City of Novi Leadership Philosophy: Our Guide to Manage, Recruit/Select, and Follow

We believe employees are **committed to providing exceptional services and take pride in contributing** to the community. Our team members are motivated by fair and positive recognition and possess a sense of value to deliver quality customer service.

We believe **diversity is one of our strengths**. We come from many backgrounds and experiences and, together, have built an open, inclusive and welcoming environment. We ensure each person is treated with the highest level of dignity and respect.

We encourage an **inclusive, trusting, and supportive environment** that fosters innovative problem-solving initiatives from every aspect of the organization.

We believe in exercising **leadership at all levels**. We believe the opportunity to lead, both formally and informally, is available and encouraged throughout the organization.

We believe **team members closest to situations have the greatest potential for quickly and effectively resolving issues** and decisions can and should be made by all people throughout the organization.

We are **committed to community engagement, responsible stewardship** of the resources entrusted to us, and delivering services in an open and transparent manner.

We **encourage and expect team members to dedicate and commit time to future thinking and planning, as well as exploring innovative options** to do things better. We understand that we may fail, but we will learn from those experiences.

We pride ourselves on **communicating openly and honestly through a variety of methods** and encourage internal and external feedback that is accurate and timely to most effectively inform all team members.

We **believe and take pride in Novi's tradition of leading and partnering with the wider community**. We desire to be the first to step up and partner, to be leaders who follow through on mutually beneficial co-operations. With the assistance of schools, service agencies, and other units of government, we can find areas of each of our strengths to provide the best and most efficient service to citizens and businesses.

NOVI DIAGRAM

FY 2025-26 BUDGET MESSAGE
Cultivating Community Together

July 1, 2025

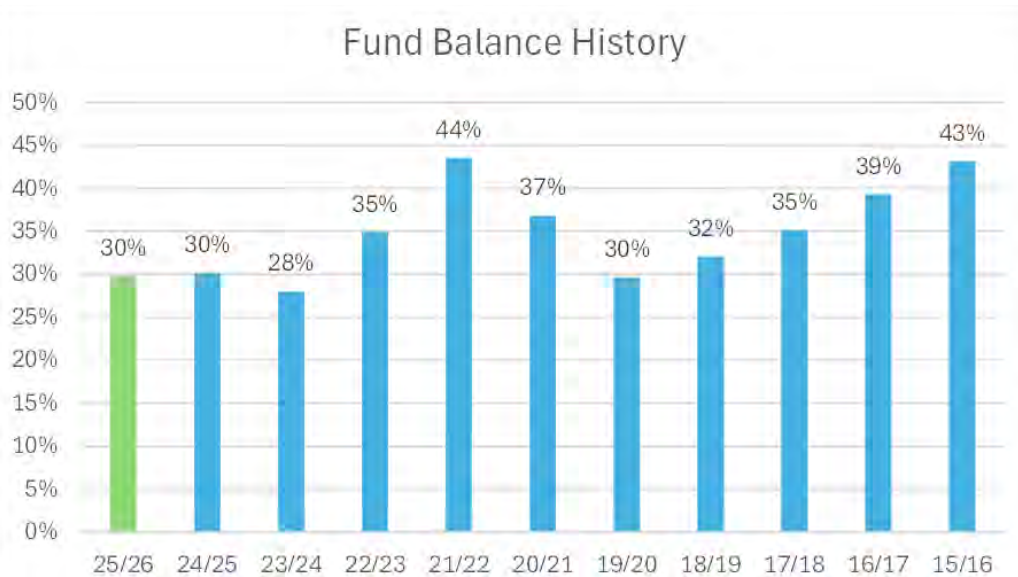

Honorable Mayor and City Council Members,

It is my honor to present to City Council the fiscal year 2025-26 annual budget. This document is a comprehensive plan outlining how the City plans to allocate its tax dollars, state shared revenue and other income over the next 12 months. At the time of presentation, the millage (tax) rate remains unchanged from the previous years; however, depending on the inflation rate, a Headlee rollback could occur. The City last experienced a rollback in tax year 2021, fiscal year 2022.

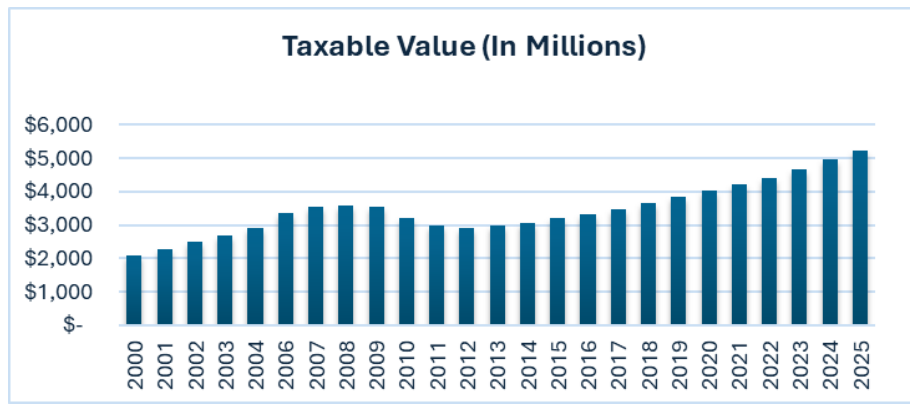

General Fund appropriations are proposed to total \$45,444,288, with \$46,520,926 in revenues, resulting in a return of just greater than \$1 million (\$1,076,638) to the fund balance. The Fund Balance falls within the parameters set by City Council; the percentage remains within the “target range” established at the Council’s October 28, 2024, meeting via the revised policy. Thirty percent (30%) of the budgeted expenditures equate to \$13,633,286, which is met in this budget.

Tax Year	Tax Year Rollback
2015	0.9975
2016	0.9974
2017	0.9856
2018	0.9848
2019	0.9855
2020	0.9960
2021	0.9988
2022	0
2023	0
2024	0
2025	.9976

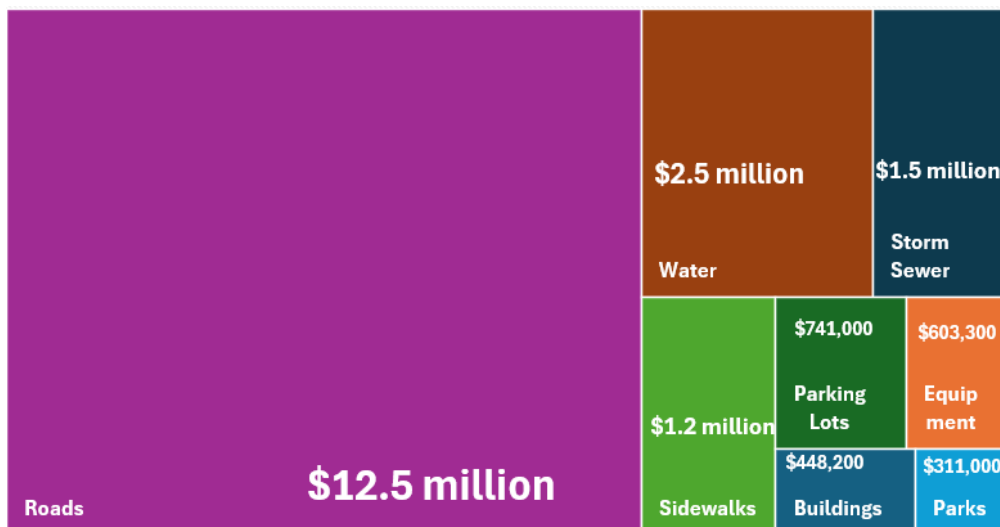

A “Headlee rollback”: if taxable value (TV) goes up, then the millage rate generally must be reduced
https://www.house.mi.gov/hfa/PDF/FiscalSnapshot/Tax_Headlee_Rollbacks_and_Millage_Reduction_Fraction_Jan2023.pdf

