3. Adoption of a Resolution Authorizing Distribution of Proposed City of Novi Master Plan for Land Use and Thoroughfare Master Plan for distribution to neighboring communities, Oakland County, railroads and public utilities for a 63-day review and comment period.

CM 16-07-091  Moved by Staudt, seconded by Wrobel; UNANIMOUSLY CARRIED:  
To adopt a Resolution Authorizing Distribution of Proposed City of Novi Master Plan for Land Use and Thoroughfare Master Plan for distribution to neighboring communities, Oakland County, railroads and public utilities for a 63-day review and comment period.

Member Mutch questioned City Administration regarding the two plans and wondered if they would be presented to City Council in terms of a formal presentation of the information in these plans. City Manager, Pete Auger responded saying if Council wishes, they could have both Consultants, one for the Master Plan and the other from the Thoroughfare Master Plan give a brief presentation on all of the changes. Member Mutch said he thought it would be important because the Resolution is set up for the
Planning Commission to ultimately be responsible for approving the two plans after they get reviewed and have another Public Hearing. He said particularly the Thoroughfare Master Plan contemplates over 40 million dollars just in highway improvements and in his experience once some of these ideas get baked into a plan they take on a life on their own. He also mentioned he thought it would be important for City Council to know what is being approved in both of these plans and they should have an opportunity to weigh in on those concepts. He wanted Council to be aware of those concepts and ensure that they are going in the direction that they want the City to go in. He felt the appropriate time to ask questions would be after a presentation when we can have a discussion about what will be proposed with the two plans.

Mayor Gatt said that he has heard for a long time that the City has had two Planning Commissions, the Planning Commission and Council. He said he does not have a problem with having a presentation, but said it is not the role of Council to change the plan; it is the Planning Commissions’ role. He said that he hoped every Council Member would respect that and mentioned everyone could attend a Planning Commission meeting when it is being presented and discussed and they could put their comments on the record as a citizen of Novi. He said the City Council has specific roles, and the Planning Commission has specific roles and sometimes they try to do both and he didn’t think that was proper. Mayor Gatt said he has no problem with it being presented to Council.

COMMITTEE REPORTS

Mayor Gatt said he wanted to talk about the Charter Review Committee. With the passing of one of the Consent Agenda items, the Committee would sunset. The Charter Review Committee has met for the last few years and has reviewed the whole Charter. He said they came up with several Charter Amendments that were brought to the voters, some passed and a few did not. The remaining points the Committee believed could be brought to the voters were such that the Committee thought would lead to the confusion of the voters as to what they were doing. He said if a future City Council wants to reopen the Charter Review Committee it would be up to them.
