CHAIRPERSON PEHRSON: Call to order

the March 8th regular meeting of the Novi Planning

Commission.

Kirsten, can you call the roll?

MS. MELLEM: Member Anthony?

MR. ANTHONY: Here.

MS. MELLEM: Member Avdoulos.

CHAIRPERSON PEHRSON: Absent,

excused.

MS. MELLEM: Member Giacopetti?

CHAIRPERSON PEHRSON: Absent,

excused.

MS. MELLEM: Member Greco?

MR. GRECO: Here.

MS. MELLEM: Member Lynch?

MR. LYNCH: Here.

MS. MELLEM: Chair Pehrson?

CHAIRPERSON PEHRSON: Here.

MS. MELLEM: Member Zuchlewski?
CHAIRPERSON PEHRSON: Absent, excused.

With that, if we could rise for the Pledge of Allegiance, and it would be my honor to hear Mr. Lynch lead us in that.

(Pledge recited.)

CHAIRPERSON PEHRSON: Thank you. Look for a motion to approve the agenda or any modifications thereof.

MR. GRECO: Motion to approve.

MR. ANTHONY: Second.

CHAIRPERSON PEHRSON: All those in favor?

THE BOARD: Aye.

CHAIRPERSON PEHRSON: No one opposed. We have an approved agenda.

That brings us to our first audience participation. Seeing no one in the audience, I'm going to take a wild stab that no one wants to speak. So we'll close the first audience participation.

Any correspondence?

MR. GRECO: No correspondence.
CHAIRPERSON PEHRSON: Committee reports?

The City Planner report.

Ms. McBeth.

MS. MCBETH: Thank you. Good evening.

I just wanted to report that at the February 27th City Council meeting, City Council approved the first reading of the zoning map amendment for the property that's located at the southwest corner of Twelve Mile and Taft Road. That was a rezoning from RA (residential acreage) to OST (planned office service technology.) We expect that will go back for a second meeting soon.

CHAIRPERSON PEHRSON: Very good.

MS. MCBETH: Thank you.

CHAIRPERSON PEHRSON: Under our first public hearing, it's a Text Amendment 18.284 for outdoor display and above ground storage tanks. That's a public hearing for the consideration of Text Amendment 18.284 to allow outdoor display in the OSC, Office Service Commercial District, and to allow above ground storage tanks in the OST, Planned Office.
Service Technology District.

Kirsten.

MS. MELLEM: Good evening.

So the proposed ordinance amendment address two previously approved text amendments from 2014 that were inadvertently excluded from the Clearzoning Ordinance reformatting, and is therefore going through the process to reinstate the ordinance language.

The first one is to allow Outdoor Display in connection with a permitted General Hospital use, making it a temporary special land use reviewed by the Building Official. At the February 8, 2017 Planning Commission meeting to set the public hearing the members asked for clarification on whether a billboard vehicle would be allowed on the display pad. A billboard vehicle would not be permitted, the text amendment states that only "one sign shall be permitted to be located on the display of no greater than two square feet in area. All other signs as defined in Chapter 28 of the City Code are prohibited."

The second item is to allow
outdoor placement of above ground storage tanks in OST
with the same conditions as required in I-1 with three
modifications proposed. The three modifications are
removal of the size limit per storage tank, limiting
the location of tanks, and allowing the screening wall
material to match the primary building materials.

There were no additional changes
from the previously approved language currently
proposed.

The Planning Commission is asked
tonight to hold the required public hearing and make a
recommendation to the City Council, who will
ultimately approve or deny the amendment, and may
propose alterations as well. Staff is available to
answer any questions you may have regarding the
proposed amendment.

CHAIRPERSON PEHRSON: Thank you.

I'll open it up to the audience
for their participation.

Seeing no one, we'll close the
audience participation.

Any memos or letters?

MR. GRECO: No memos, letters or
correspondence.

CHAIRPERSON PEHRSON: Then we'll close the audience participation and turn it over to the Planning Commission for their consideration.

Member Greco.

