**PUBLIC HEARING:** 

## PRESENTATIONS:

Mayor Gatt announced that the Novi Police Department been awarded the Commission on Accreditation for Law Enforcement Agencies. David E. Molloy, Director of Public Safety/Chief of Police thanked the Mayor and Council for taking the time to recognize their organization for this very prestigious award. He introduced Sergeant Kevin Rhea who served as the accreditation manager throughout the 36 month process. He also introduced Assistant Chief Hart who commands of all the assets and support services, and Assistant Chief Zinser, who commands all of the uniform assets who are working our streets on a daily basis. He thanked everyone for their support. He said it did not come without a budgetary impact. It was not that significant, but it grows and develops further with the trust that the community has. He said that now that the organization has earned this award they are now one of nine organizations in the State of Michigan that have advanced CALEA accreditation. He mentioned that this puts the organization into the top 4% of all law enforcement agencies in the 18,000 that exist nationwide. Chief Molloy thanked everyone, including the City Manager's office for their support in allowing our men and women to grow and develop this program. Early on they did not believe that they were going to be able to accomplish this in 36 months, but they did it in 32 months. Many organizations take the time to have one person direct all of their policies. They did it a little bit differently because they have so many experts who are skilled in various areas. Sergeant Rhea thanked Chief Molloy for

all of his support. It was a lot of effort that the entire agency put in. One person could not have done this alone. Assistant Chief Hart also thanked the Chief for his leadership throughout the process. He also thanked the City Manager's office and Council for all of their support. He said this represented a historic time in his 26 years at the Novi Police Department. He said they have an overwhelming commitment to excellence in the profession of policing. Assistant Chief Zinser also thanked the Chief for his leadership; he said it was a team effort on everyone's behalf at the organization. He also thanked Council and the City Manager's office for their support. Mayor Gatt asked Chief Molloy to explain what happened in the 32 months that it took to get accredited. Chief Molloy said they have about 300 policies and procedures that guide the actions and operation of the Novi Police Department. He said they have shared those policies with hundreds of other police enforcement organizations over the past decade. He said CALEA incorporates 484 of the best practices into all of our policies and procedures. He said in doing that they would have to build the component into our policy and then we would actually have to find proofs of compliance that would prove to the Commission that we are in abiding by the policy that we have. You can have several well written policies, but unless they are implemented properly, and individuals are held accountable for those policies, they are not worth the paper they are written on. We are very proud that we were able to meet that gold standard and earn that accreditation. Mayor Gatt asked if the CALEA representatives actually flew in to watch and observe. Chief Molloy said yes, they had two assessors here in mid-March. They went over all of the operations, held public hearings; they met with staff and community members. They ultimately would develop a report recommending our approval to the full commission. Mayor Gatt said to be in the top 4% of the police agencies in the United States of America is an accomplishment that every person in the City should be greatly proud of. He said Novi is the best of the best. He recalled 15 to 20 years ago there was an attempt to become accredited and it fell by the wayside. Under Chief Molloy, it happened. On behalf of the Council he thanked Chief Molloy and he said they are proud of the Novi Police Department.

### MANAGER/STAFF REPORT:

City Manager Auger introduced Mr. Alan Weber, the new Economic Development Director. He comes to Novi via Oakland County where he led their international recruitment efforts. He said they look forward to him continuing our growth pattern. Mr. Weber thanked everyone for their warm welcome. He is looking forward to continuing the growth and strategic growth that has occurred in the City of Novi. Mayor Gatt welcomed Mr. Weber to Novi.

City Manager Auger said the second item he wanted to address was not in the packet. He said in June and July they performed their annual water and sewer fund revenue and the projected revenues and expenditures. The cost of the sewer is going up from\$17.9 million dollars to \$21.1 million in operating budget. The Great Lakes Water Authority increased the city's cost for water by 4% and the sewer processing by 10% or more than \$1.1 million dollars for the fiscal year of 2017-2018. Due to the Mayor and City Councils' prudent spending investment in our infrastructure the past few years the

fund has been able to hold our own cost steady while reducing other operating cost. Last year they were able to pass a one-time overall rate decrease by an average of 8% in the fiscal year 2016-2017. When staff reviewed the rates they are recommending that they do not increase the water rates for this year. He said other communities will see double digit increases in their rates.

## **AUDIENCE COMMENT:**

Cal and Whitney Stone, 2 Stones Events, thanked the City of Novi for helping them with the Main Event Novi Festival in June. They reported they had a Friday night V.I.P. reception that raised over \$10,000 for the Mitchell Kiefer Foundation. They also made a donation to Rotary for \$750 for handling the beer tent. They recently had a follow-up meeting with the City and they are excited to make it happen again next year. Mr. Stone said he would like to make a few tweaks for next year, but it is hard to pick a good weekend that does not compete with other events in the area. The city staff was wonderful to work with and the DPS was incredible. Mayor Gatt said they had fun, and many of the residents said they enjoyed it. Mayor Gatt thanked them for all of their hard work.
