enterprise funds if any one of the following criteria is met:

a. The activity is financed by debt that is secured solely by a pledge of the net revenues from fees and charges of the activity. Debt that is secured by a pledge of net revenues from fees and charges and the full faith and credit of a related primary government or component unit--even if that government is not expected to make any payments--is not payable solely from fees and charges of the activity (Some debt may be secured, in part, by a portion of its own proceeds but should be considered as payable "solely" from the revenues of the activity).

b. Laws or regulations require that the activity's costs of providing services, including capital costs (such as depreciation or debt service), be recovered with fees and charges, rather than with taxes or similar revenues.

c. The pricing policies of the activity establish fees and charges designed to recover its costs, including capital costs (such as depreciation or debt service).
(GASB Statement 34, Paragraph 67)

The cash and investments of enterprise funds are subject to the requirements of 1943 PA 20, MCL 129.91, and may be included in a pooled cash and investment account.

All claims (expenses) must be approved by the governing body of the local unit of government pursuant to statutory requirements as follows: Cities--1895 PA 215, MCL 87.7, MCL 88.20; Villages--1895 PA 3, MCL 65.7; Townships--Revised Statutes of 1846, MCL 41.75; Counties--1851 PA 156, MCL 46.11(g); 1909 PA 58, MCL 46.71; 1943 PA 182, MCL 46.53; and 1923 PA 301, MCL 46.63.

501 to 504--OPEN

Money that accumulates as unrestricted net position of this fund may be transferred to another fund if authorized by the governing body.

The cash and investments of the Sewer Fund are subject to the requirements of 1943 PA 20, MCL 129.91, and may be included in a pooled cash and investment unless restricted by the bond ordinance or authorizing resolution.

All claims (expenses) must be approved by the governing body of the local unit of government pursuant to statutory requirements as follows: Cities--1895 PA 215, MCL 87.7, MCL 88.20; Villages--1895 PA 3, MCL 65.7; Townships--Revised Statutes of 1846, MCL 41.75; Counties--1851 PA 156, MCL 46.11(g); 1909 PA 58, MCL 46.71; 1943 PA 182, MCL 46.53; and 1923 PA 301, MCL 46.63.

591--WATER FUND

This fund can be found in any local unit. It is used to record the revenues and expenses for the operation of a water system. Capital assets and depreciation are recorded within this fund.

The fund is established by a resolution of the local unit's governing body or by a vote of the people and subsequent resolution of the local unit's governing body. The accounting procedures for the issuance of revenue bonds are prescribed by the Revenue Bond Act of 1933.

Money that accumulates as unrestricted net position of this fund may be transferred to another fund if authorized by the governing body.

The cash and investments of the Water Fund are subject to the requirements of 1943 PA 20, MCL 129.91, and may be included in a pooled cash and investment account unless restricted by the bond ordinance or authorizing resolution.

All claims (expenses) must be approved by the governing body of the local unit of government pursuant to statutory requirements as follows: Cities--1895 PA 215, MCL 87.7, MCL 88.20; Villages--1895 PA 3, MCL 65.7; Townships--Revised Statutes of 1846, MCL 41.75; Counties--1851 PA 156, MCL 46.11(g); 1909 PA 58, MCL 46.71; 1943 PA 182, MCL 46.53; and 1923 PA 301, MCL 46.63.

592--WATER AND SEWER FUND

This fund can be found in any local unit. It is used to record the revenues and expenses for the operation of a combined water and sewer system. Capital assets and depreciation are recorded within this fund.

The fund is established by a resolution of the local unit's governing body or by a vote of the people and subsequent resolution of the local unit's governing body. The accounting procedures for the issuance of revenue bonds are prescribed by the Revenue Bond Act of 1933.

Money that accumulates as unrestricted net position of this fund may be transferred to another fund if authorized by the governing body.

The cash and investments of the Water and Sewer Fund are subject to the requirements of 1943 PA 20, MCL 129.91, and may be included in a pooled cash and investment account unless restricted by the bond ordinance or authorizing resolution.

All claims (expenses) must be approved by the governing body of the local unit of government pursuant to statutory requirements as follows: Cities--1895 PA 215, MCL 87.7, MCL 88.20; Villages--1895 PA 3, MCL 65.7; Townships--Revised Statutes of 1846, MCL 41.75; Counties--1851 PA 156, MCL 46.11(g); 1909 PA 58, MCL 46.71; 1943 PA 182, MCL 46.53; and 1923 PA 301, MCL 46.63.

593--CIVIC AUDITORIUM FUND

This fund is used to record the operations of the civic auditorium. It is a self-supporting fund which does business with individuals and firms outside the local unit departments and is, therefore, classified as an Enterprise Fund.

This fund is usually found in city government. It is used to record the revenues and expenses for the operation of a civic auditorium. Capital assets and depreciation are recorded within this fund.

The establishment and authorization of this operation is accomplished by a resolution of the legislative body or by a special vote of the people. Bond proceeds and the bond retirement are also accounted for in this fund if some of the capital assets of this fund are purchased from the sale of revenue bonds. The accounting for the issuance of revenue bonds is provided for by the Revenue Bond Act of 1933.

Money which accumulates in the unrestricted net position account may be transferred to another fund of the local unit if provided for by the legislative body and allowed by the revenue bond ordinance.

Money for the operation of the fund is supplied by a loan or appropriation from the General Fund, bond proceeds from the sale of bonds (used for capital assets), and rent received for the use of the facilities.

594--MARINA FUND

This fund is used to record the operations of a local unit owned marina. It is a self-supporting fund which does business with individuals and firms outside the local unit departments and is, therefore, classified as an Enterprise Fund.

This fund is usually found in city government. It is used to record the revenues and expenses for the operation of a marina. Capital assets and depreciation are recorded within this fund.

WILLIAM NOFAR, individually and as representative of a class of similarly situated persons and entities,

Plaintiff,

v-

Case Number: **2020-183155-CZ**
Honorable Nanci J. Grant

CITY OF NOVI, MICHIGAN, a municipal corporation,

Defendant,

_____/

ORDER AND OPINION

At a session of said Court, held in the Courthouse in the City of Pontiac, County of Oakland, State of Michigan on the 1st day of October, 2021,

PRESENT: HONORABLE NANCI J. GRANT, CIRCUIT JUDGE

This matter is before the Court on Defendant City of Novi's Motion for Reconsideration of this Court's July 21, 2021, Order granting Plaintiff's Motion for class certification. To be successful on a motion for reconsideration, a party must demonstrate palpable error. MCR 2.119(F)(3) provides as follows:

> [A] motion for rehearing or reconsideration which merely presents the same issues ruled on by the court, either expressly or by reasonable implication, will not be granted. The moving party must demonstrate a palpable error by which the court and the parties have been misled and show that a different disposition of the motion must result from correction of the error.