MR. GRECO: I'd like to make a motion to recommend approval to the City Council of Text Amendment 18.284, outdoor display and above ground storage tanks.

MR. LYNCH: Second.

CHAIRPERSON PEHRSON: There's a motion by Member Greco, second by Member Lynch.

Any other comments?

Kristen, call the roll.

MS. MELLEM: Member Anthony?

MR. ANTHONY: Yes.

MS. MELLEM: Chair Pehrson?

CHAIRMAN PEHRSON: Yes.

MS. MELLEM: Member Greco?

MR. GRECO: Yes.

MS. MELLEM: Member Lynch?

MR. LYNCH: Yes.

MS. MELLEM: Motion passes four to
zero.

CHAIRPERSON PEHRSON: Next is the matters for consideration. Introduce text amendment 18.821, Facade Ordinance Update, and it's to set a public hearing for Text Amendment 18.281 - to update Section 5.5, Exterior Building Wall Facade Materials, commonly known as the Facade Ordinance, and to update and clarify the requirements associated with facade materials.

Kirsten.

MS. MELLEM: Yes.

CHAIRPERSON PEHRSON: Good evening again.

MS. MELLEM: Good evening.

The proposed ordinance amendment addresses the section commonly referred to as the Facade Ordinance under Article 5: Site Standards, Section 5.15: Exterior Building Wall Facade Materials. Over the years it has come to the attention of staff and consultants that there are several areas where further clarification are needed as well as updates to include new materials available to applicants. Therefore, the following proposed
updates to the facade section of the ordinance reflect
these needed changes.

Some of the items to highlight
include:

Clarification that the use of
color-changing illumination is prohibited.

Correcting an error in the slope
of the roof in the ordinance.

Clarification in plain language
that states painting of brick is prohibited. Staff
and consultants have always interpreted the ordinance
to such effect and are making it clear to applicants
that this is the standard.

And updates to the schedule
regulating facade materials and footnotes.

Also included in the packet is a
list of the 2015–2016 Section 9 Facade Waivers that
were proposed including the language of the motions
and type of materials.

The Planning Commission is asked
tonight to review the proposed amendments, and if
acceptable, to set a public hearing. At that time the
Planning Commission may make a recommendation to the
City Council, who will ultimately approve or deny the amendment, and may propose alterations as well. Staff is available to answer any questions you may have regarding the proposed amendment.

CHAIRPERSON PEHRSON: Thank you.

Turning it over to the Planning Commission for consideration.

Member Lynch.

MR. LYNCH: Yes. The only question I have is about the painting of the brick. Is it my understanding that painting of the brick -- painting brick has never been approved?

MS. MELLEM: Correct. The schedule -- the schedule of the materials says clay, natural brick, so the interpretation has always been that painted brick is not material that's approved.

MR. LYNCH: Does that apply throughout the city including the Town Center?

MS. MELLEM: Yes.

MR. LYNCH: And if somebody wanted to paint the brick, what would they do?

CHAIRPERSON PEHRSON: Ms. McBeth.

MS. MCBETH: They should come and
talk to the community development department, and we
would provide a review of that, probably have our
consultant weigh in on that as well. If they insisted
that they wanted to do that, it might come to the
Planning Commission for a waiver of that.

I think what the ordinance is
saying here is trying to make it even more clear that
we don't really want to see painted brick because it's
a self-maintaining material. Our facade consultant
may attend the public hearing and could handle
specific questions at that time.

MR. LYNCH: All right. Thank you.

That's it.

CHAIRPERSON PEHRSON: Thank you.

Does the change in the ordinance
address some of the newer materials as well that we're
now seeing come to the marketplace?

MS. MELLEM: Yes.

CHAIRPERSON PEHRSON: So that would
give us some latitude for the -- so we don't look at
this every year, we look at this every two, three,
four or five, whatever. So materials are changing.

Do we have language in there that allows maybe
administratively or -- to look at that newer material
and make that part of the ordinance?