Maintaining through planned replacement and improvements, the City's capital plan is recommended by the Planning Commission and included in the City's budget for overall budget consideration. The following are some of the significant capital projects as found in the Capital Improvement Plan (CIP);

- West Park Drive Rehabilitation (12 Mile Road to Pontiac Trail) secured outside funding of \$1.8M; \$3 M net city costs
- Median Drainage Improvements Novi Road (12-13 Mile) - \$514,282
- 12 Mile Road Rehabilitation (Novi Rd to City limits/ Farmington Road)- RCOC; estimated city share - \$385,109; construction estimated to commence in 2026
- Neighborhood Sidewalk Repair Program \$650,000
- Neighborhood Roads Rehabilitation, Repaving, and Reconstruction Program \$2,815,718
- Single-axle RDS body truck - \$318,492
- Elevator Cab Replacements (2) - Meadowbrook Commons - \$64,000
- Village Wood Lake Road and Draining Improvements - \$1,921,032

Total expenditures for the CIP from all funds are \$ 19,790,066.

The employee count is being proposed to change by one, per the recommendation of the Mobility Committee. The position will assist in overseeing the Non-motorized activities/projects.

Debt

As we enter fiscal year 2025-26, we do so nearly debt-free in terms of construction activity. The remaining loans on the City's senior living complex, Meadowbrook Commons, and the Ice Arena are in their final few years of payments. The only remaining governmental debt is on the construction loans tied to the Novi Public Library. Those will be retired by the end of calendar year 2026. However, as this budget plan is implemented, the City will be going before the voters in August 2025, requesting the construction of new public safety facilities with a total construction cost not to exceed \$120 million. If that ballot initiative passes, this budget will reflect the new debt obligations

The Broad Community

Novi is at the proverbial crossroads, literally and figuratively. Positioned along at I-96, I-275, M-5, and I-696, Novi is the choice of numerous corporations to locate. It's a great launching pad for metro Detroit, with connections to Detroit Metropolitan Airport, the University of Michigan, and Michigan State University. Our schools are continuously ranked in the top five in the state. Novi is indeed a desirable place to call home, where one can lay their head down at night or connect with coworkers at their workplace by day. As the City looks toward 66 years since being incorporated, you, its elected leaders, have taken the ambitious step to chart a course for the City's next 25 years. What does it look like? Who will it serve? How will we serve the next generation of residents? The list of questions is endless. However, the entire 12 months covered by this financial plan will involve efforts to plan for Novi's next 25 years as we all look to grow the community toward 2050.

In the last 25 years, the City has grown by nearly 19,000 residents. During the same period, the staff serving the community has increased by just 21. SEMCOG, the region's planning organization, estimates that the City will grow by nearly another 8,000 by 2050. As efforts to envision the City's future 25 years from now are underway, part of that analysis will involve determining the appropriate size of the City's staff to meet the expectations of its residents and stakeholders.

Uncertainty is another word I would use as we begin to understand the state of the world as this

document is being proposed. Geo-political efforts may have a profound impact on the price at which developers can construct or renovate structures throughout the community. Without continued growth, the City (along with others in Michigan) will experience fiscal constraints.

In a recent Crain's Detroit article, the president of the Citizens Research Council of Michigan provided the following summarized commentary: Michigan's strict property tax laws, including the Headlee Amendment (1978) and Proposal A (1994), limit local government revenue growth. Headlee rolls back tax rates if property values rise faster than inflation, while Proposal A caps annual taxable value increases and resets them upon ownership transfer. Although these measures were designed to control tax burdens, they unintentionally create a cycle that suppresses revenue growth. Despite rising property values in recent years, these tax limitations have prevented local governments from fully reaping the benefits of the increased market value.

<https://www.crainsdetroit.com/crains-forum-inner-ring-suburbs/population-loss-tax-limits-spell-trouble-michigan-suburbs>

These factors — economic uncertainty and structural tax constraints — are among the primary causes of long-term pressures that prevent local governments in Michigan from fully benefiting from increased property values. As a result, the City must remain strategic in managing its resources, prioritizing essential services, and planning for sustainable growth to ensure Novi's financial stability in the years ahead. This budget does that.

But that comes at a cost. The “costs of doing business” as a local government continues to rise. Parts for our rolling fleet, repairs to heavy equipment, contracts for inspectors, auditing fees, cleaning services, and subscriptions for software are all increasing. Mandated expanded hours and services for voting have resulted in increased costs for services and equipment to support those efforts. Acquisition costs for new vehicles, including both light and heavy equipment, have increased. Discounts for municipal pricing are no longer available to us. These are a small fraction of the implications of this budget that were taken into consideration in its preparation.

Of course, we're not alone in this. Novi is part of a larger metropolitan area that encompasses numerous entities supported by the city's residents and stakeholders — the “community” to which we all belong and contribute. And we do indeed contribute to that broader community, adding yet another layer to the costs that this budget has to consider. As shared on page 13, the City only retains about 27% of the taxes collected within its borders (\$204 million was collected by the City in the tax year 2024 on behalf of state and other (non-Nov) local governments. Of that \$204 million, \$150 million was forwarded by the City to other various taxing entities in southeast Michigan).

And not all of that 27% support from the City's residents and businesses tax dollars is spent directly on them. Some of that is paid out for safety and security that is affected by or for others. For example, the Michigan State Fair, held at a private facility, is also supported by the City. Our City tax dollars support the Michigan State Police in responding to incidents on the numerous freeways that run through or along the City's borders. The City is home to 16 hotels with 1,873 rooms, and all those establishments are responsible for a 2% tax payable to the Visit Detroit Tourism Bureau. Additionally, the Detroit Regional Convention Facility Authority (DRCFA), which owns and operates Huntington Place (formerly Cobo Hall, overseen by the same personnel as the visitors bureau), charges an extra 1.5% for hotels with 81-160 rooms and 5% for facilities with more than 160 rooms. These relatively unseen expenditures add to more direct tax collections paid to other entities on behalf of that

broader community of which we're a part. The recently passed transit millage supports the 21,668 number of rides via People's Express. Note – we don't collect the hotel taxes, nor do we distribute those.

This litany of other costs to the City, seen and unseen, and the reminder that so much of our budget process is constrained by other forces at the state level, in particular, aren't intended as a complaint. It's an acknowledgment that, as we prepare this budget, we recognize our role within a larger community. While this brings numerous benefits that we gladly enjoy, it also entails additional obligations that fall outside the scope of this budget but which we understand and acknowledge. This budget is the best budget we can propose to make sure that we provide all that our residents and businesses need and have come to expect, but for the best value we can provide.

The Message in this Budget

As we move forward into the 2025-26 fiscal year, this budget reflects our ongoing commitment to responsible financial stewardship, strategic growth, and a shared vision for Novi's future. By investing in infrastructure, public services, and long-term planning, we are laying the groundwork for a thriving community that strikes a balance between fiscal responsibility and the needs of residents and businesses alike. While challenges such as rising costs, tax limitations, and economic uncertainties persist, this budget ensures that Novi remains well-positioned to adapt, innovate, and continue providing high-quality services. Together, we will cultivate a resilient and vibrant community—one that honors our past, meets the needs of today, and prepares for a strong and prosperous future.

