<b>EXPENDITURE REQUIRED</b>	<b>\$ 10,140</b>
<b>AMOUNT BUDGETED</b>	<b>\$ 140,000</b>
<b>LINE ITEM NUMBER</b>	<b>592-592.00-974.099</b>

**BACKGROUND INFORMATION:**

This project involves the extension of a 12-inch water main approximately 650 feet between two existing mains at the Haverhill Farm Subdivision and the Maples of Novi Development. Currently, there is only one water main connection to serve Haverhill Farm Subdivision. This new connection will provide a second connection, increase flow and pressure in the area, and will provide redundancy in the water system when a future repair or maintenance is required. This project was recommended in the 2008 Water System Master Plan. As part of the design phase, the consultant will prepare a concept plan and budgetary estimate for the future construction of sidewalk segment 129 in the same approximate location.

SDA will be assisting the Engineering Division with the design and construction engineering services for this project. The design fees for the project based on the fixed fee schedule established in the Agreement for Professional Engineering Services for Public Projects for the City's three pre-qualified engineering consultants. The design fees for this project will be \$10,140.00 (9.75% of the estimated construction cost of \$104,000). The construction phase engineering fees will be awarded at the time of construction award and will be based on the contractor's bid and the fee percentage in the Agreement for Professional Engineering Services for Public Projects. A draft of the Supplemental Professional Engineering Services Agreement for this project is enclosed.

The design of this project would begin following award, with construction anticipated to commence late in the 2015 construction season.

**RECOMMENDED ACTION:** Approval to award engineering design services to Spalding DeDecker Associates for the 14 Mile Road Water Main Extension (Haverhill to Maples) project in the amount of \$10,140.

Approval of the City shall not constitute nor be deemed release of the responsibility and liability of Consultant, its employees, associates, agents and subconsultants for the accuracy and competency of their designs, working drawings, and specifications, or other documents and services; nor shall that approval be deemed to be an assumption of that responsibility by the City for any defect in the designs, working drawings and specifications or other documents prepared by Consultant, its employees, subconsultants, and agents.

After acceptance of final plans and special provisions by the City, Consultant agrees, prior to and during the construction of this project, to perform those engineering services as may be required by City to correct errors or omissions on the original plans prepared by Consultant and to change the original design as required.

**Section 13. Notices.**

Written notices under this Agreement shall be given to the parties at their addresses on page one by personal or registered mail delivery to the attention of the following persons:

City: Rob Hayes, P.E., Director of Public Services and Maryanne Cornelius, Clerk, with a copy to Thomas R. Schultz, City Attorney

Consultant: Cheryl Gregory, P.E., Vice President SDA

**Section 14. Waivers.**

No waiver of any term or condition of this Agreement shall be binding and effective unless in writing and signed by all parties, with any such waiver being limited to that circumstance only and not applicable to subsequent actions or events.

**Section 15. Inspections, Notices, and Remedies Regarding Work.**

During the performance of the professional services by Consultant, City shall have the right to inspect the services and its progress to assure that it complies with this Agreement. If such inspections reveal a defect in the work performed or other default in this Agreement, City shall provide Consultant with written notice to correct the defect or default within a specified number of days of the notice. Upon receiving such a notice, Consultant shall correct the specified defects or defaults within the time specified. Upon a failure to do so, the City may terminate this Agreement by written notice and finish the work through whatever method it deems appropriate, with the cost in doing so being a valid claim and charge against Consultant;

or, the City may preserve the claims of defects or defaults without termination by written notice to Consultant.

All questions which may arise as to the quality and acceptability of work, the manner of performance and rate of progress of the work, and the interpretation of plans and specifications shall be decided by the City. All questions as to the satisfactory and acceptable fulfillment of the terms of this agreement shall be decided by the City.

**Section 16. Delays.**

No charges or claims for damages shall be made by the Consultant for delays or hindrances from any cause whatsoever during the progress of any portions of the services specified in this agreement, except as hereinafter provided.

