Michigan Department of Treasury Office of Revenue and Tax Analysis PO Box 30722 Lansing MI 48909

RE: Compliance Form 4886 for City of Novi, MI Transparency & Accountability

The City of Novi is pleased to submit form 4886 with the required documents per Public Act 84, in compliance with the State of Michigan's Transparency and Accountability Initiative.

The City of Novi has chosen to use a web-service for this requirement, and has partnered with Munetrix to showcase our data.

Included with this letter are the required documents for City of Novi's:

- Citizen's Guide to Finances including our Pension and OPEB status
- Performance Dashboard
- Debt Service Report
- Projected Budget Report

We have made the data available to the public via a link on our website; as well we will make available limited quantities of paper copies in our municipality lobby and notify residents in our periodic mailings. You will find the confirmation of our website link and various supporting transparency documentation included with this letter.

We look forward to receiving these important funds from the State of Michigan and trust you will contact us if there are any questions or concerns.

Sincerely,

Peter Auger City Manager Michigan Department of Treasury (Recreated) 4886 (Rev. 07-15)

City, Village, and Township Revenue Sharing/County Incentive Program Certification of Accountability and Transparency

Issued under authority of 2015 Public Act 84. Filing is mandatory to qualify for payments.

Each city/village/township/county applying for City, Village, and Township Revenue Sharing or County Incentive Program payments must:

- 1. Certify to the Michigan Department of Treasury (Treasury) that the local unit listed below has produced and made available to the public, a Citizen's Guide, a Performance Dashboard, a Debt Service Report, and a Projected Budget Report as required by 2015 Public Act 84. The Citizen's Guide, Performance Dashboard, Debt Service Report, and Projected Budget Report shall be made available for public viewing in the clerk's office or posted on a publicly accessible Internet site. The local unit must include in any mailing of general information to its citizens, the physical location or Internet website address where all the documents are available for viewing.
- 2. Submit to Treasury a Citizen's Guide, a Performance Dashboard, a Debt Service Report, and a Projected Budget Report.

This certification, along with a Citizen's Guide, a Perfomance Dashboard, a Debt Service Report, and a Projected Budget Report, **must** be received by **December 1, 2015**, (or the first day of a payment month) in order to qualify for that month's payment. Postmark dates will not be considered. For questions, call 517-373-2697.

Projected Budget Report

General Fund

The General Fund is used to account for all financial resources traditionally associated with City government, except those required to be accounted for in another fund. The General Fund includes police, fire, planning, engineering, building inspection, neighborhood services, public works, assessing and internal services such as information technology, finance and treasury. The two primary sources of revenue for this fund are general property taxes and State Shared Revenue. In addition, the General Fund also receives revenue from licenses and permits, grants, fines and

^{*} Total Appropriations include service improvements, capital outlay, vehicles, and capital improvements. The level of such expenditures is dictated by available funds from accumulated fund balance and anticipated revenue above annual expenditures in conjunction with the targeted fund balance.

SPECIAL REVENUE FUNDS

Major Street Fund

The Major Street Fund's purpose is to account for expenditures associated with the construction and maintenance needs of the Major Street portion (as defined by State Act 51) of the City's street network. Of the 183.62 total centerline miles that make up the City of Novi road network, the City has 39.42 centerline miles of Major streets. Financing is primarily provided by the City's share of State gas and weight taxes.

Municipal Street Fund

The Municipal Street Fund is used to enhance the Major and Local Street Funds, and to provide matching funds for County roads. This fund accounts for a City Charter authorized property tax millage to supplement the Major and Local Street Funds that have limited resources due to the reliance on the State gas and weight tax.

Library Fund

Novi Public Library provides the resources and programs to support the educational, cultural, informational and recreational needs of its diverse community. The library supports intellectual freedom and access to information resources for all, while maintaining the privacy of its patrons and providing a safe and secure environment. The Library is funded primarily from property taxes in accordance with a special City Charter millage.

Library Contributed (Walker Library) Fund

In May 2004, the City of Novi's Library received a generous gift of \$1,000,000 from Charles and Myrtle Walker for use in the replacement or expansion of the then existing Library building. The Library Board also entered into a Library Building Fund Gift Agreement with the Walker family to encourage additional donations. The library has continued to receive donations. As of January 1, 2014, the restrictions on the use of these funds expired.