Respectfully submitted,

Victor Cardenas
City Manager

City Council Strategic Goals & Strategies

On Saturday, January 6th, 2024, at an Early Input Budget Session, the Novi City Council met to discuss Strategic Themes & Broad Goal categories. At that meeting, City Council voted to reinstate short term and long term goals. As in years past, City Council used a real-time collaborative brainstorming application to prioritize goals. The goals that received a majority vote (five or more) from City Council guide the City Manager in creating the FY 2024-25 and FY 2025-26 Budgets. The City Council goals are as follows:

OPERATE a world-class, sustainable local government.

Goals — Short Term

- Create and adopt a comprehensive Community Strategic Plan to envision the future state of our community in the year 2050
- Establish an Environmental Sustainability Committee to study all aspects of environmental sustainability in the City and at minimum, develop an Environmental Sustainability Action Plan
- Increase engagement and outreach efforts with Novi's Diverse Populations
- Explore further service consolidation and joint opportunities with the Novi Community School District
- Review and update current board and commission structure and add new boards/commissions as appropriate to maximize opportunities for resident engagement and input to City Staff

Goals — Long Term

- Develop a plan to renew the Capital Improvement (CIP) millage to get it on the ballot in advance of expiration
- Prioritize and implement the top three Action Plans from the "Environmental Sustainability Action Plan"
- Continue efforts to reduce the unfunded and long-term liabilities by pursuing a strategy of Defined Contribution retirement plans (or Hybrid DB/DC where appropriate)

BUILD a desirable and vibrant community for residents and businesses

Goals — Short term

- Investigate and improve ongoing power issues experienced by Novi residents by collecting data from DTE and working with neighboring communities
- Review the Woodlands and Wetlands Ordinance and make any necessary revisions to ensure we are balancing the protection of natural resources with development
- Assess and create a Novi (Town Center Area) Vibrancy Strategy that is organized under four pillars: Home, Economic Center, Destination, and Safe & Welcoming Place
- Create a broadband master plan

Goals — Long term

- Build a Community Facility that serves and connects all our residents
- Develop walkable 'Pocket Parks' in areas of the city where there are no walkable parks
- Pursue partnership with Northville for a Trail connection from Novi-Northville, possibly near the railroad bridge on Eight Mile Rd (e.g. presentation at Walkable Novi)

INVEST properly in being a Safe Community at all times for all people.

Goals — Short term

- Develop a plan to capitalize on the County's Transit Millage to ensure utilization of the tax dollars the City infuses into the system
- Investigate opportunities to improve and enhance the City's Yard Waste Collection by offering a drop-off facility during off months
- Update the Sidewalk Maintenance Policy and evaluate all City sidewalks over the next five years, making repairs as recommend in the policy
- Collaborate with the City of Northville, Northville Township, Wayne County to ensure 8 Mile Road is re-constructed between Novi and Haggerty Roads
- In 2023, the percentage of our roads in Poor (PASER 1-3) condition was ~9% and the percentage of roads in Fair (PASER 4-5) condition was ~40% (~50% combined). Maintain road funding levels to decrease the number of roads with a PASER score of Poor Condition (1-3) and Fair (4-5) to ~45% of the total road network by 2026

Goals — Long term

- Develop a plan to ensure senior transit is financially sustainable given the growth in Novi's senior population and requests to add additional service times, routes, etc.
- Continue to support accreditation (or re-accreditation) of Police, Fire, Dispatch, Parks, Recreation, Cultural Services, Public Works, etc.

NOVI BY THE NUMBERS

Novi encompasses an area of approximately 31.6 square miles or 20,417 acres and is about thirty miles northwest of downtown Detroit, in the southern portion of Oakland County. The City surrounds about two-thirds of Walled Lake, and the gently rolling topography of the area has made the City one of the most attractive places in Michigan to live.

The City of Novi is governed by a seven-member City Council under the Council/Manager form of government. A full range of City services are provided including police, fire, parks, recreation, forestry, library, planning and zoning, building and engineering, and various maintenance services. In addition to the usual City services, Novi offers a senior citizen housing facility, Meadowbrook Commons, and an Ice Arena.

Since its original settlement and incorporation in February, 1969, the City has seen remarkable changes. Once a stand-alone settlement, Novi now finds itself in the heart of the Detroit Metropolitan region. Novi's location at the crossroads of several major transportation routes has thrust the City into a period of unprecedented growth and development. Novi is presently home to prestigious schools, quality residential neighborhoods, a thriving retail and high-tech economy, and beautifully preserved natural areas. Novi has indeed changed and the change has been dramatic.

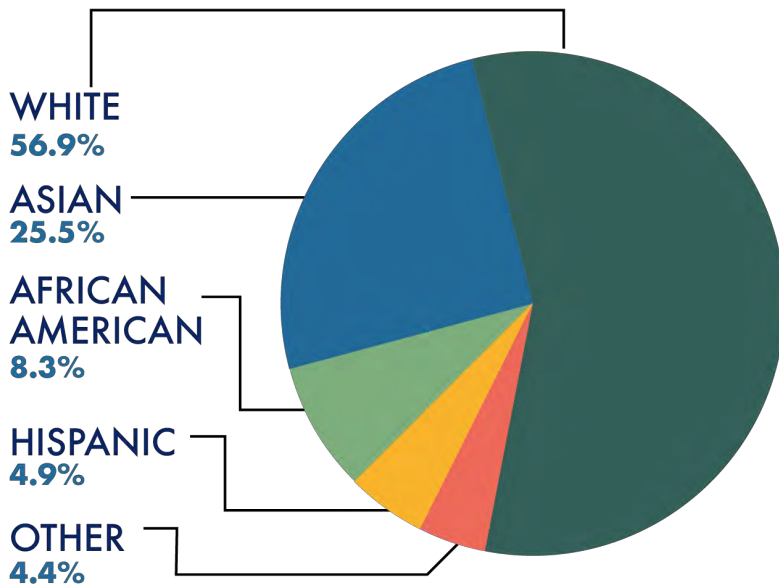

The 2020 Census estimates Novi's population as 66,243.

Note for City of Novi : Incorporated as of the 1970 Census from Village of Novi. Population numbers prior to 1970 are of the village. The Village of Novi was incorporated in 1958 from the majority of Novi Township. Population numbers not available before 1960 as area was part of Novi Township.

TAX VALUE ILLUSTRATION

To determine how much of your property taxes go to City services, multiply your home's taxable value by the City's millage rate:

$$\text{\$199,550} \times 0.0105376 = \text{\$2,102.78}$$

To determine your monthly expense for City services, divide the annual amount by 12 months.

$$\text{\$2,102.78} \div 12 = \text{\$175.23}$$

Monthly expense for City services: \$175.23

QUICK CALC
(Every \$100,000 of home value is \$527.64 in City tax per year or \$43.97 per month)

For comparison purposes, one \$6 coffee per day equals **\$180** monthly.

VALUE OF YOUR NOVI DOLLAR

The following list represents a sample of the City services provided for the **\$175** per month tax.

FIRE PROTECTION / PREVENTION / SAFETY · COMMUNITY FESTIVALS AND EVENTS · GOVERNMENT ADMINISTRATION · SCHOOL CROSSING GUARDS · COMMUNITY DEVELOPMENT · PUBLIC PARKS AND TRAILS · STREET MAINTENANCE / REPAIR · OLDER ADULT SERVICES AND PROGRAMS · GRANTS

CITY ORDINANCE ENFORCEMENT · STORMWATER MANAGEMENT · NEW ROAD CONSTRUCTION · SNOW AND ICE REMOVAL · COMMUNITY PUBLICATION · BUILDING AND FIRE INSPECTION · POLICE PROTECTION · TRAFFIC CONTROL · LIBRARY SERVICES · SIDEWALK REPAIR · STREET LIGHTING

Significant Budgetary Items and Trends

Headlee Amendment

The Headlee amendment of the State Constitution can reduce the amount of operating millages allowed by City Charter. This amendment limits the growth in property tax revenue from existing property to the rate of inflation. It accomplishes this by reducing millages proportionally by the amount that market changes exceed the State's inflation rate multiplier. The table on this page shows the millages, revenues, remaining capacities and the proportion of each funds' property tax revenue.

