1. PZ17-0021 (Dembs Development, Inc.) 46480 Nadlan Ct, East of Beck Road and South of W. Pontiac Trail, Parcel # 50-22-04-151-034 The applicant is requesting a variance from the City of Novi Zoning Ordinance Section 3.14.5.C. To allow the height of a proposed 30 feet 8 inch building to increase by 5 feet 8 inches, maximum height allowed is 25 feet. This property is zoned Light Industrial (I-1).

   The motion to approve case PZ17-0021 requesting building height variance was approved. Without the variance the petitioner would be unreasonably prevented or limited with respect to use of the property for the prospective research and development tenants that require both 1st floor laboratories and 2nd floor office space. The relief granted will not unreasonably interfere with adjacent or surrounding properties because of the existing mature woodland as well as the steps taken on plans to add additional evergreen trees and a masonry wall to reduce sound and light impact. The variance granted is subject to the granting of Preliminary Site Plan and Special Land Use Approval.