CAPITAL PROJECT FUNDS

Special Assessment Revolving Fund

This fund is used to account for the construction of capital assets funded in whole or part by long-term special assessment debt. The city has self-funded previous projects and has elected to maintain the cumulative interest as well as the initial General Fund contribution in this fund. All future uses of this fund will be determined as part of the city's annual capital improvement plan (CIP plan).

Street Improvement Fund

As of fiscal year 2013-2014, the City Council has elected to transfer the remaining unspent balances for ongoing construction projects in the Major, Local, and Municipal Street funds into this separate capital improvement fund until completion. The City expects all projects in this fund to be completed before the end of the following fiscal year. This fund has no initial budget since the unfinished projects as of June 30, 2015, are unknown. The budget will be amended accordingly after July 1, 2015.

PERMANENT FUNDS

Drain Perpetual Maintenance Fund

A citizen's committee has been established to oversee the building and maintenance of the drain system. This fund was initially created with allocations from the Drain Fund. Additional revenue has come from tap fees for properties connecting to regional systems. The intent is to build an investment base in which earnings will eventually cover the cost of maintaining the system and reduce or eliminate the need for the Drain Fund millage.

Water and Sewer Fund

The City of Novi takes pride in providing safe and efficient water distribution and sanitary sewage collection systems. The City has taken steps to further improve infrastructure, as recommended by the Water Distribution Study and Master Plan Update, and the sanitary sewer Capacity, Management, Operations and Maintenance Program (CMOM). These programs have allowed the City to fully examine the current operation of the City's utility-based infrastructure and provide recommendations for improvements to the water distribution and sanitary sewage collection systems.

Senior Housing Fund

Meadowbrook Commons is an older adult housing community owned by the City of Novi and managed by a contractual management company. Financing for this project was provided through bonds issued by the Building Authority. The total construction cost was \$12.5 million and all operational expenses and the bond debt retirement are covered by rental revenue.

Major Revenue Sources, Assumptions, and Trends

Revenue forecasting is a standard practice for the City of Novi. Individual revenue line-items are reviewed for their historical trends in order to project revenues over the next three years. The forecast is also based on economic factors, as well as information provided by the State and County. In order to be prepared for unexpected events and lower than anticipated revenues or higher than anticipated expenditures, the City budgets conservatively. The following are summaries of revenue sources including underlying assumptions and significant trends.

Property Tax Revenue

The maximum allowable millage rates are used for all funds except the Drain Fund. Taxable value projections are as of March 13, 2015. The 2015 taxable value increased approximately \$47,000,000 for net new construction. The future property values for 2016 and beyond include approximately \$92,000,000 in cumulative net new construction. Penalties and interest are based on historical collections, not most recent years. Inflation for 2015 tax year was 1.6% but due to new construction, the City anticipates an overall net increase (see loss of personal property taxes discussed below) in revenue of 3.4%.

The current millage rate is at 10.2 mills. A significant factor that has been taken into account for the future year's taxable value is the expected decrease in the personal property tax, per the new State of Michigan law (SB 10) that erases the personal property tax on the industrial property and other businesses with equipment less than \$40,000.

Licenses, Permits & Charges for Services

This revenue includes fees for various services and licenses. Revenues also include estimated fees paid by developers and contractors for the plan review, inspection of commercial, industrial and residential construction which partially covers the cost of the Community Development Department. This revenue is difficult to project since it is directly related to construction activity. The City's building activity is projected to remain strong with a 1% increase in fees projected each for the next fiscal years. The remaining revenue relates to liquor licenses and other fees collected by the Clerks Department.

Transfers In

The General Fund receives a transfer from the Police and Fire Fund annually which represents a portion of the dedicated property tax levy collected by that fund used to offset a portion of the overall costs for running the police and fire department. The transfer is expected to remain constant over the next couple years. The transfers in the special revenue funds represent transfers between the three street funds to cover construction costs as detailed in the six year CIP plan. The primary source of the transfers is a dedicated road millage in the Municipal Road Fund.

