## **CITY of NOVI CITY COUNCIL**

Agenda Item E October 26, 2015

**SUBJECT:** Approval of Change Order No. 1 to Merlo Construction Company for the Eight Mile Pathway project in the amount of \$167,186 to remove Alternate 2 from the contract award because it is planned for construction by the adjacent developer.

SUBMITTING DEPARTMENT: Department of Public Services, Engineering Division BTC

## CITY MANAGER APPROVAL:

## **BACKGROUND INFORMATION:**

The Eight Mile Pathway project was awarded to Merlo Construction on September 28, 2015. The project was bid as a base bid and two alternates. The base bid includes the construction of all pathway segments along the north side of Eight Mile Road, except across the frontage of the proposed Ballantyne subdivision (which is Alternate 1) and the proposed Dunhill Park subdivision (which is Alternate 2). The alternates were included to give flexibility at the time of award should there be movement toward developing one or both of the sites or if the bid prices exceed the budget. Staff had recommended award of the base bid and Alternate 1, while excluding Alternate 2 from the award. City Council approved the award of the entire project, including Alternate 2, at its regular meeting held on September 28, 2015.

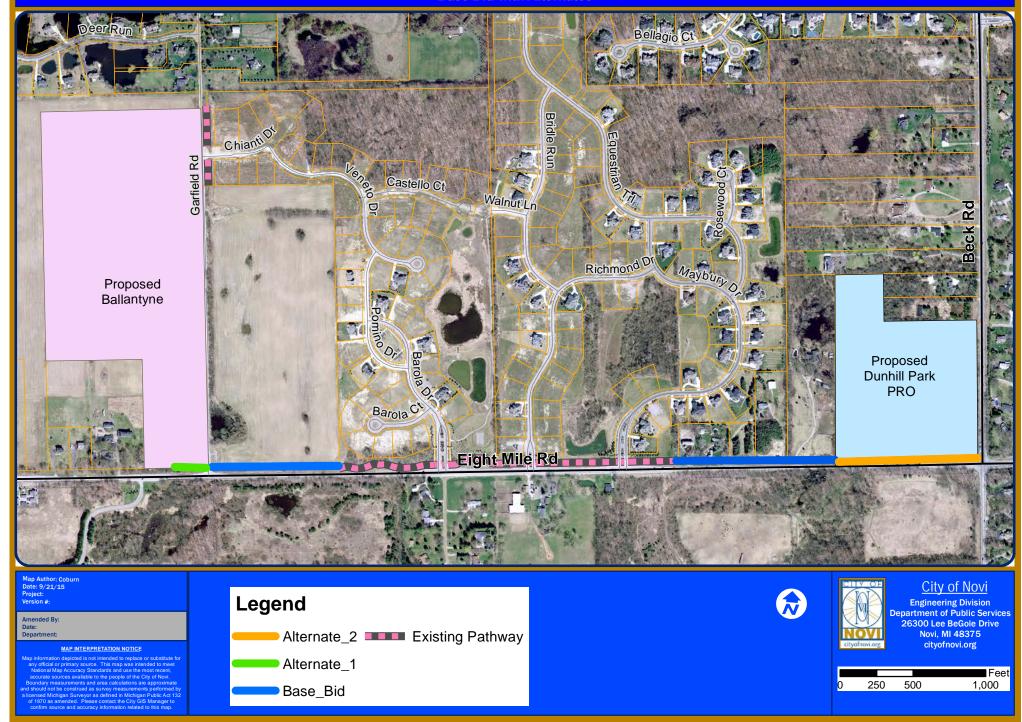

Since the time that the construction contract was awarded, Administration has had discussions with the developer of Dunhill Park (northwest corner of Eight Mile and Beck). The initial discussions focused on requesting reimbursement from the developer for the City's construction of the pathway across Dunhill's frontage. The developer is not willing to reimburse the City for the cost and is not satisfied with the linear design of the pathway. The developer would rather construct the pathway as part of the development.

Staff is recommending approval of Change Order No. 1 to remove Alternate 2 from the construction contract, resulting in a savings of \$167,186 plus associated engineering costs to the City. These funds would instead be utilized for the construction of the Providence Park Pathway (Medilodge to Beck Road) and the ITC Pathway Phase 1A.

**RECOMMENDED ACTION:** Approval of Change Order No. 1 to Merlo Construction Company for the Eight Mile Pathway project in the amount of \$167,186 to remove Alternate 2 from the contract award because it is planned for construction by the adjacent developer.
