

## **Update on 2005 Michigan Natural Resources Trust Fund (MNRTF) Land Acquisition Grant**

In 2005, the City of Novi was awarded a grant to acquire two land parcels, totaling 51 acres, on Meadowbrook Road. Staff have been working with the Department of Natural Resources-Michigan (MDNR) and the Michigan Department of Environmental Quality (MDEQ) to meet all requirements to proceed with the acquisition. Recently, the MDNR provided approval to proceed with the acquisition. Staff are completing all of the necessary documents and should be able to complete the acquisition within 60-90 days. The following site improvements on the 15 acre parcel occur in the summer of 2008:

- installation of park entryway and accessible parking area
- a paved pathway
- an accessible fishing pier
- signage

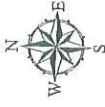

The City will receive the grant funds following completion of the acquisition and improvements.