In case of a substantial delay on the part of the City in providing to the Consultant either the necessary information or approval to proceed with the work, resulting, through no fault of the Consultant, in delays of such extent as to require the Consultant to perform its work under changed conditions not contemplated by the parties, the City will consider supplemental compensation limited to increased costs incurred as a direct result of such delays. Any claim for supplemental compensation must be in writing and accompanied by substantiating data.

When delays are caused by circumstances or conditions beyond the control of the Consultant as determined by the City, the Consultant shall be granted an extension of time for such reasonable period as may be mutually agreed upon between the parties, it being understood, however, that the permitting of the Consultant to proceed to complete the services, or any part of them, after the date to which the time of completion may have been extended, shall in no way operate as a waiver on the part of the City of any of its rights herein set forth.

**Section 17. Assignment.**

No portion of the project work, heretofore defined, shall be sublet, assigned, or otherwise disposed of except as herein provided or with the prior written consent of the City. Consent to sublet, assign, or otherwise dispose of any portion of the services shall not be construed to relieve the Consultant of any responsibility for the fulfillment of this agreement.

**Section 18. Dispute Resolution.**

The parties agree to try to resolve any disputes as to professional engineering services or otherwise in good faith. In the event that the parties cannot resolve any reasonable dispute, the parties agree to seek alternative dispute resolution methods agreeable to both parties and which are legally permissive at the time of the dispute. The parties agree to use their best efforts to resolve any good faith dispute within 90 (ninety) days notice to the other party. In the event the parties cannot resolve that dispute as set forth above, they may seek such remedies as may be permitted by law.

### **A. Basic Services.**

1. See attached.

### **B. Performance.**

1. The Consultant agrees that, immediately upon the execution of this Agreement, it will enter upon the duties prescribed in this agreement, proceed with the work continuously, and make the various submittals on or before the dates specified in the attached schedule. **Re: Engineering Services for  
14 Mile Road Watermain and Pathway  
Job No.: PR14-351**

Dear Mr. Croy:

Spalding DeDecker (SD) is pleased to provide the following proposal for 14 Mile Road Watermain Extension and preliminary sketch and cost estimate for a 6' wd. concrete walk between Maples of Novi and Haverhill Farms Phase 1.

### **Project Understanding**

The City Novi would like to construct approximately 650 linear feet of 12" watermain to join two existing segments along 14 Mile Rd., thereby creating a loop in the northern part of the system. As a part of preparing the plans for the watermain extension, a sketch plan and cost estimate for the extension of a concrete walk will be provided for the same stretch of 14 Mile Rd. Currently, the City has budgeted the watermain for construction this fiscal year and the sidewalk will be budgeted for a future year.

### **Proposed Scope of Services**

SD's scope will include:

- Preparing a topographic survey along the South side of 14 Mile Rd. between Maples of Novi and Haverhill Farms Phase 1.
- Prepare preliminary layout plan for the watermain and discuss with the City.
- Prepare preliminary sketch and cost estimate for extension of 6' wd. concrete walk.
- Prepare MDEQ and RCOC permit applications for submittal.
- Prepare 90% plans and specifications for final review.
- Prepare complete set of bid documents including plans and specifications.
- SD will assist the City during the bidding process as needed.
- SD will provide Construction Administration services for the project.

## Construction Cost Estimate and Proposed Fees

Based on our pre-qualification status with the City, engineering design fees are typically based on a pre-determined percentage of the pre-design construction cost estimate. A preliminary cost estimate for the project has been generated with an estimated cost of \$104,000.00. Based on this estimated cost, the fee for this project will be:

Design Phase Services (9.75% of estimated cost) -	<b>\$10,140.00</b>
Construction Phase Service (7.50% of estimated cost) -	<b>\$ 7,800.00</b>
Total Fee -	<b>\$17,940.00</b>

## Project Schedule

The following summarizes the anticipated schedule for the project:

<u>Milestone</u>	<u>Completed By</u>
Design Project Award	4/3/2015
Initial Meetings and Site Visits	4/10/2015
Survey Field Work	4/24/2015