CITY CHARTER RATES, HEADLEE MAXIMUM RATES AND 2025 TAX LEVY

Notes			

A Addition of broadband study to City Council departmental budget

Reduction of Parks and Recreation transfer . Transfer was in part to support purchase of an older adult vehicle. The City is

B no longer provides older adult transportation services, therefore, the vehicle is no longer needed nor is the General Fund subsidy.

Changes in council approved 2024-25 Budget for Fiscal Year 2025-2026

	2024-2025 Council Approved 2025-26	Proposed 2025- 26	Change
Revenue Reduction:			
Older Adults - S.M.A.R.T. Contract	\$ 54,450	\$ -	\$ (54,450)
Older Adults - Transportation	10,000	-	(10,000)
Transfer from General Fund	220,000	175,000	(25,000) *
	\$ 284,450	\$ 175,000	\$ (89,450)

* The City has opted to borrow internally utilizing long-term capital reserve funds in lieu of formally issuing bonds in order to complete several significant projects in FY 2018-19 since it was determined to be the most beneficial way to handle the financing. Governmental accounting rules require this type of borrowing to be recorded on the balance sheet and not as revenue like it would if bonds were issued. This fund will continue to have a negative fund balance due to this accounting rule; therefore, a formal Deficit Elimination Plan will be filed with the State annually (as planned) until the loans are paid off over the life of the ten year levy (see the Debt Service section for internal borrowing schedules).

Novi Public Library

The Library Board unanimously approved its 2025-2026 budget on February 13, 2025. The budget for 2025-2026 shows the potential usage of fund balance in the amount of \$620,242 to offset the expenditures. The Library Board and Library Director is aware of this potential usage and the usage of additional fund balance in future years.

Based on the approved budgets that were submitted to the City Finance Dept. on February 13, 2025, there is an additional estimated year-end savings in fiscal year 2024-2025 of approximately \$118,000. With the year not complete, the Board and Director are planning for at least an additional \$100,000 in savings in personnel and operational costs. The Board and Director are also watching other expenditure budget lines for savings.

Annually, when budgets are created for the Library, Library Administration takes into account all positions being filled for the full fiscal year, all projects being completed by end of year and all expenses to come in on target based on past years' data. This is being watched carefully by the Library Board and Director. Over the past few years as the building has aged, the Library has experienced rising costs for HVAC repairs, elevator upgrades and repairs, building cleaning, book collections (both in print and digital) as well as many needed upgrades to the library's technology systems (firewall, security camera system, Wi-Fi upgrades). The concern for these rising operational costs have been shared with City Leadership and members of City Council over the past few years knowing these operational costs were continuing to rise and the need to ask for additional support would be needed in the future.

The Library Board and Director provide a conservative outlook for the budgets annually so that there are no surprises during the year. The Library Board and Director look at projects that can be held off if costs are of concern, and detailed conversations occur with all Library Board members during budget sessions to determine the needs of the Library. The 272 Library Contributed Fund has been historically used for large capital projects such as annual parking lot resurfacing, furniture replacement in the public areas of the library, a Teen Area renovation, etc. This account has a current fund balance of \$1.5 million. In the 2025-2026 budget there are plans for a replacement of the Automated Materials Handling System (AMHS), which is fifteen years old, technology replacements for public areas, furniture replacement and an architect review of the main entrance lobby for heating concerns.

When the new library was approved by Novi residents in 2007, an increase in personnel costs to operate the new building was not requested, even though it has taken four additional full-time employees from 2010-2025 to provide the services the Novi community has requested. These added positions include: International Language Librarian, Early Literacy Librarian, Outreach Librarian and Digital Services Librarian. The bond was for building costs only. The footprint for the Library was going from approximately 24,000 sq. ft. to 59,000 sq. ft. It was understood that any additional costs for the new library building, during the next ten to twelve years, would need to come from fund balances. It has now been over fifteen years. The Library Board and Director have been cautiously utilizing the reserves in the fund balance to offset expenditures when needed, and for the first time, this amount has been greater than in previous years, as well as projecting larger needs in the future.

Current Plan of Action:

- A reserve study is being conducted in June 2025 to determine future capital costs for the Library.
- The Library currently has 23 full-time positions and 40 part-time positions. There are no additional positions being added to the organization.

- Review current programming and service statistics to reduce the amount of events and resources that are currently being offered by the Library, if necessary.
- Review the current usage of the Library to consider a reduction in public hours, if necessary.
- Review current state and federal funds that could impact services for the public.

At this time, the Library Board and Director are bringing to City Council's attention the need to consider future operational funding for the Novi Public Library. The debt service for the current building bond will expire in 2026-2027. We are requesting a portion of those funds to be reallocated for operational purposes, including anticipated capital costs for repairs and replacements. The Library Board and Director do not feel the full amount of approximately \$1.6 million, which is currently being collected from resi-

FUND BALANCE, REVENUES, & EXPENDITURES

Fund Balance

Definition

Fund Balance is the difference between assets and liabilities in a governmental fund. The governmental funds account for the City's bread-and-butter, are typically tax-supported activities of a government (as opposed to enterprise funds, which are self-supporting, business-like activities), and include the following:

- General Fund – where a government accounts for everything not reported in another fund
- Special Revenue Funds – for reporting specific sources that are limited to being used for a particular purpose
- Debt Service Funds – which account for the repayment of debt
- Capital Project Funds – which track the accumulation and use of resources for construction, acquiring, and rehabilitating capital assets (such as buildings and roads)
- Permanent Funds – where a government reports principal amounts that are restricted to being invested to produce income but cannot be spent

GASB 54

GASB Statement No. 54 creates five components of fund balance, though not every government or governmental fund will report all components. This approach is intended to provide users consistent and understandable information about a fund's net resources. The five components are:

Nonspendable Fund Balance

**cannot be spent (legally restricted or in unspendable form)*

- Amounts that cannot be spent due to form; for example, inventories and prepaid amounts. Also, long-term loan and notes receivables, and property held for resale would be reported here unless the proceeds are restricted, committed or assigned.
- Amounts that must be maintained intact legally or contractually (corpus or principal of a permanent fund)

Restricted Fund Balance

**externally imposed (law, creditor, bond covenant)*

- Amounts constrained for a specific purpose by external parties, constitutional provision or enabling legislation. This is the same definition used by GASB Statement No. 34, *Basic Financial Statements—and Management's Discussion and Analysis—for State and Local Governments*, for restricted net assets.

Committed Fund Balance

**constraints approved by Council*

- Amounts constrained for a specific purpose by a government using its highest level of decision-making authority. It would require action by the same group to remove or change the constraints placed on the resources.
- Action to constrain resources must occur prior to year-end; however, the amount can be determined in the subsequent period.

Assigned Fund Balance

**constrained by intent by City Council, or by the City Manager, or by a body/person to which City Council designates the authority*

- For all governmental funds other than the general fund, any remaining positive amounts not classified as non-spendable, restricted or committed.
- For the general fund, amounts constrained for the intent to be used for a specific purpose by a governing board or a body or official that has been delegated authority to assign amounts. Amount reported as assigned should not result in a deficit in unassigned fund balance.