MCR 2.119(F)(3) provides that a motion for reconsideration "which merely presents the same issues ruled on by the court" will not be granted.

Here, Defendant argues that the Court failed to consider three recent Michigan Supreme Court decisions denying leave to appeal from decisions of the Court of Appeals in *Youmans v Charter Township of Bloomfield*, 961 NW2d 169 (July 6, 2021) denying leave to appeal from *Youmans v Charter Township of Bloomfield*, ____ Mich App ____, January 7, 2021 (Docket No. 348614); *Deerhurst Condominium Owners Association v City of Westland*, 961 NW2d 159 (July 6, 2021) denying leave to appeal from *Deerhurst Condominium Owners Ass'n, Inc v City of Westland*, Unpublished Per Curiam Opinion of the Court of Appeals, January 29, 2019 (Docket No. 339143); and *Bohn v City of Taylor*, 961 NW2d 187 (July 6, 2021), denying leave to appeal from *Bohn v City of Taylor*, Unpublished Per Curiam Opinion of the Court of Appeals, January 29, 2019 (Docket No. 339306). The Defendant argues that the holdings in these three cases render the Court's July 21, 2021, decision erroneous. The Court disagrees.

The Court reviewed the above-cited cases and finds that the cases do not discuss whether the respective trial courts erred in certifying a class action in a municipal rate case such as the one at bar. Rather, the cases provide legal analysis as to the **substance** of the claims that are now presented in this case. Michigan caselaw is clear that the "court should avoid making determinations on the merits of the underlying claims at the class certification stage of the proceedings." *Henry v Dow Chemical Co*, 484 Mich 483, 488 (2009). Specifically, "a court may not deny class certification on the ground that plaintiffs are unlikely to prevail on the merits of their underlying claims." *Id*. at 498.

The Court finds that it is inappropriate for it to rule on the substance of this case at this juncture. The Court notes that the holdings in *Youmans*, *Deerhurst*, and *Bohn*, supra, are more appropriately briefed in a dispositive motion rather than in a motion for reconsideration of an order certifying a class. The Court finds no palpable error.

Defendant's Motion is denied.

IT IS SO ORDERED.

_____/

By order of July 28, 2020, the application for leave to appeal the December 3, 2019 judgment of the Court of Appeals was held in abeyance pending the decision in *Detroit Alliance Against the Rain Tax v Detroit* (Docket No. 158852). On order of the Court, the case having been decided on December 11, 2020, 506 Mich 996 (2020), the application is again considered and, pursuant to MCR 7.305(H)(1), in lieu of granting leave to appeal, we VACATE the judgment of the Court of Appeals and we REMAND this case to that court for further consideration.

The Court of Appeals erred by holding that defendant's impermeable-acreage charge is not a tax authorized before the adoption of the Headlee Amendment, Const 1963, art 9, § 6 and §§ 25 to 34, because "MCL 280.539(4) authorizes various types of *charges*; it does not authorize a *tax*." *Gottesman v Harper Woods*, unpublished per curiam opinion of the Court of Appeals, issued December 3, 2019 (Docket No. 344568), p 11. Assuming that the Court of Appeals was correct that the impermeable-acreage charge is a disguised tax under Headlee, see *Bolt v Lansing*, 459 Mich 152 (1998), the dispositive inquiry under Const 1963, art 9, § 31 is whether MCL 280.539(4) permitted the levying of the impermeable-acreage charge before the ratification of the Headlee Amendment, not whether the statute purports to authorize a "tax" or a "charge."

In addition, the Court of Appeals erred by holding that plaintiff's equitable claims could afford additional relief because "plaintiff would be entitled to recover for several more years under [his equitable claims] than under [the Headlee Amendment.]" *Gottesman*, unpub op at 14. As this Court has recognized, "statutes of limitations may apply by analogy to equitable claims." *Taxpayers Allied for Constitutional Taxation v*

Wayne Co, 450 Mich 119, 127 n 9 (1995) *(TACT)*. Thus, the fact that the six-year limitations period for plaintiff's equitable claims, MCL 600.5813, exceeds the one-year limitations period for the Headlee Amendment claim, MCL 600.308a(3), does not necessarily mean that the equitable claims may proceed.

In light of these errors, we REMAND to the Court of Appeals to consider: (1) whether the appellant's impermeable-acreage charges were "service charges" under 1970 CL 280.539, so that they were authorized prior to the ratification of the Headlee Amendment, see Const 1963, art 9, § 31, see *American Axle & Mfg, Inc v Hamtramck*, 461 Mich 352, 357 (2000); and (2) if not, whether plaintiff may seek equitable remedies for the alleged violation of MCL 141.91 beyond the one-year limitations period governing the Headlee Amendment claim, see *TACT*, 450 Mich at 127 n 9. Because the first issue was not previously addressed by the trial court, the Court of Appeals may, in its discretion, remand to the trial court to resolve this issue in the first instance. See *Hines v Volkswagen of America, Inc*, 265 Mich App 432, 443-444 (2005) (holding that an appellate court has the discretion to address "an issue raised before, but not decided by, the trial court" if "the lower court record provides the necessary facts").

We do not retain jurisdiction.

Per Curiam.

***1** Defendant appeals by leave granted[1] the trial court's order granting partial summary disposition in favor of plaintiff, and denying defendant's motion for partial summary disposition with respect to Count I of plaintiff's class action complaint, which alleged that defendant's storm water service charge (the Storm Water Charge or Charge) violates the Headlee Amendment, Const 1963, art. 9, § 31. Plaintiff cross-appeals the trial court's later order denying his motion for partial summary disposition and granting defendant's motion for partial summary disposition on Counts II and III of the complaint, which alleged assumpsit and unjust enrichment based on defendant's alleged violation of MCL 141.91.[2] We affirm in part, reverse in part, and remand for further proceedings.

