CITY of NOVI CITY COUNCIL

Agenda Item H
June 20, 2011

SUBJECT: Approval to award Sanitary Sewer Cleaning services to Metro Environmental Services, Inc. for annual sewer cleaning for 2011-2012 at an estimated amount of \$55,000, subject to contract pricing.

SUBMITTING DEPARTMENT: DPS, Water and Sewer Division *RH*

CITY MANAGER APPROVAL: *[Signature]* *[Signature]*

EXPENDITURE REQUIRED	\$55,000
LINE ITEM NUMBER	592-592-00-936-500 (Water & Sewer Fund)

BACKGROUND INFORMATION:

City Council approved the CMOM Sanitary Sewer Televising & Cleaning contract on April 4, 2011. The contract price of \$39,880 was based solely on the cost to inspect the total length of sewer pipe in Areas C2, C3, F1, and F2; but not the cost to clean the sewers because the total quantity could not be estimated at the time of award. Now that a significant amount of pipe has been inspected via televising, reliable estimates of the total length of different sizes of sewer that need cleaning has been made. These estimates coupled with the contract's unit prices for cleaning result in an additional estimated amount of \$55,000 for cleaning services to be billed pursuant to the attached bid prices abstracted from the contract.

This is a unit price contract, meaning that the contractor will only be paid for the actual quantities of work performed at the unit prices in the contract. Also, the contract term is through the end of FY 2011/2012.

RECOMMENDED ACTION: Approval to award Sanitary Sewer Cleaning services to Metro Environmental Services, Inc. for annual sewer cleaning for 2011-2012 at an estimated amount of \$55,000, subject to contract pricing.

CITY of NOVI CITY COUNCIL

Agenda Item C

April 4, 2011

SUBJECT: Approval to award a service contract for Sanitary Sewer Televising and Cleaning Services for CMOM Assessment Areas C2, C3, F1 and F2 and as-needed emergency televising and cleaning services to Metro Environmental Services, Inc., the lowest responsive bidder, in the estimated annual amount of \$39,880.08. The term of the contract is one year, with the option of three one-year extensions.

SUBMITTING DEPARTMENT: DPS, Water and Sewer Division

Rth 

CITY MANAGER APPROVAL:

EXPENDITURE REQUIRED	\$39,880.08
ADDITIONAL AMOUNT REQUIRED	N/A
LINE ITEM NUMBER	592-592-00-936-500 (Water & Sewer Fund)

BACKGROUND INFORMATION:

The Water and Sewer Division of the Department of Public Services is continuing work initiated under the Capacity Management Operations and Maintenance (CMOM) program, which is a systematic process of evaluating the sanitary sewer system to: determine sources of inflow and infiltration from groundwater and surface water sources, remove those sources, and maintain the City's sanitary sewer capacity. The program was established as part of an overall asset management program for the sanitary sewer system as outlined in the attached technical memorandum from Orchard Hiltz & McCliment (OHM) dated June 20, 2008.

The City has been subdivided into 15 sub-districts to facilitate the assessment of the sanitary collection system. Areas G, B, C1, and portions of C2 were assessed previously by televising and cleaning sewers and metering sanitary flows. The evaluation of additional areas is now ready to begin. (The OHM technical memorandum shows the master schedule for the overall implementation schedule for the entire sanitary sewer system.)

Televising the sanitary sewer system is the second of four components of the "Capacity" part of the CMOM program, which include: 1) metering the flow; 2) identification of inflow and infiltration through smoke testing, manhole inspections and televising; 3) rehabilitation of manholes and pipes to decrease inflow and infiltration; and 4) post-construction metering to determine effectiveness. The televising contract will provide data to City staff for sanitary sewer evaluation. This data along with smoke testing results and manhole investigations that the Water and Sewer Division will conduct in-house will be used to develop a scope for rehabilitation of any deficient structures and pipes.

A total of eight bids were received and opened on March 23, 2011, following a public bid solicitation period. The lowest responsive bidder is Metro Environmental Services, Inc. Metro's bid is recommended as being in the best interest of the City as it is responsive (i.e.,

Metro has complied with all requirements of the bidding instructions), Metro can meet the one hour emergency response time, and it is the lowest responsive price. Water & Sewer Division staff has previously worked with Metro, to include successfully televising and cleaning of CMOM Assessment Areas G, C1 and a portion of Area C2, and therefore recommends award.

The lowest bid for these services was submitted by Terra Contracting; however, Terra indicated that it could not meet the City's required one-hour response time and was therefore disqualified. In addition, Terra failed to acknowledge receipt of a bid addendum issued for the project.