Unassigned Fund Balance

**available to spend, unrestricted*

- For the general fund, amounts not classified as nonspendable, restricted, committed or assigned. The general fund is the only fund that would report a positive amount in unassigned fund balance.
- For all governmental funds other than the general fund, amount expended in excess of resources that are nonspendable, restricted, committed or assigned (a residual deficit). In determining a residual deficit, no amount should be reported as assigned.

Revenue Sources, Assumptions, and Trend Analysis

Revenue forecasting is a standard practice for the City of Novi. Individual revenue line-items are reviewed for their historical trends in order to project revenues over the next three years. The forecast is also based on economic factors, as well as information provided by the State and County. In order to prepare for unexpected events and lower than anticipated revenues or higher than anticipated expenditures, the City budgets conservatively. The following is a summary of revenue sources including underlying assumptions and significant trends.

Property Tax Revenue

Property tax revenue is a tax assessed by the City of Novi and paid by property owners. Property taxes are billed twice annually on July 1st and December 1st.

The City of Novi's current millage rate of 10.5376 mills, which has been in effect since tax year 2017, has been assumed to continue into fiscal year 2027. In fiscal year 2028, the library debt mileage is reduced. The maximum allowable millage rates are used for all funds except the Drain Fund. Taxable value projections are as of February 2025 and include new construction estimates as well as recent trends of commercial and industrial properties having significant vacancies and appealing their assessments. A significant factor that has been taken into account is the expected decrease in the personal property tax, per the new State of Michigan law (SB 10) that erases the personal property tax on the industrial property and other businesses with equipment less than \$80,000. The State continues to review personal property and may implement further reductions in the future.

- The City anticipates an overall net increase in taxable value of 273,995,450, or 5.5%, for fiscal year 2025-2026 based on an inflation rate of 3.1% and new construction in the amount of 15.0 million.

- A 3.0% taxable value increase for fiscal year 2026-2027 and a 3.0% taxable value increase for fiscal year 2027-2028 are being assumed including 20.0 million for each tax year in cumulative net new construction.
- Penalties and interest are based on historical collections.

Licenses, Permits & Charges for Services

This revenue includes fees for various services and licenses with the majority being building and planning-related. Revenues also include, but are not limited to, liquor licenses, cable television fees, rubbish collection fees, and public-safety related revenues.

Fees paid by developers and contractors for plan review and inspections of commercial, industrial and residential construction partially cover the cost of the Community Development Department. This revenue is difficult to project since it is directly related to construction activity.

Operating Revenue

This revenue represents charges to customers for water and sewer usage, fees collected at the ice arena, and rents collected at the senior housing facility.

Operating revenue in the Water and Sewer Fund is anticipated to increase by 4.0% - 8.0% annually based on projections and anticipated new customers. The Ice Arena and Senior Housing Facility are anticipating 2% - 5.0% annual inflationary increases.

State Sources

State Revenue Sharing

The City uses the estimates from the State of Michigan Department of Treasury for 2025-2026 and assumes distribution increases will be at approximately 2.0% annually for the subsequent two years. (State-shared revenue is defined later in this section.)

MDOT Act 51

The City used the Michigan Department of Transportation estimates for fiscal year 2025-2026 and estimates an annual increase of 2.6% for the subsequent two fiscal years. (MDOT Act 51 revenue is defined later in this section.)

Program Revenue/Older Adult Program Revenue

This revenue source is from the many programs offered by the Parks, Recreation, and Cultural Services department and Ice Arena. Program revenues represent approximately 50% of the Parks, Recreation, and Cultural Services Fund revenue with the other half being the dedicated property tax levy.

Transfers In

The Major Street, Local Street, and Municipal Street funds transfer in funds from each other to cover construction costs as detailed in the six-year CIP plan. The primary source of the transfers is a dedicated road millage in the Municipal Street Fund. The Parks, Recreation and Cultural Services Fund receives a transfer in from the General Fund to help fund capital projects. The Capital Improvement Program (CIP) Fund may receive a transfer in from the General Fund to help fund capital projects. The Economic Development Fund receives a transfer in from the General Fund for its share of property tax revenue. The Drain Perpetual Maintenance Fund may receive a transfer in from the Drain Fund to replenish some of the endowment; or vice versa to replenish the Drain Fund.

Property Tax Revenue

Property taxes are expressed in terms of millage with one mill being equal to \$1.00 per thousand dollars of taxable value.

Assessing records maintain two values for each property in the City. Prior to Proposal A all property was taxed based on the State Equalized Value (S.E.V.), which represents 50% of true cash value. Proposal A limits the increase in value attributed to market change to the lower of 5% or the Inflation Rate Multiplier (previously referred to as Consumer Price Index). The one exception is the properties changing ownership, which brings the taxable value back up to the S.E.V.

The following shows recent history of taxable values and percentage change from prior year:

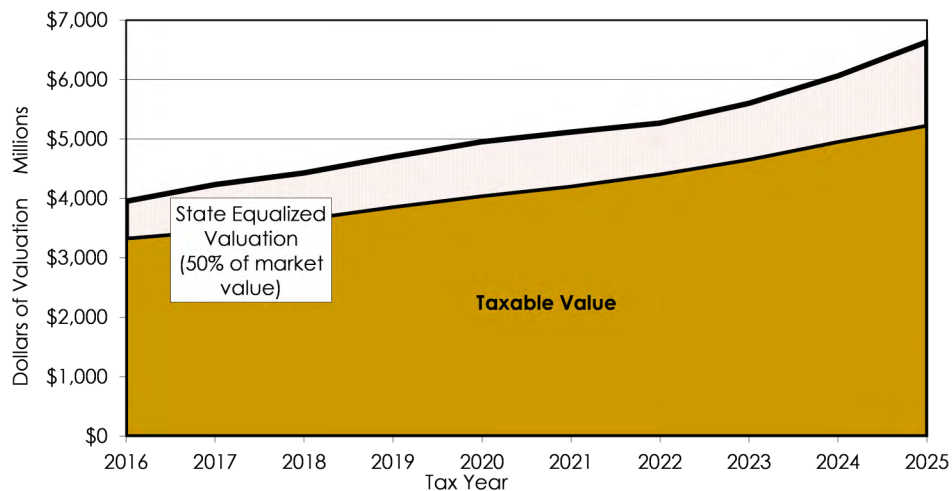

Ten Year Taxable Value

2024-2025	2024	\$6,061,702,140	8.3%	\$4,948,823,730	6.4%	81.6%
2025-2026	2025	\$6,558,233,790	8.2%	\$5,222,819,180	5.5%	79.6%

The 1994 SEV established the base for taxable value calculations beginning in 1995. In addition to SEV, a taxable value was determined for each property. Taxable value is the lower of either capped value or SEV. Capped value increases are limited to the lesser of 5% or the rate of inflation. Although SEV continues to be based on market conditions, taxable value is thus in place to control property tax increases. Additions or losses to a property will increase or reduce the taxable value of that property. In the year following a property transfer, the taxable value of that property will uncapped to the SEV. Novi's total taxable value rate of change moves larger than the SEV largely due to the uncapping of properties from sales and the addition of new construction. In the coming decades, as Novi reaches build-out and ages, under current rules, yearly increases in taxable value will be closer to capped consumer price index (termed Inflation Rate Multiplier by the State of Michigan).

Actual, Estimated, Budgeted, and Projected Taxable Values

The following is a historical look at actual taxable values, as well as estimated, budgeted, and projected taxable values; including property tax revenue and millage rates.