I. FACTS AND PROCEEDINGS

This case arises from plaintiff's challenge to the Storm Water Charge imposed by defendant on its property owners. Defendant's storm water and sanitary sewers are connected to the Northeast Sewage Disposal System (NESDS), a complex combined sewer system that serves several municipalities. Before reaching the NESDS, the flow from defendant's storm water sewers merges with combined storm water and waste water flow from other cities and then passes through the Milk River Intercounty Drain, also known as the Milk River System. When the level of flow is elevated, excess flow can be temporarily stored in a combined sewer overflow retention treatment basin within the Milk River System. If the retention basin reaches its capacity, the excess combined flow is treated and then discharged into public waters.

In 2014, the Michigan Department of Environmental Quality (MDEQ) called for improvement of the Milk River System to come into compliance with certain state and federal regulations. The estimated cost of the improvements exceeded $36 million, and defendant was apportioned nearly $17 million of that cost. To pay for the required improvements, defendant began assessing the Storm Water Charge under an ordinance it adopted in 1992 when the Milk River System required an earlier improvement. Section 27-110 of the ordinance provides:

> All owners of real property within the city, other than the city itself, shall be charged for the use of the stormwater system based on the amount of impervious area which is estimated and determined to be contributory to the stormwater system. The impact of the stormwater from the property on the system shall be determined on the basis of the flat rates contained in this article.

The flat rates are measured in terms of "residential equivalent unit[s]" (REUs), which § 27-100 of the ordinance defines as follows:

> ***2** That area of residential property defined to be impervious to account for the dwelling unit, garage, storage buildings or sheds, driveways, walks, patios, one-half of the street frontage and other impervious areas calculated to be an average by randomly sampling

> fifty (50) residential parcels that area being determined to be three thousand two hundred fifty (3,250) square feet.

Section 27-120 describes the following method for calculating the Storm Water Charge to be levied upon real property owners within the city:

> (a) The total cost of the debt retirement and operation and maintenance of the stormwater system shall be calculated annually in conjunction with the city's budget process and shall become an integral part thereof.
>
> (b) The amount of the total land area of commercially used property shall be determined. That amount shall then be divided by the residential equivalent unit (herein defined at three thousand two hundred fifty (3,250) square feet) to determine the total number of equivalent units for commercial property.
>
> (c) The amount of total land area of institutionally used property that is impervious shall be determined. That amount shall then be divided by the residential equivalent unit (herein defined as three thousand two hundred fifty (3,250) square feet) to determine the total number of equivalent units for institutional property.
>
> (d) The amounts determined from (b) and (c) above shall be added to the amount of residential parcels in the city (determined to be five thousand four hundred fifty (5,450) at the time of enactment of this article) to determine total number of equivalent units to be billed. That total shall then be divided into the total estimated amount of debt retirement and operation and maintenance costs, as defined in section 27-100, to determine the billing unit amount.
>
> (e) Each parcel of real property in the city shall then be charged on the basis of their number of residential equivalent units times the billing unit amount.

With respect to vacant properties and residential parcels with less than 3,500 square feet in total land area, § 27-125 provides a schedule of reduced rates.[3] The Storm Water Charge is included as a user charge on all tax bills, § 27-130, and unpaid charges "constitute a lien against the property affected" and "shall be collected and treated in the same fashion as other tax liens against real property," § 27-135. Finally, § 27-140 provides property owners with the right to appeal the determination of a Storm Water Charge.

Plaintiff filed a class action complaint alleging several theories of liability against defendant, three of which are relevant to this appeal.[4] In Count I, plaintiff alleged a violation of the Headlee Amendment, Const 1963, art. 9, § 31. In Count II, plaintiff alleged assumpsit for money had and received for an alleged violation of MCL 141.91,[5] and, in Count III, plaintiff alleged unjust enrichment on the same basis. The trial court granted partial summary disposition in plaintiff's favor pursuant to MCR 2.116(C)(10) on the basis of its finding that the Charge is a tax that violates the Headlee Amendment. Defendant filed an interlocutory application for leave to appeal the trial court's decision on that issue. Thereafter, plaintiff moved for summary disposition on Counts II and III of his complaint. The trial court granted summary disposition in favor of defendant pursuant to MCR 2.116(I)(2) on those claims, finding that plaintiff had a legal remedy available that precluded resort to equitable remedies. Plaintiff subsequently filed a motion seeking a refund for the Headlee Amendment violation and to enjoin defendant from continuing to impose the Storm Water Charge. After this Court granted defendant's application for leave to appeal regarding the Headlee Amendment issue, the trial court denied plaintiff's motion for a refund and injunction without prejudice.

II. DEFENDANT'S APPEAL

***3** On appeal, defendant argues that the trial court erred by denying summary disposition in its favor on Count I because (1) the Storm Water Charge is a user fee, not a tax, and therefore, does not violate the Headlee Amendment; (2) it had authority to legally assess user charges under Chapter 21 of the Drain Code of 1956 (Drain Code), MCL 280.1 *et seq.*; and (3) the Storm Water Charge is authorized by defendant's 1951 Charter and, therefore, exempt from analysis under the Headlee Amendment.

A. WHETHER THIS STORM WATER CHARGE IS A TAX OR A USER FEE

First, defendant argues that the trial court erred by denying summary disposition in its favor on Count I because the Storm Water Charge is not a tax as a matter of law. We disagree.

The grant or denial of summary disposition is reviewed "de novo to determine if the moving party is entitled to judgment as a matter of law." *Maiden v. Rozwood*, 461 Mich. 109, 118; 597 N.W.2d 817 (1999). As stated in *Maiden*:

> A motion under MCR 2.116(C)(10) tests the factual sufficiency of the complaint. In evaluating a motion for summary disposition brought under this subsection, a trial court considers affidavits, pleadings, depositions, admissions, and other evidence submitted by the parties, in the light most favorable to the party opposing the motion. Where the proffered evidence fails to establish a genuine issue regarding any material fact, the moving party is entitled to judgment as a matter of law. [*Id.* at 120 (citations omitted).]

Whether a charge is a tax or a user fee is a question of law that is also reviewed de novo. *Bolt v. City of Lansing*, 459 Mich. 152, 158; 587 N.W.2d 264 (1998).

1. THE HEADLEE AMENDMENT AND THE *BOLT* FACTORS

The Headlee Amendment was adopted by referendum and became effective December 23, 1978. It amended Const. 1963, art. 9, § 6, and added §§ 25-34. *American Axle & Mfg., Inc. v. Hamtramck*, 461 Mich. 352, 355-356; 604 N.W.2d 330 (2000). Const. 1963, art. 9, § 31, added the requirement of voter approval of new taxes. *Id.* at 356. It provides, in relevant part:

> Units of Local Government are hereby prohibited from levying any tax not authorized by law or charter when this section is ratified or from increasing the rate of an existing tax above that rate authorized by law or charter when this section is ratified, without the approval of a majority of the qualified electors of that unit of Local Government voting thereon. [Const. 1963, art. 9, § 31.]

