

CITY OF NOVI CITY COUNCIL
SEPTEMBER 12, 2022

SUBJECT: Approval to purchase pumps, control panel and associated equipment from Kennedy Industries, sole source provider, for the Garfield Sanitary Pump Stations, in the amount of \$74,985.

SUBMITTING DEPARTMENT: Department of Public Works, Water & Sewer Division

EXPENDITURE REQUIRED	\$ 74,985.00
AMOUNT BUDGETED	\$ 201,349.00 FY 2021-22 BA Rollover \$ 325,000.00 FY 2022-23 Budget \$ 526,349.00
APPROPRIATION REQUIRED	\$ 0
LINE ITEM NUMBER	592-592.00-976.009

BACKGROUND INFORMATION:

The Garfield Sanitary Pump Station will serve the properties west of Garfield Road along the north side of Eight Mile. A portion of this pump station was constructed in 2008 as part of Phase 3A of S.A.D 170, which was a multi-phase sewer project constructed to serve a large portion of the southern half of Section 31. Since the timeline for development west of Garfield Road was unknown, only a portion of the pump station was constructed, leaving the mechanical components to be installed once development occurs. With the approval of the Ballantyne subdivision, the remainder of the pump station now needs to be completed. Therefore, this project involves the installation of the pumps, control panel, valves, electrical equipment, generator, paving and miscellaneous improvements to complete the construction of the pump station.

Staff recommends advance ordering the pumps, the control panel and associated equipment to eliminate the delay caused by the lead time (10 to 12 weeks) for the purchase and eliminate the contractor mark-up for this high-cost item. These items will be purchased from Kennedy Industries, as they are the sole distributor of Flygt pumps in the region (see attached letter).

This project is expected to be completed by this fall.

RECOMMENDED ACTION: Approval to purchase pumps, control panel and associated equipment from Kennedy Industries, sole source provider, for the Garfield Sanitary Pump Stations, in the amount of \$74,985.