State Shared Revenue

The State Revenue Sharing is unrestricted General Fund revenue and is the second largest source of revenue in that fund. The State Shared Revenue Program consists of two components; constitutional and statutory (CVTRS). The constitutional portion is guaranteed and distributed on a per capita basis. The CVTRS (city, village, and township revenue sharing) program, established by legislature in fiscal year 2016, requires each eligible local unit to meet certain accountability and transparency requirements in order to receive payments.

In accordance with the State Constitution of 1963, Article IX, Section 10, as amended, constitutional revenue sharing payments are based on 15% of the 4% portion of Michigan's 6% sales tax collections. Distributions are made to all Michigan cities, villages, and townships on a population basis on the last business day of the even numbered months (October, December, February, April, June, and August). The revenue sharing population is defined by the Glenn Steil State Revenue Sharing Act of 1971, 1971 Public Act 140, as amended (MCL 141.903(1)). For purposes of distributing revenue, population is based on the most recent census adjusted by 50% for any institutional population.

State Revenue Sharing surpassed the 2001 funding level of \$4,448,257 as of 2017 and continues to steadily increase. Despite the 2020 decrease in revenue due to the COVID pandemic, the 2020 census reflected a population increase of 11,019 and continues to have a positive impact on Novi's State Shared Revenue (2022 included a one-time census adjustment in the amount of approximately \$1.0 million.)

Act 51 – Michigan Transportation Fund

The State of Michigan's Constitution provides funds for transportation purposes. Act 51 of 1951, as amended, creates the Michigan Transportation Fund, whereas revenues are collected through highway user taxes , state motor fuel taxes, vehicle registration fees, and other miscellaneous automobile related taxes. They are distributed by formula to state trunk lines, county road commissions, cities, and villages. These funds are utilized for maintenance and construction of neighborhood roads and other City streets within the Major and Local Street funds. The 2020 census reflected an increase in Novi's population of 11,019 and, similar to State-shared revenues, has had a positive impact on Novi's Act 51 revenues.

Expenditure Sources, Assumptions, and Trend Analysis

Expenditure forecasting is a standard practice for the City of Novi. Individual expenditure line-items are reviewed for their historical trends in order to project expenditures over the next three years. The forecast is also based on economic factors, as well as information provided by the State and County. In order to be prepared for unexpected events and lower than anticipated revenues or higher than anticipated expenditures, the City budgets conservatively. A summary of expenditures including underlying assumptions and significant trends is included on this page and the following page.

Personnel Services

The personnel assumptions are based on the number of staff as presented in the Departmental Information - Personnel Summary section of this budget document. Any cost savings as a result of vacancies or positions filled at lower than budgeted amounts increase the fund balance and is used in planning for the subsequent year's budget.

- Salary and wages are assumed to increase 3.0% annually for all non-union employees. Union salary and wages are pursuant to each of the current collective bargaining agreements.
- Employee health insurance is assumed to increase 4.0% annually based on prior years and the current trend of costs and claims. (The City went self-insured for a portion of its health insurance in fiscal year 2020 to minimize future insurance costs.)
- Workers compensation insurance is assumed to increase 18.0% annually based on prior years and the current trend of costs.
- Defined benefit pension contributions are based on the actuarial required contribution for fiscal year 2025-2026 and are assumed to increase by approximately 5.0% in fiscal years 2026-2027 and 2027-2028.

Supplies and Other Services and Charges

Annual increases between 0% - 5.0% is assumed for most supplies and other services and charges; certain maintenance items increase based on historical median rate (i.e. road maintenance items). Liability and property insurance is assumed to increase 5.0% annually based on prior years and the current trend of costs and claims.

Capital Outlay and Non-Recurring Items

Capital outlay and non-recurring items are budget requests submitted by departments. The City of Novi has a track record of replacing and maintaining assets, which, not unlike businesses, allows the City flexibility in deferring capital purchases for a period of time during financially tight years.

Debt Service

Debt service is based on the principal and interest payments included in the City's debt schedules as presented in the Capital Program and Debt section of this budget document.

Transfers Out

The Major Street, Local Street, and Municipal Street funds transfer funds out to each other to cover construction costs as detailed in the six-year CIP plan. The General Fund transfers to the Parks, Recreation and Cultural Services Fund to help fund capital projects and older adult transportation. CIP Fund to help fund capital projects. The General Fund also transfers to the Economic Development Fund its share of property tax revenue. The Drain Fund may transfer to the Perpetual Maintenance Fund to replenish some of the endowment.

Capital Improvement Program

Introduction

The City of Novi's Capital Improvement Program (CIP) is a planning tool, with a goal to identify and schedule capital improvements for fiscal years ending 2026-2031. The CIP is summarized within this budget document and also can be viewed interactively on our CIP website

<https://bit.ly/3iBOqxq>. Here you can find detailed descriptions of the projects, maps, cost estimates, graphs, and other support documentation.

The CIP is an opportunity to formulate strategic long-term policy decisions that extend beyond the 2025-2026 fiscal year. Each year, the City of Novi invests significant time and resources to design, construct, and maintain the infrastructure and facilities needed to deliver municipal services to residents and businesses. Because of the high costs associated with building and maintaining capital assets, the City must carefully balance the need for such assets with our requirements to sustain a strong financial position.

Novi's CIP addresses projects that are needed, or will be needed, across a broad spectrum of areas. Annually, a significant amount of effort is expounded to update the CIP to ensure not only critical needs are being met, but also that the cost, scope and timing of all projects are coordinated throughout. Coordinating the timing of different projects in the same location is particularly important since it helps us to minimize service disruptions.

The CIP allows for responsible and thoughtful planning of future major expenditures that are not necessarily financed or automatically included in the annual budgeting process. That said, the CIP is not always an exhaustive list of all projects that will be completed in any given year.

Specifically, the purpose of the CIP is to:

- Identify and evaluate the needs for public facilities.
- Determine cost estimates for each capital project submitted.
- Determine if there will be future operating costs for such projects.
- Determine potential sources of funding for such projects.
- Adopt policies for implementing capital improvement construction.
- Anticipate and pre-plan projects with an emphasis on seizing opportunities for partnerships and alternative funding.

The projects identified in the CIP represent the City of Novi's plan to serve residents and anticipate the needs of a growing and dynamic community. The following documents are considered in preparation of the CIP:

- Master Plan for Land Use & Thoroughfare Master Plan
- Water System Master Plan
- Storm Water Master Plan
- Sanitary Sewer Capacity Management - Sanitary Sewer Master Plan

- Strategic Community Recreation and Master Park Plan
- Pathway and Sidewalk Prioritization Analysis and Process
- Non-Motorized Master Plan; *renamed Active Mobility Plan*
- Parking Lot Inventory and Maintenance Plan
- ADA Compliance and Transition Plan for City Owned Pathways
- ADA Compliance Transition Plan for City Owned Facilities
- Transportation Asset Management Plan/Road Report
- Bridge Inspection Reports

Definition of a Capital Improvement

A capital improvement is defined as any new equipment, construction, acquisition or improvement to public lands, buildings or structures in excess of \$25,000 with a minimum life expectancy of five years. Maintenance-oriented, operational or continuous expenditures are not considered to be capital improvements.

Impact of Capital Budget on the Operating Budget

As new policies and programs are approved, both the operating and capital budgets are impacted. For example, an increase in service levels approved as part of the operating budget would have long-term effects on the Capital Improvements Program. Conversely, a restrictive change to the use of long-term debt would slow capital programs. Regardless of the difference between the operating and capital budgets, the two are interdependent. Budgetary policy states that all foreseeable operating costs related to capital projects be estimated and provided for as part of the review process associated with the Capital Improvements Program. In addition, departments are required to include costs associated with operating and maintaining capital projects that are requested for the upcoming year.