If, however, a charge is a user fee, then it is not affected by the Headlee Amendment. *Bolt*, 459 Mich. at 159.

As explained by our Supreme Court in *Bolt*, "[t]here is no bright-line test for distinguishing between a valid user fee and a tax that violates the Headlee Amendment[,]" and doing so requires the consideration of several factors. *Id.* at 160-161. "Generally, a fee is exchanged for a service rendered or a benefit conferred, and some reasonable relationship exists between the amount of the fee and the value of the service or benefit. A tax on the other hand, is designed to raise revenue." *Id.* at 161 (quotation marks and citations omitted). There are three main factors that are considered in distinguishing between a tax and a fee. *Id.* "The first criterion is that a user fee must serve a regulatory purpose rather than a revenue-raising purpose. A second, and related, criterion is that user fees must be proportionate to the necessary costs of the service." *Id.* at 161-162 (citations omitted). The third criterion is voluntariness. *Id.* at 162.

In *Bolt*, the Court considered a challenge to the city of Lansing's storm water service charge. *Id.* at 154. The city decided to separate its remaining combined sanitary and storm sewers, at a cost of $176 million over 30 years. *Id.* at 155. The project was financed through an annual storm water service charge, which was imposed on each parcel of real property using a formula that attempted to roughly estimate each parcel's storm water runoff. *Id.* "Estimated storm water runoff [was] calculated in terms of equivalent hydraulic area (EHA)," which was "based upon the amount of pervious and impervious areas within the parcel multiplied by the runoff factors applicable to each." *Id.* at 155-156 (quotation marks omitted). However, residential parcels that measured two acres or less were charged flat rates derived from a predetermined number of EHA units per 1,000 square feet. *Id.* at 156.

***4** The Court concluded that the charge failed the first and second criteria because a major portion of the cost involved capital expenditures, which constituted "an investment in infrastructure as opposed to a fee designed simply to defray the cost of regulatory activity," and the city made no attempt to allocate the portion of the capital costs that would have a useful life in excess of 30 years to the general fund. *Id.* at 163-164. In addition, the Court concluded that the

charges did not correspond to the benefits conferred because approximately 75% of property owners were already served by separated storm and sanitary sewers, which many paid for through special assessments. *Id.* at 165. The charge, however, applied to all property owners, rather than only those who actually benefited. *Id.* Further, the improved water quality and avoidance of federal penalties were goals that benefited everyone, not just property owners within the city. *Id.* at 166. The Court also concluded that the ordinance lacked "a significant element of regulation" because it did not consider the presence of pollutants on each parcel, it failed to distinguish between those responsible for greater and lesser levels of runoff, and there was no end-of-pipe treatment before the storm water was discharged into the river. *Id.* at 166-167. With regard to the third criterion, the Court concluded that the charge lacked any element of voluntariness. *Id.* at 167. The Court also noted several additional factors supporting the conclusion that the charge was a tax, including that the "storm water enterprise fund" derived from the charge replaced the portion of the program that was previously funded through property and income taxes, the charge could be secured by placing a lien on property, and the charge was billed through the city assessor's office and could be sent with property tax statements. *Id.* at 168-169. Accordingly, the Court concluded that the storm water service charge was a tax and not a valid user fee. *Id.* at 169.

In *Jackson Co. v. City of Jackson*, 302 Mich. App. 90, 93; 836 N.W.2d 903 (2013), this Court similarly concluded that the city of Jackson's storm water management charge was a tax that was imposed in violation of the Headlee Amendment. The city of Jackson maintained and operated separate storm water and waste water management systems that were historically funded from general and street funds generated through the collection of various taxes and fees. *Id.* at 94. In 2011, however, the city adopted an ordinance that established a storm water utility to operate and maintain the storm water management program. *Id.* at 95. The program was funded through an annual storm water system management charge imposed on each parcel of real property. *Id.* The charge was calculated using a formula that estimated the amount of storm water runoff from each parcel. *Id.* Storm water runoff was again calculated in terms of EHA, which estimated the amount of storm water leaving each parcel based on the impervious and pervious surface areas. *Id.* at 95-96. Parcels with two acres or less were charged a flat rate. *Id.* at 96. Property owners could receive credits for actions taken to reduce storm water runoff, and an administrative appeal was also available. *Id.* at 97.

This Court concluded that the management charge served the dual purposes of financing the protection of waterways, as required by state and federal regulations, and general revenue-raising, but that the minimal regulatory purpose was outweighed by the revenue-raising purpose. *Id.* at 105-106. In particular, this Court concluded that, as in *Bolt*, the ordinance contained few provisions that truly regulated the discharge of storm and surface water runoff and failed to require the city or property owners to treat storm and surface water runoff. *Id.* at 106. This Court further concluded that the most significant motivation for adopting the ordinance and fee was to protect the city's general and street funds, which previously funded the city's activities. *Id.* at 106-107. This Court also concluded that there was a lack of correspondence between the charge and a particularized benefit conferred because the general public benefited in the same manner as the property owners who were required to pay the charge. *Id.* at 108-109. In addition, the charge lacked proportionality because it failed to consider property characteristics relevant to runoff generation and allowed the city to maintain a working capital reserve of 25% to 30% of the storm water utility's total expenses. *Id.* at 110-111. Finally, this Court concluded that the charge was effectively compulsory and the lack of volition supported the conclusion that the management charge was a tax. *Id.* at 111-112.

In *Binns v. City of Detroit*, unpublished per curiam opinion of the Court of Appeals, issued November 6, 2018 (Docket Nos. 337609; 339176), [6] this Court upheld a drainage charge assessed by the city of Detroit and its agencies, the Detroit Water and Sewage Department (DWSD) and the Detroit Board of Water Commissioners (BWC), in a case involving original actions under the Headlee Amendment. The city has a combined storm water runoff and waste water sewer system. *Id.* at 3. The combined sewage is treated before being released back into the environment and federal and state regulations required more than $1 billion in investments into the combined sewer overflow (CSO) facilities in order to prevent untreated sewage from spilling into public waterways. *Id.* In 2016, DWSD revised its method of calculating the drainage charge for property owners in Detroit based on impervious surface area. *Id.* at 4.

