

CITY of NOVI CITY COUNCIL

Agenda Item H
December 19, 2011

SUBJECT: Approval of Traffic Control Order 11-41 requiring northbound traffic on Hudson Drive to yield at Cartier Drive and Traffic Control Order 11-42 requiring westbound traffic on Nadlan Court to yield to Hudson Drive.

SUBMITTING DEPARTMENT: Department of Public Services, Engineering Division *BC*

CITY MANAGER APPROVAL: *[Signature]*

BACKGROUND INFORMATION:

The streets within Beck North Corporate Park Phase II, located north of West Road and west of West Park Drive, were constructed and accepted by the City without the installation of traffic control signs at the two intersections: Nadlan Drive at Hudson Drive and Hudson Drive at Cartier Drive. Engineering staff reviewing the existing conditions at the two intersections and recommends the installation of the following traffic control signage:

TCO	Description
11-41	Northbound Hudson Drive to yield at Cartier Drive
11-42	Westbound Nadlan Drive to yield at Hudson Drive

Yield signs are recommended at both intersections because there is adequate sight distance at the intersections. The Michigan Manual of Uniform Traffic Control Devices (MMUTCD) is the legal standard for the placement and selection of traffic control devices such as yield signs. MMUTCD allows the use of yield signs when the ability to see all potentially conflicting traffic is sufficient to allow a road user to pass through the intersection or to stop in a reasonably safe manner.

Beck North Corporate Park Phase II is primarily undeveloped. As the development approaches build-out, the traffic control at these intersections will be reevaluated.

RECOMMENDED ACTION: of Traffic Control Order 11-41 requiring northbound traffic on Hudson Drive to yield at Cartier Drive and Traffic Control Order 11-42 requiring westbound traffic on Nadlan Court to yield to Hudson Drive.
