   FIRST READING

City Manager Cardenas said the Ordinance Review Committee has presented this after there were some questions raised about our current licensing for Arcade Games. The ordinance needed to be updated. The Committee decided to modify the ordinance by nullifying the Arcade portion, but still includes references to utilize the Police Department to govern conduct and the age of patrons on the premises during specific hours of the day.

Member Mutch commented, as one of the members of the Ordinance Review Committee, they took the opportunity to modify the ordinance as a positive step for the City. They had discussed eliminating all three sections but after some feedback from the Police Department, they wanted to keep the first section in place. He also commented he would like City Administration to discuss with the Police Department about a couple of the provisions. For instance, section 4-64 talks about having a certified adult operator at the facility at all times. Member Mutch wasn’t sure if that is currently and actively enforced. If it is not, maybe we can take it out of the ordinance. At the Committee level, they recognize that it may be a future discussion item, essentially, to decide what to do with minors when they should be in school. The Committee didn’t want to discuss those provisions and hold up progress on the other two sections.
CM 14-08-137  Moved by Mutch, seconded by Wrobel; CARRIED UNANIMOUSLY:

3. Approval of budget amendment to recognize the increase in payroll, social security and workers compensation expenditures, for the Mayor and City Council associated with the charter amendment approved by the voters on August 5, 2014. The increase in Mayor and City Council costs will be offset by actual property tax revenue received in excess of budget estimates.

   City Manager Cardenas noted that as the motion reads there were a lot of questions regarding how this Charter Amendment was going to be funded. This is completely revenue and expenditure neutral. We realized an increase in revenue that we didn’t anticipate for this year’s budget. Moving forward, budget amendments will now include a budget resolution.

CM 14-08-138  Moved by Staudt, seconded by Wrobel; CARRIED UNANIMOUSLY:
