

**CITY of NOVI CITY COUNCIL
Agenda Item 7
March 18, 2019**

SUBJECT: Approval to purchase Haworth UniGroup Too office furniture for the new Department of Public Works (DPW) building from ISCG Inc., in the amount of \$129,391.11 based on State of Michigan MiDeal cooperative purchasing program.

SUBMITTING DEPARTMENT: Integrated Solutions – Facilities Management Division

CITY MANAGER APPROVAL: *[Signature]*

EXPENDITURE REQUIRED	\$ 129,391.11
AMOUNT BUDGETED	\$ 129,391.11
APPROPRIATION REQUIRED	
LINE ITEM NUMBER	400-442.00-976.401

BACKGROUND INFORMATION:

The Department of Public Works Field Services complex expansion was approved during the City Council meeting on March 26th, 2018. Included in the project approval were funds for soft cost related items like furniture.

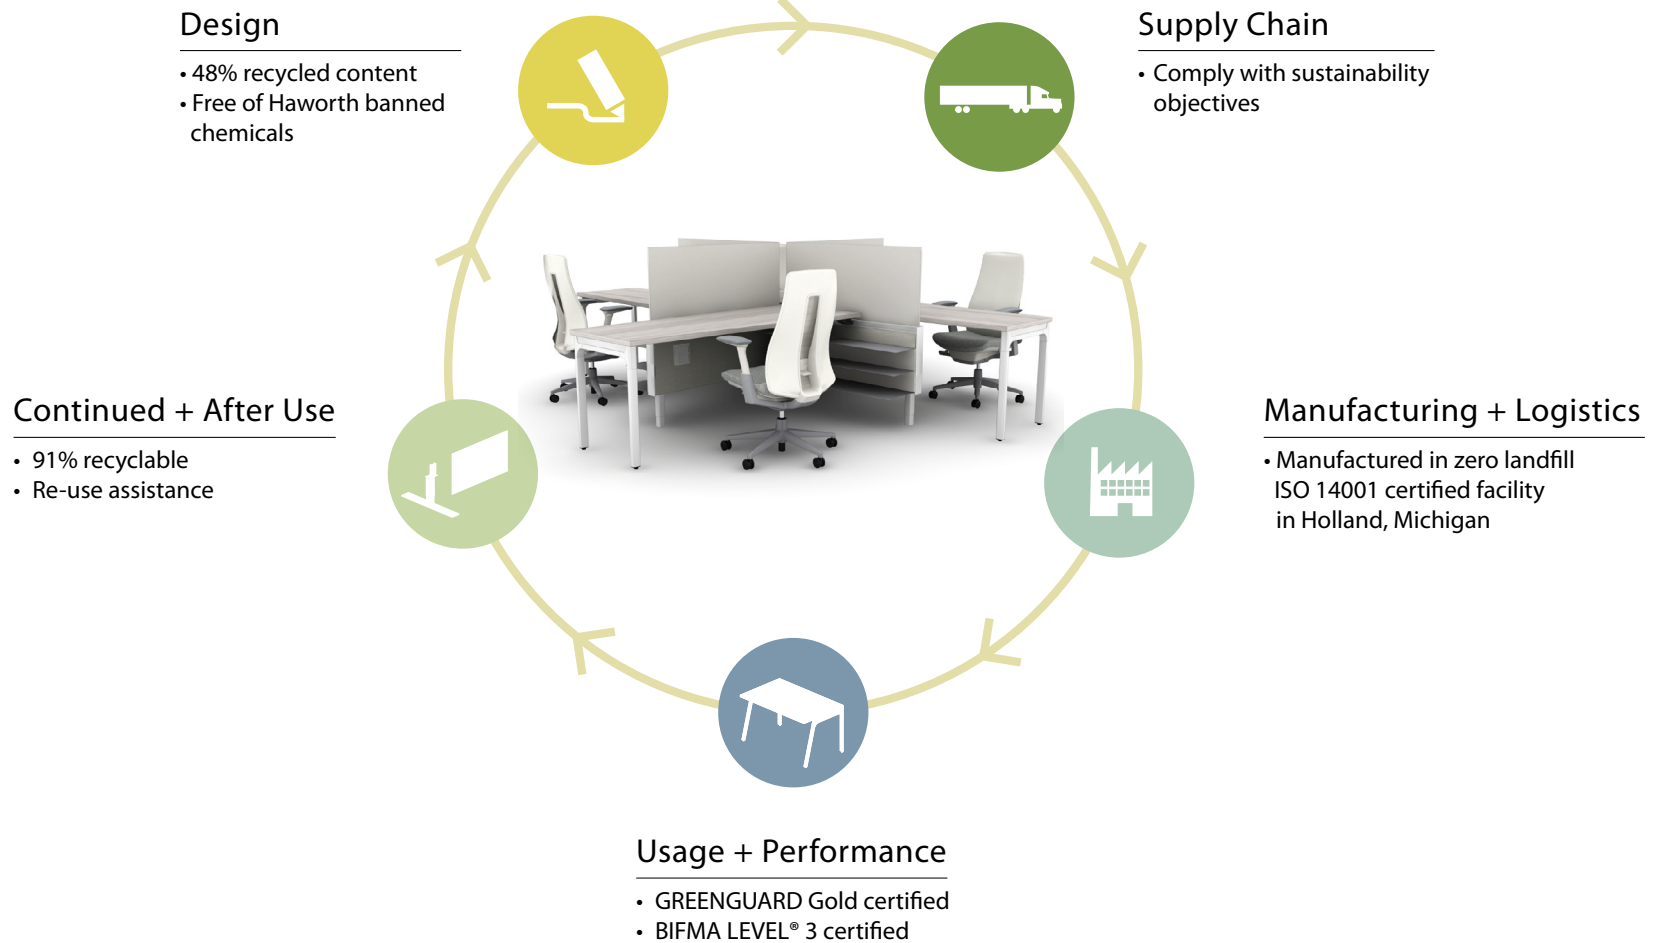

The furniture that is being proposed for the DPW is manufactured by Holland-based Haworth. The pricing is based on the State of Michigan MiDeal cooperative purchasing contract. The contract pricing was established in June of 2015 and provides for a discount of 84.5% off of the list price. Additionally, this pricing has not been affected by recent trade tariffs. This affords an exceptional cost saving for the City of Novi. The proposed product will provide durability, functionality and will deliver a clean modern look allowing for a state of the art environment for our staff. Another great benefit of the Haworth product is its commitment to the environment. They have a sustainability approach throughout their product life cycle.

The Haworth Uni-group line is the same furniture line that has been used over the past few years in numerous City facilities including the Civic Center, Police Station, the former DPW, Fire Station 3 and the Novi Ice Arena. Not only does it create a standardization of product, but also allows us to achieve an estimated savings of over \$30,000 by using Haworth UniGroup Too product removed from the DPW prior to the project and product in our inventory.

RECOMMENDED ACTION: Approval to purchase Haworth UniGroup Too office furniture for the new Department of Public Works (DPW) building from ISCG Inc., in the amount of \$129,391.11 based on State of Michigan MiDeal cooperative purchasing program.

DESCRIPTION

Effective December 15, 2018 please note the following:

1) **Note the following clarification for discontinued Contract items:**

- a. **950 Series Line is hereby discontinued.**
 - **Please Note:** Current Tailored Solutions with 950-Series Fronts will remain available for approximately 6-months.
- b. **T-mold Edge**