***5** Applying the *Bolt* factors, this Court concluded that the city's drainage charge was a user fee rather than a tax. *Id.* at 14. First, this Court concluded that the drainage

charge served a regulatory purpose, rather than a revenue-raising purpose, because the federally-mandated treatment of combined sewage constituted the provision of a service. *Id.* at 14-15. Therefore, "[t]he regulatory weakness identified in *Bolt* and *Jackson Co.* concerning the release of untreated storm water back into the environment" was not present. *Id.* at 16. This Court further concluded that there was an adequate correspondence between the charges imposed and the benefits conferred because the charge benefited all property owners and the city's method of assessing the charge involved a high degree of precision. *Id.* This Court also concluded that there was no evidence of a revenue-raising purpose and the city had never used general fund expenses to pay for its combined sewer system treatment and disposal services. *Id.* at 16-17. Further, "the fact that the drainage charge [was] used in part to service debt incurred to pay for federally required capital investments [did] not by itself require the conclusion that the drainage charge constitutes a tax." *Id.* at 17. Unlike in *Bolt*, the charge was not used to fund future expenses for large-scale capital improvements, but rather "to amortize present debt costs incurred to pay for capital improvements in conformance with accepted accounting principles." *Id.* at 18.

With regard to the second *Bolt* factor, this Court concluded that the charge was reasonably proportionate to the necessary costs of service because it was calculated on the basis of aerial photography and city assessor data and no charge was imposed on parcels containing fewer than .02 impervious acres, which was the margin of error from flyover views. *Id.* at 18-19. In addition, there were procedures to dispute the impervious area measurement and substantial credits available to property owners who took steps to reduce the amount of storm water flowing from their properties into the DWSD sewer system. *Id.* at 19. Finally, this Court concluded that, although the charge was effectively compulsory, this factor was not dispositive given its consideration of the other two factors. *Id.* at 20-21.

2. APPLICATION

With regard to the first factor, we must determine whether the Storm Water Charge serves a regulatory or revenue-raising purpose. See *Bolt*, 459 Mich. at 161. In this case, a service is rendered in the form of removal and treatment of storm water runoff, and federal and state regulations have required improvements to the Milk Water System. Defendant has instituted the Storm Water Charge in order to pay for the required improvements. This indicates a regulatory component. *Binns*, unpub. op. at 14-15. In addition, unlike in *Bolt*, 459 Mich. at 165, the improvements will benefit all property owners who are required to pay it.

On the other hand, there is also evidence of a revenue-generating purpose for the Charge. Before 1992, defendant levied ad valorem property taxes to pay for storm water costs. Thus, as was the case in *Bolt*, 459 Mich. at 168, there is evidence that the Charge may have the effect of increasing revenues by omitting the storm water costs from the expenses covered by defendant's general fund. The question, however, is whether the revenue-generating purpose outweighs the regulatory purpose of the Charge. See *Jackson*, 302 Mich. App. at 106. In this case, despite the previous use of general funds, it appears that the primary motivating factor for the Storm Water Charge at issue was the improvements required by state and federal law. Therefore, like in *Binns*, unpub. op. at 14-16, the regulatory purpose is not minimal. However, as in *Bolt*, 459 Mich. at 166-167, defendant's ordinance does not consider the presence of pollutants on each parcel or distinguish between those responsible for greater and lesser levels of runoff.

The use of the Storm Water Charge to, in part, service debt incurred to pay for the required improvements is another relevant consideration. See *Binns*, unpub. op. at 17. The fact that the Charge is used in part to service such debt does not by itself require the conclusion that the Storm Water Charge is a tax because the payment of debt can be part of the cost of providing service. In *Binns*, this Court concluded that the charge was not used to fund future expenses, but to amortize present debt costs incurred. See *id.* In this case, however, defendant has admitted that it has not yet been required to make its first payment on the project. The debt service charges will not be fully implemented until the completion of the project in 2019. [7]

***6** With regard to the second factor, the charge must be reasonably proportionate to the costs of the service. See *Bolt*, 459 Mich. at 161-162. Like in *Bolt*, 459 Mich. at 156, and *Jackson*, 302 Mich. App. at 110, defendant determines the amount of the Storm Water Charge imposed on each property owner based on estimated figures. When the ordinance was adopted in 1992, defendant randomly sampled 50 residential parcels and determined that, on average, the residential parcels had 3,250 square feet of impervious areas. Based on that sampling, defendant's ordinance assumes that all residential properties in excess of 3,500 square feet have the same approximation of impervious area. The ordinance does

not consider the individual characteristics of the property, such as pollutants, the type or extent of improvements thereon, or how said improvements affect the amount of runoff flowing from the property. Indeed, all residential properties that are not exempt from the Charge pay either one-third, one-half, or a full billing unit [8] based strictly on the square footage of the property, regardless of how much of the property is actually impervious or pervious. The Charge imposed for a commercial property is likewise based on the full property size, without accounting for the true nature of the particular property. Although mathematical precision is not required, *Jackson*, 302 Mich. App. at 109, defendant's inflexible approximation approach is a far cry from the more particularized method involving individual measurements of impervious areas this Court found acceptable in *Binns*, unpub. op. at 18-19. In further contrast to *Binns*, defendant's ordinance provides no exemption or financial incentive for property owners who are able to demonstrate that their properties contribute less storm water to the system as a result of various proactive measures. [9] *Id.* at 18. Also, as in *Bolt*, 459 Mich. at 166, and *Jackson*, 302 Mich. App. at 108-109, the storm water system benefits not only the property owners who are subject to the Charge, but also the general public at large. [10] Moreover, based on the testimony of defendant's city manager, it appears that defendant is collecting far more than is required to operate the system, particularly given that its debt repayments have not yet become due.

With regard to the third factor, defendant concedes that the Storm Water Charge is not voluntary. While this factor is not dispositive, in this case the first factor presents a close question and the second factor supports the conclusion that the Storm Water Charge is a tax. In addition, as in *Bolt*, 459 Mich. at 168, the fact that the Storm Water Charge may be secured by placing a lien on property supports the conclusion that the Charge is a tax. Considering the totality of the circumstances, the trial court did not err by concluding that the Storm Water Charge is not a valid user fee, but a tax that violates the Headlee Amendment. Therefore, the trial court properly denied summary disposition in favor of defendant on Count I.