MS. MELLEM: I think Doug has
addressed some of the newer materials in that schedule
adding those. I think he usually looks at what the
similar material is, if it's something that's an
absolute new product, or what the intent of the
product is. So we can add more clarifying language so
that he's entitled to do that as a facade consultant
if that what's your interested in.

CHAIRPERSON PEHRSON: Thanks.

Anyone else?

Member Greco.

MR. GRECO: I don't think so.

I would like to make a motion to
set the Text Amendment 18.821 Facade Ordinance Update
for a public hearing.

MR. ANTHONY: Second.

MS. MELLEM: Can I correct that?

It's 281. It's wrong on the --

MR. GRECO: Okay. 18.281. Yes, I
accept that in my motion.

MR. ANTHONY: Second.
CHAIRPERSON PEHRSON: So we have a motion by Greco and a second by Anthony.

      Any other comments?
      Kirsten, please.

MS. MELLEM: Member Lynch?
MR. LYNCH: Yes.

MS. MELLEM: Chair Pehrson?
CHAIRPERSON PEHRSON: Yes.

MS. MELLEM: Member Anthony?
MR. ANTHONY: Yes.

MS. MELLEM: Member Greco?
MR. GRECO: Yes.

MS. MELLEM: Motion passes four to zero.

CHAIRPERSON PEHRSON: Next is the approval of the January 25, 2017 Planning Commission minutes.

      Any changes, modifications?
      MR. GRECO: I've reviewed it.

Motion to approve.

MR. ANTHONY: Second.

CHAIRPERSON PEHRSON: Motion by Greco, second by Anthony.
Kirsten, please.

MS. MELLEM: Chair Pehrson?

CHAIRPERSON PEHRSON: Yes.

MS. MELLEM: Member Lynch.

MR. LYNCH: Yes.

MS. MELLEM: Member Greco?

MR. GRECO: Yes.

MS. MELLEM: Member Anthony?

MR. ANTHONY: Yes.

MS. MELLEM: Motion passes four to zero.

CHAIRPERSON PEHRSON: Next is the February 8, 2017 Planning Commission Minutes.

Any changes or modifications, motions?

MR. GRECO: No. I would like to make a motion for approval of the February 8th, 2017 Planning Commission Minutes.

MR. ANTHONY: Second.

CHAIRPERSON PEHRSON: There's been a motion by Greco, second by Anthony.

Please call the roll.

MS. MELLEM: Member Lynch?
MR. LYNCH: Yes.

MR. MELLEM: Chair Pehrson?

CHAIRPERSON PEHRSON: Yes.

MS. MELLEM: Member Greco?

MR. GRECO: Yes.

MS. MELLEM: Member Anthony?

MR. ANTHONY: Yes.

MS. MELLEM: Motion passes four to zero.

CHAIRPERSON PEHRSON: Matters for discussion.

Do you want to chat about this, Ms. McBeth.

MS. MCBETH: I would happy be to.

So on the table this evening is -- we presented a planning commission report to summarize some of the key development plans that were reviewed by the Planning Commission and/or the City Council in 2016.

As you recall it was a very busy year, lots of really good and interesting development plans. We've divided the report into different sections.
The residential section comes first, and you'll probably recognize a lot of those names either under construction now or getting ready to start construction.

Offices. Several large office buildings were also approved. The conference center, of course the Suburban Collection Show Place expansion, a gas station, industrial, and three daycare facilities.

We also looked at the thoroughfare master plan which was adopted, and the master plan for Wendy's which we're going to be bringing back again now that we're going to have our full quorum back again.

CHAIRPERSON PEHRSON: Thanks. It was a busy year.

MS. MCBETH: It was. There were 100 stampings, which means projects that made it all the way to completion as far as planning is concerned.

CHAIRPERSON PEHRSON: It would be my recommendation that everybody on this board get a raise.

Any supplemental issues?
And our last audience participation.

Seeing one reluctant participant not wanting to participate, we'll close that, and look for a motion to adjourn.

MR. LYNCH: Motion to adjourn.

MR. GRECO: I'll second.

CHAIRPERSON PEHRSON: All those in favor?

THE BOARD: Aye.
