FROM — THE MAYOR

Greetings Neighbors,

Fall is one of my favorite times of year in Novi. As the seasons change, it's a great opportunity to reflect on what makes our community such a special place to live, work, and raise a family.

This edition of Engage highlights the many projects, programs, and events happening throughout our city. From our parks and recreation opportunities to facility improvements and community initiatives, these investments reflect our shared commitment to maintaining the exceptional quality of life Novi residents enjoy today while planning responsibly for tomorrow.

One of the most important opportunities to help shape Novi's future will take place on Tuesday, November 3, when voters will consider the renewal of the City's Capital Improvement Program (CIP) millage. For 10 years, the CIP has provided dedicated funding for the infrastructure that supports our daily lives—from the new Public Works facility and pathways to Fire apparatus and parks, as well as other important community improvements.

The proposal on this year's ballot is a renewal of the existing millage, allowing the City to continue investing in public safety apparatus, facilities and parks without increasing the current millage rate. These kinds of investments help preserve the services and amenities that make Novi one of the best places to call home.

I encourage every resident to learn more about the proposal (see page 26), review the facts, and most importantly, make your voice heard by voting on November 3. An informed and engaged community is one of Novi's greatest strengths.

Thank you for being an active part of our city. Whether you've lived in Novi for decades or recently made it your home, your involvement helps keep our community strong. I hope you enjoy this fall edition of Engage, and I wish you and your family a wonderful autumn.

Sincerely,

A handwritten signature in black ink that reads "Justin Paul Fischer".

Call the Community Development Department at 248.347.0415 to set up an appointment. Elevation Certificates for many structures within or near the floodplain are also available. Current FEMA and Flood Insurance Rate Maps (FIRMS) are also available at cityofnovi.org. Information is also available on the FEMA website or floodsmart.gov.

IN NOVI *We can*

From Winning Design to Community Mural

In 2024, the City of Novi launched a Mural Design Contest to discover original artwork that captured the unique character, culture, values, and spirit of our community while adding beauty to a public space. The response was extraordinary, with many outstanding entries showcasing the creativity and talent of our community. After careful consideration, Novi artist Robin Wagner's design, "In Novi We Can," was selected as the winning concept.

On Community Impact Day 2026, dozens of volunteers came together to help bring that vision to life. Inspired by Robin Wagner's winning design, the mural reflects the creativity, optimism, and

community pride that make Novi such a special place. Like many community art projects, the finished mural is the result of a collaborative process, with volunteers working together to create a lasting public work of art.

We sincerely thank everyone who participated in the Mural Design Contest for sharing their creativity and congratulate Robin Wagner on her winning design. The next time you're at Twelve Mile Crossing at Fountain Walk, stop by the west wall of Beerhead Bar & Eatery, across from the Emagine Theatre entrance, to see "In Novi We Can" and celebrate a mural that reflects the spirit of our community.

CONSTRUCTION OF THE LIBRARY'S MAIN ENTRANCE

A new front door system is scheduled to be installed in September. The current automatic doors will be replaced with manual doors, including an automatic push button option for accessibility. Unfortunately, the current door system impacts the temperatures in the building. Installing a new door system should improve building heating and cooling efficiencies by up to 70%. While work is being done, a temporary main door location will be designated for patrons to enter and exit the building. Check novilibrary.org for more information.

FORWARD DOWN THE FIELD: DETROIT LIONS 1934-1958

Wed, 7-8:30pm, Sep 30 · Free Community Event

The story of the Lions catching on in Detroit doubles as the story of professional football finding its place in American popular culture. Before the Portsmouth Spartans relocated to Detroit and donned the Honolulu Blue in 1934, several pro football teams tried and failed to gain a foothold in the city. What made the Lions different? This presentation examines the instability of the infant NFL, and how the Lions (and professional football) won the hearts of Detroiters to become the institution they are today, tracking the team from its small town roots, through its golden age in the 1950s and into the present.
