**MATTERS FOR CONSIDERATION**

1. **HADLEY’S TOWING JSP16-33 with Rezoning 18.715**
Consideration at the request of Hadley’s Towing for Planning Commission’s recommendation to the City Council for rezoning property in Section 17 on south side of Grand River Avenue between Wixom Road and Beck from I-1 (Light Industrial) to I-2 (General Industrial) with a Planned Rezoning Overlay (PRO). The subject property is approximately 17.78 acres and the applicant is proposing to rezone approximately 5.6 acres of northerly portion of the property to accommodate the vehicle towing business and outdoor storage yard. The applicant is proposing to develop the property in two phases. The first phase includes construction of 155 parking spaces to store towed vehicles and the future phase would include 113 spaces.

In the matter of Hadley’s Towing, JSP 16-33 with Zoning Map Amendment 18.715, motion to recommend approval to the City Council to rezone the subject property from I-1 (Light Industrial) to I-2 (General Industrial) with a Planned Rezoning Overlay (PRO) with a Planned Rezoning Overlay.

a. The recommendation shall include the following ordinance deviations for consideration by the City Council:
   i. Planning Deviation for outdoor storage and screening extending into the required front yard setback of the district as the proposed yard has little to no visibility from Grand River Avenue, as listed in Section 4.55.
   ii. Landscape deviation for absence of required interior parking lot landscaping islands or trees as listed in Section 5.5.3.C to allow for easy maneuverability of tow trucks and towed vehicles.
   iii. All parking bays exceed the maximum 15 spaces (up to a maximum of 44 spaces provided) as listed in Section 5.5.3.C. to allow for easy maneuverability of tow trucks and towed vehicles.
   iv. Landscape deviation for absence of required berm along Grand River frontage greenbelt as listed in Section 5.5.3.B.ii and iii. due to lack of space
   v. Landscape deviation for absence of required street trees along Grand River frontage as listed in Section 5.5.3.E.i.c and LDM 1.d. due to lack of space
   vi. Traffic Deviation for painted end islands instead of raised end islands as listed in Section 5.3.12 to allow for easy maneuverability of tow trucks and towed vehicles.
   vii. City Council variance for the exclusion of bicycle parking, as required per section 5.16 due to nature of the proposed use.
viii. City Council variance for lack of a traffic impact study due to the nature of the proposed use.

b. Applicant complying with the conditions listed in the staff and consultant review letters.

c. If the City Council approves the rezoning, the Planning Commission recommends the following conditions be requirements of the Planned Rezoning Overlay Agreement:
   i. The Zoning Map amendment from I-1 (Light Industrial) to I-2 (General Industrial) is limited for 5.6-acre of a 17.76-acre property as indicated in the concept plan. There will be no further requests for expanding the proposed 5.6-acre rezoning area as shown on the concept plan.
   ii. The development will happen in two phases. The first phase includes construction of 155 parking spaces to store towed vehicles and the future phase would include 113 spaces.
   iii. Additional berm and landscaping proposed to provide additional screening to the property on north shall be protected in a permanent landscape easement. Exact boundaries will be determined at the time of Final site plan.

This motion is made because:
   i. The rezoning request fulfills two objectives of the Master Plan for Land Use by fostering a favorable business climate and welcoming new business.
   ii. The rezoning is a reasonable alternative as the proposed use is less intense of uses that would be typically allowed under I-2 zoning and puts to use a vacant parcel and is adjacent to other parcels of similar use.
   iii. The rezoning will have no negative impact on public utilities.

Motion carried 4-0.
