APPROPRIATION REQUIRED	NA
LINE ITEM NUMBER	208-691.00-974.101

BACKGROUND INFORMATION:

The following tennis courts will be resurfaced for the 2013 season. Below is a breakdown of what will be done at the ITC Community Sports Park and Rotary Park Tennis Courts.

ITC Community Sports Park (2 tennis courts): Prime and apply patch binder to four (4) low areas on courts to reduce the amount of standing water, crack repair, apply one (1) coat acrylic resurfacer to courts, apply two (2) coats acrylic color surfacing to courts, stripe courts per USTA standards, and remove from site all debris generated during the course of the project and legally dispose of same.

Rotary Park (2 tennis courts): Prime and apply patch binder to eight (8) low areas on courts to reduce the amount of standing water, crack repair, apply one coat acrylic resurfacer to courts, apply two coats acrylic color surfacing to courts, stripe courts per USTA standards, and remove from site all debris generated during the course of the project and legally dispose of same.

Crack Repair & Surface Coating

Major (1/2" or larger) and minor (less than 1/2") cracks shall be repaired. Materials to repair cracks shall be high quality (Sport Master, True Patch or approved equivalent).

Contractor shall rout and thoroughly clean all cracks and remove previous crack repair materials that are loose or not bonded well to the court including any rubberized crack filling materials.

Two bids were received and opened on November 15, 2012 following a public bid solicitation period. The lowest bidder is Goddard Coatings Company. Goddard Coatings bid is recommended as being in the best interest of the City as it is responsive (i.e., Goddard Coatings has complied with all requirements of the bidding instructions) and it is the lowest price. A bid Tabulation is located below.

ITC Community Sports Park and Rotary Park tennis courts work is scheduled to begin next spring and be completed no later than March 20, 2013, weather permitting.