A summary of the eight bids is presented on the attached bid tabulation form.

This contract is for a one year term with three potential one-year contract extensions to complete the sewer televising of the areas listed above, and to provide emergency televising and cleaning as needed by the Water and Sewer Division.

RECOMMENDED ACTION: Approval to award a service contract for Sanitary Sewer Televising and Cleaning Services for CMOM Assessment Areas C2, C3, F1 and F2 and as-needed emergency televising and cleaning services to Metro Environmental Services, Inc., the lowest responsive bidder, in the estimated annual amount of \$39,880.08. The term of the contract is one year, with the option of three one-year extensions.

BID FORM

The undersigned Bidder proposes and agrees, if this Bid is accepted, to enter into an Agreement with the City of Novi to perform the work, for the prices and times specified in this Invitation to Bid. Bidder accepts all terms and conditions of the Invitation to Bid.

In submitting this Bid, Bidder represents that Bidder:

- is familiar and satisfied with the potential site conditions that may affect cost, progress, and performance of work
- is familiar and satisfied with all applicable federal, state, and local Laws and Regulations
- has given written notice when beginning work in the City of Novi of all conflicts, errors, ambiguities, or discrepancies discovered in the Invitation to bid documents
- acknowledges that the quantities provided in the Bid Form are only estimates, and in some cases included in order to establish a unit price in the event the work is necessary, and that actual quantities may increase, decrease, or be zero based on actual work required
- will complete any required inspections by certified technicians using NASSCO's Pipeline Assessment and Certification Program (PACP) for identifying observations

Bidder will complete the work outlined in this Invitation To Bid for the following prices:

BASE BID: ANNUAL SANITARY SEWER VIDEO INSPECTION PROJECTS, 6-12 INCHES

1. Organizational structure: Corporation, Partnership, 'etc. Corporation
2. Firm established: 1981
3. How many full time employees? 17 Part time? 4
4. Do you have 24-hour emergency service? yes
5. 24-hour/7-day Emergency Telephone Numbers
(248)960-1111 (248)255-1341
6. Provide your procedure for handling night and weekend calls. Once the call is received the 24 hr On-Call Service Tech is notified & dispatched directly to the site. If special equipment is needed they will be dispatched to the shop first.
7. Can you meet our emergency response requirement of one hour from receipt of call? Yes If not, what is the time frame for your response? _____
8. Address of your local facility 1025 Metro Drive, Walled Lake, Mi. 48390
9. Are you able to provide insurance coverage as required by this bid? Yes
10. List the scope of services (type of work) you are able to perform.

10. CCTV-mainline/laterals, high pressure jet, vactor, vac/jet, off road easement jetting, catch basin cleaning, confined space entry, spot line repair by pass pumping, industrial off road vactor, parking lot & street sweeping, excavation, electric cable service, electronic locate buried

lines, hydro excavation, TCLP testing, lift station cleaning, septic tank pumping, portable toilets, catch basin/manhole rehab., grouting

11. List any professional licenses/certifications you/your employees have obtained that would be applicable to this contract.

OSHA-Confined Space Certified, PACP Pipeline/MH Training,

Forklift/Manlift, CDL A/B Tanker Driver Endorsements, Licensed

Industrial Waste Hauler, Liscensed Septic Hauler, OSHA-Workplace,

Construction & Employee Safety Certified

12. Provide a list of mobile service technicians, and all other professional staff to be assigned to this contract. Include name, title, license number, years of experience, full/part time, on-call availability, qualifications, and experience.

John Schumacher-Operations Mgr. 25 years, CDLA, Glen Ranstadler-Plbg Tech, 10 years

Andrew Mapes-Fleet Mgr, PACP, 10 years, CDLA, Scott Randstadler-CDLA, Tanker, 10 yrs

Cliff Turner-Sr. Tech, PACP, 25 years, Kyle Gotferdson-Jet Specialist, 6 years

Paul Ferriby-Sr. Tech, 23 Years, CDLA

Robert Hayes-Video Inspection Tech, 11 years, PACP, CDLA

13. List large equipment which is available to your firm to perform this contract:

(2) Guzzlers for backyard cleaning

(5) Vactor 2100 for sewer & storm cleaning

(3) CCTV truck mounted systems w/software. (1) portable off road system

(2) backyard easement cleaning machines

(2) truck mounted sewer jets, (2) trailer mounted by-pass pump systems

14. **References:** Provide at least three (3) current references that are comparable in scope to this bid. References from municipalities would be desirable.
