Background Information: This vehicle is needed to replace an aging vehicle used to transport Older Adults 55+ and people with disabilities. The caravan will replace Vehicle #203, a 2005 Jeep Liberty with no wheelchair accessibility.

Providing transportation service allows older adults to travel anywhere within the City limits or within a 10 mile radius of the Civic Center. Those who travel outside the city limits pay an additional charge. This program is focused on those that no longer drive or who are not comfortable driving to certain locations.

The new caravan will allow for either a wheelchair transport with three riders, or for four riders with no wheelchair transport. It is more versatile which fits the needs and schedules of our older adults that use the ride service.