B. WHETHER THE DRAIN CODE AUTHORIZED THE STORM WATER CHARGE

Next, defendant argues that the trial court erred by denying summary disposition in its favor on Count I because it could legally assess user charges to property owners under the Drain Code as a matter of law. We disagree.

Defendant argued below that the Storm Water Charge was authorized by Chapter 21 of the Drain Code and, therefore, did not violate the Headlee Amendment; however, the trial court did not address this issue. Nonetheless, "where the lower court record provides the necessary facts, appellate consideration of an issue raised before, but not decided by, the trial court is not precluded." *Hines v. Volkswagen of America, Inc.*, 265 Mich. App. 432, 443-444; 695 N.W.2d 84 (2005). Because the facts necessary to resolve this issue have been provided, we may consider it. The denial of a motion for summary disposition is reviewed de novo. *Maiden*, 461 Mich. at 118. The proper interpretation of a statute is a question of law that is also reviewed de novo. *In re Complaint of Rovas Against SBC Mich.*, 482 Mich. 90, 97; 754 N.W.2d 259 (2008). Application of the Headlee Amendment is a question of law that is reviewed de novo. *Oakland Co. v. Michigan*, 456 Mich. 144, 149; 566 N.W.2d 616 (1997) (opinion by KELLY, J.).

"The plain language of art 9, § 31, excludes from its scope the levying of a tax, or an increased rate of an existing tax, that was authorized by law when that section was ratified." *American Axle*, 461 Mich. at 362. This is true even when the tax, although authorized, was "not being levied at the time Headlee was ratified and even though the circumstances making the tax or rate applicable did not exist before that date." *Id.* at 357. Thus, if the Charge in this case was a tax that was authorized under the Drain Code—a comprehensive act that predates ratification of the Headlee Amendment in 1978—then it does not violate the Headlee Amendment.

*7 Defendant argues that the Storm Water Charge was authorized under § 539(4) of the Drain Code, which provides:

> This section shall not be construed to prevent the assessing of public corporations at large under this chapter. In place of or in addition to levying special assessments, the public corporation, under the same conditions and for the same purpose, may exact *connection, readiness to serve, availability, or service charges* to be paid by owners of land directly or indirectly connected with the drain

> project, or combination of projects, subject to [MCL 280.]489a. [MCL 280.539(4) (emphasis added).]

MCL 280.489a sets forth procedural prerequisites a public corporation must follow before filing a petition for construction of a drain project in the event it "determines that a part of the land in the public corporation will be especially benefited by a proposed drain so that a special assessment, fee, or charge may be levied by the public corporation ...." Defendant acknowledges that it did not follow the procedures laid out in MCL 280.489a (or MCL 280.538a, the analogous statute concerning intercounty, as opposed to intracounty, drains). However, relying on *Downriver Plaza Group v. Southgate*, 444 Mich. 656, 663; 513 N.W.2d 807 (1994) (holding that city's authority to assess user fees was not impaired by failure to comply with prepetition procedure because compliance was impossible where construction of drain system was completed before MCL 280.489a went into effect), defendant argues that its noncompliance should be excused because the improvements to the Milk Water System were required by the MDEQ under MCL 280.423(3), [11] and did not arise from a drain project petition submitted to the Michigan Department of Agriculture and Rural Development.

We find defendant's reliance on MCL 280.539(4) unpersuasive. Moreover, it serves merely to distract from the critical issue before us, i.e., whether the Drain Code authorized a tax in the first place. Even if it was impossible for defendant to have complied with the procedural requirements set forth in the Drain Code, the fact remains that MCL 280.539(4) authorizes various types of *charges*; it does not authorize a *tax*. Consequently, and although we have concluded that the Storm Water Charge is a tax, it was not a tax authorized by the Drain Code, and the Drain Code therefore does not provide a basis for exempting the Charge from the requirements of the Headlee Amendment.

C. WHETHER DEFENDANT'S CHARTER AUTHORIZED THE STORM WATER CHARGE

***8** Finally, defendant argues that the trial court erred by denying its motion for summary disposition on Count I because the Storm Water Charge was authorized by its 1951 Charter and, therefore, is exempt from analysis under the Headlee Amendment. We disagree.

Defendant raised this argument below, but the trial court did not address it. As noted, however, "where the lower court record provides the necessary facts, appellate consideration of an issue raised before, but not decided by, the trial court is not precluded." *Hines*, 265 Mich. App. at 443-444. Because the facts necessary to address this issue have been provided, we may consider it. Again, both the denial of a motion for summary disposition, *Maiden*, 461 Mich. at 118, and application of the Headlee Amendment, *Oakland Co.*, 456 Mich. at 149 (opinion by KELLY, J.), are subject to de novo review on appeal.

Again, the Headlee Amendment "excludes from its scope the levying of a tax, or an increased rate of an existing tax, that was authorized by law when that section was ratified." *American Axle*, 461 Mich. at 362. Defendant relies on several provisions of its 1951 Charter that it argues provides pre-Headlee authorization for the Storm Water Charges. In particular, defendant relies on §§ 2.2, 14.1, 14.2, and 14.3 of the Charter. Section 2.2 provides, in relevant part:

> [T]he city shall have power with respect to and may, by ordinance and other lawful acts of its officers, provide for the following ... :
>
> (f) *Street, alleys, and public ways*. The establishment and vacation of streets, alleys, public ways and other public places, and the use, regulation, improvement and control of the surface of such streets, alleys, public ways and other public places and of the space above and beneath them ....

Chapter 14 governs "Municipal Utilities." Section 14.1 gives defendant the power to improve and maintain public utilities for supplying water and sewage treatment. Section 14.2 gives the city council the power to fix just and reasonable rates and other charges to supply those public utility services. Section 14.3 provides that "[t]he council shall provide by ordinance for the collection of all public utility rates and charges of the city[,]" and further provides "[t]hat the city shall have as security for the collection of such utility rates and charges a lien upon the real property supplied by such utility[.]"