Legal Basis of the Capital Improvements Program

The Capital Improvements Program has been authorized by the Michigan Planning Enabling Act (Public Act 33 of 2008). This mandate gives responsibility for preparing a CIP to local Planning Commission bodies, and reads as follows:

125.3865 Capital improvements program of public structures and improvements; preparation; basis.

Section. 65:

"(1) To further the desirable future development of the local unit of government under the master plan, a planning commission, after adoption of a master plan, shall annually prepare a capital improvements program of public structures and improvements, unless the planning commission is exempted from this requirement by charter or otherwise. If the planning commission is exempted, the legislative body either shall prepare and adopt a capital improvements program, separate from or as a part of the annual budget, or shall delegate the preparation of the capital improvements program to the chief elected official or a nonelected administrative official, subject to final approval by the legislative body. The capital improvements program shall show those public structures and improvements, in the general order of their priority that in the commission's judgment will be needed or desirable and can be undertaken within the ensuing 6-year period. The capital improvements program shall be based upon the requirements of the local unit of government for all types of public structures and improvements. Consequently, each agency or department of the local unit of government with authority for public structures or improvements shall upon request furnish the planning commission with lists, plans, and estimates of time and cost of those public structures and improvements."

Planning and Benefits of the Capital Improvements Program

The CIP is first and foremost, a planning tool. With thoughtful foresight and review as a result of a CIP, the many outstanding capital projects that communities are faced with implementing every year, can be viewed as one package, rather than as small, fragmented groups or lists, with no unified sense of focus and direction. When capital improvements begin with careful planning and study, the City of Novi's chances for receiving State and Federal grants are greatly enhanced. Some grants require the inclusion of a CIP with their application. Formulation of a CIP assists those involved to look at alternative funding mechanisms that might not have been considered before. Instead of relying on local revenue sources alone. The CIP often avoids reactive planning, and instead replaces it with balanced growth initiatives.

Debt

Introduction

The City had twelve debt issues in 1999 and currently has one debt issue (excluding the debt reported in the enterprise funds). The City's current debt obligations are for capital infrastructure.

In addition to paying down debt through annual debt services payments, the City has taken advantage of both the decline in interest rates and its **excellent credit rating (AAA)** to obtain more favorable rates through refinancing – lowering interest expenditures and paying off debt sooner than anticipated.

Internal borrowing schedules have been included in this section.

Debt Summary

Description of Debt	Funding Source	Debt Outstanding 6/30/2025	Debt Service Payments 2025-26		
			Principal	Interest	Total
VOTED TAX GENERAL OBLIGATION DEBT FUNDS:					
2016 Library Construction Bonds	Debt Service	2,730,000	1,340,000	75,700	1,415,700
Total Direct Debt Service		\$ 2,730,000	\$ 1,340,000	\$ 75,700	\$ 1,415,700
2015 Refunding Bonds-Senior Housing	Sr Housing	1,020,000	1,020,000	11,679	1,031,679
Total Debt Service		\$ 3,750,000	\$ 2,360,000	\$ 87,379	\$ 2,447,379

2016 Library Construction Debt Fund

This general obligation bond issue was approved by the voters in November 2007. Bonds issued in June 2008 and partially refinanced in 2016. The new Library is a two-story state-of-the-art facility with approximately 55,000 square feet.

**The 2008 Library Construction Debt Fund Bonds were partially refinanced in Fiscal Year 2015-2016 to take advantage of lower interest rates available.*

2015 Refunding Debt (Senior Housing Fund)

This issue was used for refunding bonds issued for the balance of the 1999 Building Authority (Senior Complex) Bonds.

**The Senior Housing 2005 Refunding Building Authority Bonds were callable October 2015. The City refunded the bonds in Fiscal Year 2015-2016 to take advantage of lower interest rates available.*

Internal Borrowing Summary

Description of Internal Borrowing	Funding Source	Internal Borrowing Outstanding 6/30/2025	Internal Borrowing Payments 2025-26		
			Principal	Interest	Total
Internal Fund Borrowing:					
Corridor Improvement	CIA Fund	1,704,325	735,315	50,000	785,315
Capital Improvement	CIP Fund	2,800,000	700,000	84,000	784,000
Total Internal Borrowing		\$ 4,504,325	\$ 1,435,315	\$ 134,000	\$ 1,569,315

Internal Borrowing—Corridor Improvement Authority (CIA) Fund

The City of Novi created a Corridor Improvement Authority (CIA) in January 2018 as a funding mechanism for corridor improvements on either side of Grand River Avenue from Wixom Road to Haggerty Road. A CIA is authorized under the Corridor Improvement Authority Act (PA 280 of 2005) and is governed by a Board of Directors whose primary purpose is to correct and prevent deterioration and promote economic growth within the corridor. In March 2020, the CIA board and City Council approved interfund borrowing between the CIA and the Special Assessment Capital Improvement Fund. The CIA will repay the internal borrowing with its annual tax captures. While the CIA Fund is not included in the budget document, the Special Assessment Fund's budget is included and displays the interest income from the borrowing.

Internal Borrowing—Capital Improvement Program (CIP) Fund

This internal borrowing was approved by City Council on June 19, 2017, for the Capital Improvement Program (CIP) Fund to borrow internally using long-term capital reserves from other City funds in order to advance fund several significant capital improvements. The CIP Fund's purpose is to track activity related to the voter approved CIP millage which was passed on August 2, 2016. The first levy for this millage was July 1, 2017 and is not to exceed the annual rate of 1.0 mills for a period of 10 years. The City has opted to repay the internal borrowings over the life of the ten year levy.

Principal & Interest Payments to Maturity

Computation of Legal Debt Margin

City Charter and Public Act 279 of 1909 (as amended) provide that the net indebtedness of the City shall not be in excess of 10% of the State Equalized Valuation of all real and personal property in the City, plus assessed value equivalent of Act 198 specific tax levies.

Obligations which are not included in the computation of legal debt margin are:

- Special Assessment Bonds;
- Mortgage Bonds;
- Michigan Transportation Bonds;
- Revenue Bonds;
- Bonds issued, or contracts or assessment obligations, incurred, to comply with an order of the Water Services Commission (now the Department of Environmental Quality) or a court of competent jurisdiction;
- Other obligations incurred for water supply, sewage, drainage or refuse disposal projects necessary to protect the public health by abating pollution.

Under Michigan law, the maximum debt Novi can issue is \$652,073,379. The City's current debt applicable to this limit is \$3,750,000 or 0.57% of the amount allowed.

Legal Debt Margin			
2025 State Equalized Valuation (SEV)		\$	6,558,233,790
Debt Applicable to Debt Limit, at July 1, 2025			
Debt Limit (10% of State Equalized Valuation)		\$	655,823,379

Net Debt subject to limit as percent of Debt Limit:			0.57%

Additional Limits Set by City Council

As of July 1, 2013, the Debt Policy approved by the City Council in March 2013 puts forth these additional debt limits:

- The City's net bonded indebtedness incurred for all public purposes should not exceed \$2,500 per capita. *(this page)*
- Debt service payments are limited to 20% of the combined operating and debt-service fund expenditures. *(see following page)*
- Municipal securities issued for capital improvement purposes shall not exceed 5% of the state equalized valuation of the property assessed in the City of Novi. *(see following page)*

Total Net Bonded Indebtedness Should Not Exceed \$2,500 Per Capita			
Population		68,080

Department Descriptions

The City of Novi has 25 General Fund departments that are accounted for separately within the fund, including the City's contracted legal firm, Novi Youth Assistance, and Historical Commission.