State Sources

State Revenue Sharing The State Shared Revenue program distributes sales tax collected by the State of Michigan to local governments as unrestricted revenues on a per capita basis (2010 Census population for Novi was 55,224). The distribution of funds is authorized by the State Revenue Sharing Act, Public Act 140 of 1971, as amended (MCL 141.901). For fiscal year (FY) 2015, the legislature established the City, Village, and Township Revenue Sharing (CVTRS) program (a simplified version of the Economic Vitality Incentive Program (EVIP)). Each eligible local unit must meet all of the requirements of Accountability and Transparency in order to receive the full CVTRS payments. A Consolidation of Services Plan and an Unfunded Accrued Liability Plan are not required under the CVTRS program. The City estimates a 2% decrease in overall revenue sharing in fiscal year 15/16 and a 2% increase in 16/17.

MDOT Act 51 The City receives monthly payments from the State of Michigan, Department of Transportation for their share of the motor fuels taxes collected that are earmarked specifically for use on the rods. The distribution is based on the number of miles of road within the city. The City anticipates an annual increase in this revenue of 1%. Nothing has been budgeted for the each year over the next collects real property tax proportionately levied on homeowners and landowners to cover the costs of improvements that will be for the benefit of all upon whom it is imposed.

Interest on Investments

This revenue is from investing available cash balances based on cash flow forecasts, capital reserves and fund balance reserves. Interest rates are budgeted to remain constant over the next few years resulting in little or no growth in overall earnings.

Program Revenue/Older Adult Program Revenue

This revenue source is from the many programs offered by the Parks, Recreation, and Cultural Services departments and Ice Arena. The Parks and Recreation Fund has approximately half its revenue funded from a dedicated property tax levy and the balance funded by program revenue. Program revenue is anticipated to increase 45 for the 15/16 year and remain flat for future years with the increase coming from the addition of a new staff member to run additional programs.

Operating Revenue

This revenue represents charges to customers for water and sewer usage as well as fees collected at the ice arena and rents collected at the senior housing facility. Operating revenue in the Water and Sewer Fund is anticipated to increase 6% annually based on projections and anticipated new customers. Ice arena and senior housing revenues are anticipating 1-2% annual inflationary increases.

The revenues discussed above are the major revenue categories as identified by the City and make up the majority of the total revenues of all appropriated funds, including enterprise funds. The schedule on the following page summarizes total revenue for all fund types of the City.

Expenditures

Personnel Services

The City of Novi budgets for full employment, maintaining a strong staff position control and budgeting system. Any additional cost savings as a result of vacancies, or positions filled at lower than budgeted amounts increases the fund balance, and is used in planning for the subsequent year's budget.

Personnel cost increases and decreases are pursuant to each of the current collective bargaining agreements. An increase of 0-2% each year, using 2014-15 as base year, is assumed based on total personnel costs. Defined benefit pension contributions are assumed to increase 20.8% for 15/16 (paying more than 100% of the ARC) and remain at that level for the subsequent two years (actual required contribution will decrease due to change in MERS assumptions but City will continue to pay extra toward unfunded liability). Employee health insurance costs are assumed to increase at 6% annually. The personnel assumptions are based on the number of full-time staff members as presented in the Departmental Information (Personnel Summary) section for fiscal year 2015-2016.

Other

Most expenditures range from 0%-3% increase; certain maintenance items increased based on historical median rate (i.e. road maintenance items). Liability and property and workers compensation insurance are assumed to increase 6-8% annually.

Capital Outlay & Technology

The Capital Outlay and/or non-recurring items are based on actual amounts included in the Capital Improvement Program (CIP) section. The City of Novi has a track record of replacing and maintaining assets, which not unlike businesses, allows the City flexibility in deferring capital purchases for a period of time during financially tight years.

Vehicles for public safety are the only capital outlay purchases included in the projection period. Existing Federal Forfeiture funds are planned to cover these costs through 2016-2017. Minimal Federal Forfeiture funds are assumed for purposes of this fiscal analysis. Certain programs like PC replacement are included in 2015-16 budgets and while department allocation may change, total estimated replacement remains the same plus inflationary adjustment of 3%.

Capital Improvements

The Major Street, Local Street Municipal Street, Drain, and Parks, Recreation and Cultural Services Funds reflect anticipated expenditures for each year based on the Capital Improvement Program.
