BACKGROUND INFORMATION:

The City is requesting the installation of twenty-five (25) Autobahn 135w LED streetlight fixtures mounted on twenty-five (25) black 30’ tapered square posts. Of which, twenty (20) streetlights will be placed on Crescent Boulevard and five (5) streetlights will be placed along the industrial spur road off of Crescent Boulevard between Novi Road and Grand River Avenue. This motion item is in relation to the Crescent Boulevard (NW Ring Road) and Industrial Spur Road off of Crescent Boulevard that is being awarded elsewhere on this agenda.

Engineering staff worked with DTE Energy (Detroit Edison Company) to determine the appropriate location for all proposed streetlights, and obtained an estimate for the installation and ongoing operation costs. All new street lights will be underground fed.

In order to facilitate installation of the street lights, DTE Energy is requesting approval and execution of the attached Purchase Agreement. The DTE Energy agreement requires the City to pay the total installation cost of $102,510.74 and an ongoing annual lamp charge of $7,911.75 for the operation and maintenance of the street lights.

The proposed agreement has been reviewed and is recommended for approval by Engineering staff and the City Attorney (Beth Saarela, March 19, 2019).
RECOMMENDED ACTION: Approval of a Street Light Purchase Agreement with Detroit Edison Company for the installation and ongoing operation cost associated with twenty-five (25) LED street lights along Crescent Boulevard (NW Ring Road) and the Industrial Spur Road off of Crescent Boulevard between Novi Road and Grand River Avenue.

Re:  DTE Street Lighting– Purchase Agreement for Municipal Street Lighting - Crescent Blvd

Dear Ms. Runkel:

We have received and reviewed the Master Agreement for Municipal Street Lighting dated September 16, 2013, and Purchase Agreement (Work Order 52548422) for the City’s Crescent Boulevard Street Lighting Project.

The Master Agreement for Municipal Street Lighting ("Master Agreement") and corresponding Purchase Agreement are standard form agreements prepared by DTE Energy for use in projects for installation and maintenance of new street lighting. The Master Agreement controls the terms of installation and maintenance, generally, such as terms of payment, rates, maintenance responsibilities, term, liability, warranties and general contract provisions, including such things as choice of law and notices.

The Purchase Agreement includes the more specific information relating to each particular project, including total estimated project cost, project location, project specifications, and special order information. It should be noted that since the City has requested the installation of "non-standard" street lighting, additional terms have been added to this Purchase Agreement regarding the obligation for the City to maintain replacement parts on-site.

Additionally, the City should be aware that the cost provided in the Purchase Agreement is an estimate and may increase based upon conditions found underground at the time of construction, pursuant to the Master Agreement.

Subject to Engineering’s review of the types and locations of the lighting detailed within the Purchase Agreement and corresponding exhibits, the terms of the Master Agreement and Purchase Agreement, generally are acceptable and are in part, subject to rates and other rules imposed by the Michigan Public Services Commission.

Please feel free to contact me with any questions or concerns in regard to this matter.
Very truly yours,

ROSATI SCHULTZ JOPPICH & AMTSBUECHLER PC

Elizabeth Kudla Saarela

Re: City of Novi- Crescent Blvd

Attached is the agreement for the work to be performed in the budget letter was sent on January 2, 2019. A detailed description of the project is outlined in the agreements. Please print TWO copies. Please sign BOTH copies in the designated areas. A check in the amount of $102,510.74 is also required at this time. Please return BOTH signed agreements (as well as check or Purchase Order…made payable to DTE Energy) to the following address:

DTE Energy
8001 Haggerty Rd.
Belleville, MI 48111
140 WWSC-Brandon Faron

Upon receipt of BOTH signed copies (and payment), we (DTE Energy) will then sign BOTH copies and return ONE original back to you.

Please call if you have questions, 734-397-4017.

Sincerely,

Brandon R. Faron

Community Lighting
Exhibit A to Master Agreement

Purchase Agreement

This Purchase Agreement (this “Agreement”) is dated as of February 25, 2019 between The Detroit Edison Company (“Company”) and the City of Novi (“Customer”).

This Agreement is a “Purchase Agreement” as referenced in the Master Agreement for Municipal Street Lighting dated September 16, 2013 (the “Master Agreement”) between Company and Customer. All of the terms of the Master Agreement are incorporated herein by reference. In the event of an inconsistency between this Agreement and the Master Agreement, the terms of this Agreement shall control.

Customer requests the Company to furnish, install, operate and maintain street lighting equipment as set forth below:

SIGN HERE
11. **Special Order Material Terms:**

All or a portion of the Equipment consists of special order material: (check one) ☑ YES  ☐ NO

If “Yes” is checked, Customer and Company agree to the following additional terms.

A. Customer acknowledges that all or a portion of the Equipment is special order materials (“SOM”) and not Company’s standard stock. Customer will purchase and stock replacement SOM and spare parts. When replacement equipment or spare parts are installed from Customer’s inventory, the Company will credit Customer in the amount of the then current material cost of Company standard street lighting equipment.

B. Customer will maintain an initial inventory of at least _2_ posts and _2_ luminaires and any other materials agreed to by Company and Customer, and will replenish the stock as the same are drawn from inventory. Costs of initial inventory are included in this Agreement. The Customer agrees to work with the Company to adjust inventory levels from time to time to correspond to actual replacement material needs. If Customer fails to maintain the required inventory, Company, after 30 days’ notice to Customer, may (but is not required to) order replacement SOM and Customer will reimburse Company for such costs. Customer’s acknowledges that failure to maintain required inventory could result in extended outages due to SOM lead times.

C. The inventory will be stored at City of Novi DPW: 26300 Lee BeGole Dr, Novi. Access to the Customers inventory site must be provided between the hours of 9:00 am to 4:00 pm, Monday through Friday with the exceptions of federal Holidays. Customer shall name an authorized representative to contact regarding inventory: levels, access, usage, transactions, and provide the following contact information to the Company:

   Name: Chris Stanley  
   Title: Dept. of Public Works  
   Phone Number: 248-735-5640  
   Email: cstanley@cityofnovi.org

   The Customer will notify the Company of any changes in the Authorized Customer Representative. The Customer must comply with SOM manufacturer’s recommended inventory storage guidelines and practices. Damaged SOM will not be installed by the Company.

D. In the event that SOM is damaged by a third party, the Company may (but is not required to) pursue a damage claim against such third party for collection of all labor and stock replacement value associated with the damage claim. Company will promptly notify Customer as to whether Company will pursue such claim.

E. In the event that SOM becomes obsolete or no longer manufactured, the Customer will be allowed to select new alternate SOM that is compatible with the Company’s existing infrastructure.

F. Should the Customer experience excessive LED equipment failures, not supported by LED manufacturer warrantees, the Company will replace the LED equipment with other Company supported Solid State or High Intensity Discharge luminaires at the Company’s discretion. The full cost to complete these replacements to standard street lighting equipment will be the responsibility of the Customer.
Company and Customer have executed this Purchase Agreement as of the date first written above.