While the cited charter provisions give defendant the power to make improvements to the storm water system and also to set rates and charges for supplying water and sewage treatment, none of these provisions give defendant the authority to impose a tax. In *Bolt*, 459 Mich. at 172-173 (BOYLE, J., dissenting), the dissent pointed out that the Lansing City Charter similarly allowed the city to operate and maintain public utilities and impose "just and reasonable

rates" and other charges. The majority, although not expressly addressing the issue, did not conclude that there was pre-Headlee authorization for the tax at issue in that case. The majority did, however, note that "even though the city may be authorized to implement the system [under the Revenue Bond Act], its method of funding the system may not violate the Headlee Amendment." *Id.* at 168 n 17 (opinion of the Court). In contrast, in *American Axle*, 461 Mich. at 360, the statute that provided pre-Headlee authorization expressly allowed for the assessment of the amount of a judgment on the "tax roll." Defendant's 1951 Charter did no such thing, but merely authorized certain "rates" and "charges." Therefore, we conclude that defendant's 1951 Charter did not provide pre-Headlee authorization for the tax imposed by defendant in this case, and that the trial court properly denied summary disposition in favor of defendant on Count I.

III. PLAINTIFF'S CROSS-APPEAL

***9** On cross-appeal, plaintiff argues that (1) he may plead and prove both legal and equitable theories of relief and obtain a recovery under both claims, and (2) after invalidating the Storm Water Charge, the trial court should have enjoined defendant from collecting the Charge in the future.

A. EQUITABLE REMEDIES

First, plaintiff argues that the trial court erred by granting summary disposition in favor of defendant on Counts II and III of his complaint because he is not prohibited from seeking equitable remedies for the alleged violation of MCL 141.91, in addition to pursuing relief under the Headlee Amendment. We agree.

The denial of a motion for summary disposition is reviewed de novo. *Maiden*, 461 Mich. at 118. "Whether a claim for unjust enrichment can be maintained is a question of law that we review de novo." *Karaus v. Bank of New York Mellon*, 300 Mich. App. 9, 22; 831 N.W.2d 897 (2012). In addition, this Court reviews trial court rulings regarding equitable matters de novo. *Id.* [12]

After the trial court granted plaintiff's motion for summary disposition on Count I, plaintiff filed a renewed motion for partial summary disposition on Counts II and III. Counts II and III of the complaint alleged claims for assumpsit and unjust enrichment based on the alleged violation of MCL 141.91. The trial court denied plaintiff's motion for summary disposition on Counts II and III, finding that there was a legal remedy available pursuant to MCL 600.308a and the Michigan Constitution, and instead granted summary disposition in favor of defendant under MCR 2.116(I)(2).

The trial court's ruling was based on the principle that "[e]quity does not apply when a statute controls." *Gleason v. Kincaid*, 323 Mich. App. 308, 318; 917 N.W.2d 685 (2018). "In other words, when an adequate remedy is provided by statute, equitable relief is precluded." *Id.* As stated by our Supreme Court in *Tkachik v. Mandeville*, 487 Mich. 38, 45; 790 N.W.2d 260 (2010):

> A remedy at law, in order to preclude a suit in equity, must be complete and ample, and not doubtful and uncertain .... Furthermore, to preclude a suit in equity, a remedy at law, both in respect to its final relief and its modes of obtaining the relief, must be as effectual as the remedy which equity would confer under the circumstances .... [Quotation marks and citations omitted.]

Defendant does not dispute that plaintiff could seek both legal and equitable relief in his complaint. According to defendant, however, because plaintiff prevailed on his Headlee Amendment claim, he cannot also recover on his unjust enrichment and assumpsit claims. Plaintiff, on the other hand, argues that his claims alleging a violation of MCL 141.91 are separate, there is no legal remedy available for a violation of MCL 141.91, and those claims are not subject to the same one-year limitations period as the Headlee Amendment claim.

The parties do not dispute that plaintiff's Headlee Amendment claim is subject to a one-year limitations period, see MCL 600.308a(3), whereas plaintiff's claims in Counts II and III for equitable relief are subject to a six-year limitations period, see MCL 600.5813. Accordingly, if plaintiff prevails on Counts II and III, he would be entitled to a refund of the Storm Water Charge since September 28, 2011 (six years before the complaint was filed). Given that plaintiff would be entitled to recover the Charge for several more years under Counts II and III than under Count I, we agree with plaintiff that the

legal remedy available for the Headlee Amendment violation is not an adequate substitute for the remedy that equity would confer for the alleged violation of MCL 141.91. Therefore, even though plaintiff prevailed on Count I, he should have been permitted to pursue his claims in Counts II and III and the trial court erred by granting summary disposition in favor of defendant on those counts. [13]

B. INJUNCTIVE RELIEF

***10** Plaintiff also argues that the trial court abused its discretion by denying his request to enjoin defendant from collecting the Storm Water Charge in the future. We disagree.

"Granting injunctive relief is within the sound discretion of the trial court." *Kernen v. Homestead Dev. Co.*, 232 Mich. App. 503, 509; 591 N.W.2d 369 (1998). This Court reviews the trial court's decision for an abuse of discretion. *Id.* "[A]n abuse of discretion occurs only when the trial court's decision is outside the range of reasonable and principled outcomes." *Hammel v. Speaker of House of Representatives*, 297 Mich. App. 641, 647; 825 N.W.2d 616 (2012) (quotation marks and citation omitted; alteration in original).

"Injunctive relief is an extraordinary remedy that issues only when justice requires, there is no adequate remedy at law, and there exists a real and imminent danger of irreparable injury." *Kernen*, 232 Mich. App. at 509 (quotation marks and citation omitted). In this case, the trial court denied plaintiff's request for an injunction without any explanation, other than noting that this Court had granted defendant's application for leave to appeal regarding the Headlee Amendment issue. By noting that leave had been granted, and denying the motion without prejudice, the trial court suggested that it merely believed injunctive relief was not proper *at that time*, but might be granted at a later date. The decision to deny injunctive relief until the interlocutory appeal regarding the Headlee Amendment issue was resolved was within the trial court's discretion and did not fall outside the range of reasonable and principled outcomes.

IV. CONCLUSION

We affirm the trial court's order granting summary disposition in favor of plaintiff on Count I, reverse the order granting summary disposition in favor of defendant on Counts II and III, and remand to the trial court for further proceedings. We do not retain jurisdiction.

1 See *Gottesman v. Harper Woods*, unpublished order of the Court of Appeals, entered December 3, 2018 (Docket No. 344568).

2 Plaintiff's cross-appeal also raises a challenge to the trial court's order denying, without prejudice, plaintiff's motion for an order awarding a refund and to enjoin defendant from imposing the Storm Water Charge in the future.

