

BUILD A BETTER WORLD!

Summer Reading Program sure to be a hit with whole family

Build a better world this summer at the Novi Library. The summer reading program is geared towards all ages. Adults, Teens, Tweens and Youth will all have the same themed program this year which is intended to encourage people of all ages to keep up with their reading during the summer months and enjoy some fantastic programs and activities along the way.

Beginning May 15 and running until Saturday, August 5, readers can sign up and record their reading minutes online at novilibrary.org or stop by the

library to register. Teen volunteers are available along with library staff to help patrons record their reading minutes and register during the summer. Track your time spent reading, visit the library to pick up your prizes, attend programs and discover the many resources the library offers to the community.

Summer Reading is not just for kids. Adults can also enjoy a fun-filled summer

experience with weekly drawings, programs, and three grand prizes available. Plus, earn a free book or DVD just by signing up.

Along with reading, many programs are featured including a variety of different activities and events, drawings, story times, and a finale trip to Paradise Park for students in grades K-6 and a

Teen After Hours Party for grades 7-12.

The ongoing support from the Friends of the Novi Library, Paradise Park, Novi Community School District, Everbrook Academy, Twelve Oaks Mall and Town & Country Eyecare help make this summer program a huge success. Their generous financial contributions allow

the library to offer an enhanced variety of programs and services to our community.

The summer reading program is a favorite tradition to many patrons who look forward to it every year. The Novi Library hopes to see everyone reading, learning, and enjoying the many activities and resources that are offered to them this summer.

For more information

about the Novi Public Library or the summer reading program visit novilibrary.org or stop by at 45255 W. Ten Mile Road.
