   Public hearing at the request of Hunter Pasteur Homes Dunhill Park LLC for Planning Commission’s recommendation to the City Council for rezoning of property in Section 32, located at the northwest corner of Beck Road and Eight Mile Road from RA (Residential Acreage) To R-3 (One-Family Residential) with a Planned Rezoning Overlay (PRO).    In the matter of the request of Hunter Pasteur Homes Dunhill Park LLC for Dunhill Park JSP15-13 with Zoning Map Amendment 18.711 motion to postpone making a recommendation on the proposed PRO and Concept Plan to allow the applicant time to consider further modifications to the Concept Plan that would preserve natural features, or provide additional usable open space on site, and to further substantiate the public benefits that are being offered. This recommendation is made for the following reasons:

   - Unlike other recent development plans submitted for review, the Concept Plan provides no parkland on the site, with the open space provided primarily devoted to an on-site detention ponds and wetland mitigation areas.
   - Additional information is needed regarding the proposed environmental cleanup of the site, including a discussion of implications on future development, in order to supplement the information provided as a part of the response letter from the applicant and to support the assertion that the cleanup would be considered a significant public benefit.
   - Contrary to the applicant’s assertion, the proposed landscaping provided at the intersection and along Eight Mile Road and Beck Road frontages is not considered an enhancement over the ordinance standards.
   - Further information is needed regarding the proposed contributions to the ITC Sports Park, which have been identified by the applicant as a PRO Condition supporting approval of the request.
   - Further clarity is needed regarding whether the applicant will install the Eight foot wide concrete sidewalks along Eight Mile and Beck Roads, or whether the sidewalks will be installed by the City as a part of a public project.
   - There are a number of outstanding issues noted in the woodland and wetland review letters, including reflagging and verification of the wetlands, review of alternate layouts to minimize impacts to the natural features, and clarification of calculations provided.
   - There are a number of outstanding issues noted in the Engineering Review letter that need to be addressed on subsequent submittals.
   - To allow for the applicant to consider changing the requested rezoning from R-3 to R-1, as discussed at this public hearing.