3 Specifically, § 27-125 incorporates the following chart:

Land Area (Square Feet)	Stormwater Service Charge
Residential property equal to or less than 300 sq. ft. and vacant property	No charge
Residential property equal to or less than 1,000 sq. ft. but greater than 300 sq. ft.	One-third billing unit
Residential property less than 3,500 sq. ft. but greater than 1,000 sq. ft.	One-half billing unit
Residential property equal to or greater than 3,500 sq. ft.	One billing unit

5 MCL 141.91 provides:

> Except as otherwise provided by law and notwithstanding any provision of its charter, a city or village shall not impose, levy or collect a tax, other than an ad valorem property tax, on any subject of taxation, unless the tax was being imposed by the city or village on January 1, 1964.

6 Unpublished opinions are not binding under the rule of stare decisis, but may be considered for their instructive of persuasive value. *Cox v. Hartman*, 322 Mich. App. 292, 307; 911 N.W.2d 219 (2017). We further note that an application for leave to appeal this Court's decision in *Binns* is currently pending before the Supreme Court.

7 Plaintiff also presents a persuasive argument that defendant's ordinance does not allow debt service for the 2016 project. Section 27-150 provides that "[a]ll funds collected for stormwater service shall be placed in a separate fund and shall be used solely for the debt retirement, construction, operation, repair and maintenance of the stormwater system." Section 27-100 defines "debt retirement" as "[t]he annual required payment of principal and interest accrued to the City of Harper Woods by the Milk River Drainage Board for the city's proportionate share of the retirement of capital improvement bonds issued for the Milk River Improvement Project." It also defines the "Milk River Improvement Project" as "[t]hat project undertaken in 1991 by the Milk River Drainage District for increased retention and treatment of stormwater runoff generated primarily by the cities of Harper Woods and Grosse Pointe Woods." Harper Woods Ordinance § 27-100. Although the question of whether defendant violated the ordinance is not before us, the suggestion that the Storm Water Charge violates the ordinance supports the conclusion that it is not a valid user fee.

8 In 2016, a "billing unit" was $210.

9 The ordinance permits a property owner to appeal the Storm Water Charge to the city manager and authorizes the city manager to "adjust such charges as he or she may deem appropriate when unusual or unique situations are presented and an adjustment is justified." Harper Woods Ordinance, § 27-140. The ordinance, however, provides no guidance as to what type of "unusual or unique situations" would warrant an adjustment or the extent of the available adjustment.

10 While a benefit to the public at large does not always negate the regulatory character of a charge, "a charge is not a regulatory fee in the first instance unless it is designed to confer a particularized benefit on the property owners who must pay the fee." *Jackson*, 302 Mich. App. at 108.

11 MCL 280.423(3) authorizes the MDEQ to issue an order of determination identifying unlawful discharge of sewage or waste, the user or users responsible for the unlawful discharge, and the necessity of remedial measures to purify the flow of the drain. In addition,

> [t]he order of determination constitutes a petition calling for the construction of disposal facilities or other appropriate measures by which the unlawful discharge may be abated or purified. The order of determination serving as a petition is in lieu of the determination of necessity by a drainage board pursuant to chapter 20 or 21 or section 122 or 192 or a determination of necessity by a board of determination pursuant to section 72 or 191, whichever is applicable. [MCL 280.423(3).]

12 "An action for money received is one of assumpsit. It is, in many cases, a substitute for a bill in equity and is governed by equitable principles." *Lulgjuraj v. Chrysler Corp.*, 185 Mich. App. 539, 545; 463 N.W.2d 152 (1990).

13 The trial court did not otherwise address the elements of plaintiff's claims in Counts II and III. While plaintiff argues that those claims were established on the basis that the Storm Water Charge is a tax, he acknowledges that there could be a question of fact regarding the balance of equities. Therefore, those claims must be considered by the trial court on remand.

EXHIBIT H

CITY OF NOVI

COUNTY OF OAKLAND, MICHIGAN

RESOLUTION APPROVING ADVANCEMENT OF FUNDS FROM THE WATER AND SEWER TO THE CAPITAL IMPROVEMENT FUND SUBJECT TO REIMBURSEMENT

Minutes of a Meeting of the City Council of the City of Novi, County of Oakland, Michigan, held in the City Hall of said City on June 19, 2017, at 7:00 o'clock P.M. Prevailing Eastern Time.

PRESENT: Councilmembers Gatt, Staudt, Burke, Casey, Markham, Mutch

ABSENT: Councilmember Wrobel

The following preamble and Resolution were offered by Councilmember Burke and supported by Councilmember Mutch.

WHEREAS, the City Council passed its annual budget for the 2017-2018 fiscal year, which included $25 million in capital improvement expenditures in the Capital Improvement Fund (CIP) and borrowing of $17 million to fund those projects; and

WHEREAS, the City seeks to minimize the overall cost of securing funds to maximize the amount of capital projects that can be completed using the CIP millage; and

WHEREAS, the City has identified long-term capital reserves in the Water and Sewer Fund that would be available for advancement to the Capital Improvement Fund without impacting the operations or rates charged to customers; and

WHEREAS, the advancement would favorably impact both funds by allowing the Water and Sewer fund to realize likely increased interest earnings on their long-term investment reserves and allowing the CIP Fund to save on the significant closing costs associated with an external borrowing and the lower interest costs to be realized by the monthly repayment structure of the reimbursement obligation; and

NOW THEREFORE, IT IS THEREFORE RESOLVED that:

1. The advancement of an amount not to exceed $17 million dollars from the Water and Sewer Fund to the Capital Improvement Fund is hereby authorized, subject to the following:

    a. The amount will be disbursed on an "as needed" basis to fund budgeted capital projects within the CIP Fund beginning June 19, 2017.

b. The advancement will bear a fixed interest rate of 3%, which represents the approximate market rate of interest the City would pay if it bonded independently to fund the CIP projects as of the date of this agreement.

c. The reimbursement period will be not more than 10 years, with amounts to be repaid using the proceeds from the voter-approved CIP millage, which begins July 2017 and is approved annually for 10 years through July 2026.

d. Repayments will be made on a monthly basis and will be made via internal transfers recorded by the Finance Department between the two funds.

e. Principal payments on the outstanding loan will be straight line over the 10-year period beginning in July 2017 through June 2027.

f. Early payoff of all or part of the advancement amount is allowable at any time.

g. Payments will have first preference from the annual CIP millage before any other expenditures of the CIP Fund.

BE IT FURTHER RESOLVED, that to the extent the Water and Sewer Fund requires repayment of the outstanding principal at any time during this agreement for operations, capital, or any other need, the CIP shall repay the balance due within 90 days..