 - **Effective February 1, 2019**, the current service part number for the 3-mm T-mold by the foot will no longer be available. A new part number will be introduced after February 1st, for T-mold sold in 200-foot rolls, all colors will be available.

Availability:

 - New T-mold edge worksurfaces will remain available for purchase for the duration of the Contract and option years.
 - T-mold as a service part will be available indefinitely (see above).
- c. **T-mold Edge Ordering:**
 - The ordering process will remain the same – Part numbers will now be classified as “Tailored Solutions”, please contact DBI for a list of part numbers.

d. T-mold Edge Pricing & Lead Time

- **Pricing:** Will remain the same for T-mold worksurfaces.
- **Lead Times:** Extended lead times may apply for undocumented Tailored Solutions. Once Tailored Solutions are ordered the lead time will be adjusted, or, reduced. (Providing DBI advance notice of Special orders may help reduce lead times.)

e. Edgeband Products – 3mm

- **Pricing:** Edgeband worksurfaces will be priced the same as T-mold worksurfaces for the remainder of the Contract, and option years. The purchase of edgeband worksurfaces come with an additional \$50 price adjustment per worksurface.
Please Note: Price adjustments will not be reflected on Invoices as a separate line item or bottom line adjustment. Invoices will simply reflect the reduced price for the worksurface(s).
- **Modifications:** When considering modification of an edgebanded worksurface, consider the following: edgeband worksurface edges are glued, making modification cost prohibitive in comparison to the purchase of a new worksurface.
- **Durability:** Edgeband offers a more durable and harder surface than T-mold products.
(T-mold is a soft, flexible material to allow for wrapping.)
- **Cantilevers:** The Snap & Fit Cantilevers can be used with edgeband surfaces.
Please Note: you may experience some fit & finish issues - to accommodate fit issues, the 16" adaptable cantilevers will be available to achieve desired fit.
- **Through color:** The solid colors are through colors for both the 1mm and 3mm edgeband. The wood grain colors are a print on top for both the 1mm and 3mm edgeband.

f. Recommendations:

- It is not recommended to mix worksurfaces (t-mold and edgeband) within a single workstation.
- Consider your project timeline when determining what worksurface to order – longer lead times may be applied to T- mold worksurface orders. Please note: lead times will be adjusted or reduced after orders are received and placed by DBI.

2) Schedule B – Pricing is hereby updated. Please refer to the attached Schedule B.

All other terms, conditions, specifications and pricing remain the same. Per Contractor and Agency agreement and DTMB Procurement approval.

Schedule B – Amended Pricing