Mayor and City Council

The Mayor and six City Council members are elected by Novi residents and are responsible for setting policy, adopting laws, approving budgets, and overseeing City operations. They appoint the City Manager to carry out administrative functions not otherwise directed by the City Charter or ordinance.

City Manager

The City Manager leads the daily operations of the City, ensuring ethical, transparent, and effective governance while fostering community partnerships and citizen engagement.

Financial Services: Finance Department

The Finance Department manages the City's accounting, budgeting, and financial reporting in compliance with legal and professional standards. It supports City operations by providing accurate financial analysis, planning, and oversight.

Financial Services: Treasury

The Treasury Department handles all City revenue collections, tax billing and distribution, utility billing, and investment of public funds. It ensures secure, efficient financial services and continuously improves through staff development and updated procedures.

City Clerk

The City Clerk's Office administers all elections in compliance with State and Federal law and maintains the City's official records, including Council minutes, contracts, and legal documents. It also manages FOIA requests, licensing, insurance records, passport services, and public meeting notices to ensure transparency and accessibility for residents.

Integrated Solutions (IS): Technology

The Integrated Solutions Technology team manages the City's technology infrastructure, GIS services, software and hardware support, and ensures data-driven decision-making through interactive mapping and systems integration.

Integrated Solutions (IS): Facility Management

The Facility Management Division ensures the operation, maintenance, and strategic development of all City-owned buildings. It supports safe, sustainable, and cost-effective facilities that serve residents and employees.

Integrated Solutions (IS): Facility Management – Parks Maintenance

The Parks Maintenance Division maintains more than 1,700 acres of parkland and community spaces, including athletic fields, trails, and playgrounds. The team ensures Novi's parks remain clean, functional, and welcoming through professional service and collaboration.

Assessing Department

The Assessing Department fairly and consistently values all taxable property in Novi, forming the basis for property tax revenue. It is committed to providing accurate, timely information and professional service to the public.

City Attorney, Insurance, and Claims

The City Attorney, contracted through Rosati, Schultz, Joppich & Amtsbuechler, P.C., provides legal counsel and representation to the City, its officials, and boards. Services include drafting ordinances, reviewing contracts, and advising on legal matters; the office does not represent or provide legal advice to the public.

Human Resources

The Human Resources Department supports all City departments by managing recruitment, training, labor relations, employee benefits, and wellness programs. HR fosters a dynamic, inclusive work-place culture while ensuring compliance with employment laws and promoting employee health and development.

Public Safety: Police Department

The Novi Police Department is committed to proactive, community-focused policing and delivering exceptional service using the latest technologies. Its Operations and Support Services Divisions handle emergency response, law enforcement, investigations, dispatch, records, and school safety partnerships.

Public Safety: Fire Department

The Novi Fire Department provides fire protection, emergency medical services, and public education through a combination of full-time, part-time, and paid-on-call staff. The Department focuses on life safety, property protection, code enforcement, training, and community outreach.

Community Development – Building Department

The Building Division supports safe, high-quality development through plan review, permits, and inspections for both residential and commercial projects. The team prioritizes excellent customer service, professional development, and interdepartmental collaboration.

Community Development – Planning Department

The Planning Department implements Novi's vision for smart growth and development, balancing residential and commercial needs. It manages zoning, long-range planning, non-motorized transportation improvements, and updates to ensure community livability.

Department of Public Works (DPW)

DPW ensures the health and safety of the Novi community by maintaining streets, utilities, fleet assets, forestry, and infrastructure. Its dedicated staff delivers timely, responsive service across Engineering, Field Operations, Water & Sewer, and more.

Community Relations – Administration

Community Relations strengthens connections between the City and its residents and businesses through transparent communication, marketing, and engagement. The team also leads events and programs that foster civic pride and employee appreciation.

Community Relations – Studio 6

Studio 6 produces video content to inform and engage residents across multiple platforms, showcasing City services, initiatives, and events. As of July 1, 2022, its operations are funded through the City's General Fund.

Economic Development

The Economic Development team works to strengthen Novi's financial base by attracting, retaining, and expanding businesses while positioning the City as a vibrant and welcoming destination for investment.

Novi Youth Assistance

Novi Youth Assistance is a nonprofit organization focused on early intervention, offering support programs for local youth and families through a partnership between Oakland County, the City of Novi, and the Novi Community School District.

Historical Commission

The Novi Historical Commission promotes awareness and appreciation of the City's 180+ year history through public programs, exhibits, and partnerships with local institutions, operating from its space in the Novi Public Library.

Parks, Recreation, and Cultural Services (PRCS)

PRCS delivers exceptional recreational, cultural, and older adult programs that enhance community well-being, with strategic guidance from advisory boards and commissions and services spanning administration, programming, and senior engagement.

Library

The Novi Public Library supports the community's educational, informational, and cultural needs by offering inclusive access to resources, programs, and services in a safe and welcoming environment.

Ice Arena

The Novi Ice Arena is a self-sustaining facility offering a range of ice-related programs, leagues, and events, managed by a third-party vendor and serving as a community hub for recreational and competitive skating.

Senior Housing – Meadowbrook Commons

Meadowbrook Commons provides independent, market-rate housing for adults 55+, with on-site services and programs that promote active, healthy aging in a vibrant community setting, operating independently from the City's General Fund.

Glossary

The Annual Budget contains specialized and technical terminology that is unique to public finance and budgeting. To assist the reader of the Annual Budget Document in understanding these terms, this glossary has been included.

Accrual Basis of Accounting: A method of accounting that recognizes the financial effect of transactions, events, and interfund activities when they occur, regardless of the timing of related cash flows.

Activity: Cost center within a fund or department to which specific expenses are to be allocated.

Ad Valorem: Tax imposed at a percentage rate of the value as stated.

ADA: Abbreviation for Americans with Disabilities Act.

Appropriation: An authorization made by the City Council, which permits officials to incur obligations against, and to make expenditures of governmental resources. Appropriations are usually made for fixed amounts and are typically granted for a one-year period.

Assessed Valuation: The estimated value placed upon real and personal property by the City Assessor. Assessed value is required to be at 50% of true cash value.

Assets: Property owned by the City, which has monetary value.

Audit: A systematic examination of resource utilization concluding in a written report. It is a test of management's internal controls and is intended to ascertain whether financial statements fairly present financial positions and results of operations.

BAR: Abbreviation for budget amendment request.

ACFR: Abbreviation for Annual Comprehensive Financial Report.

Base Budget: The budget predicted on maintaining the existing level of service.

Bond (Debt Instrument): A written promise to pay (debt) a specified sum of money (called principal or face value) at a specified future date (called the maturity date) along with periodic interest paid at a specified percentage of the principal (interest rate). Bonds are typically used for long-term debt to pay for specific capital improvements.

Budget (Operating): A plan of financial operations embodying an estimate of proposed expenditures for a given period (typically a fiscal year) and the proposed means of financing them (revenue estimates). The term is also sometimes used to denote the officially approved expenditure ceiling under which the City and its departments operate.

Budget Calendar: The schedule of key dates or milestones that the City follows in the preparation and adoption of the budget.

Budgetary Control: The level at which expenditures cannot legally exceed the appropriated amounts.

Budgeted Funds: Funds that are planned for certain uses. The budget document that is submitted for Council approval is composed of budgeted funds.

Capital Outlay: A disbursement of money, which results in the acquisition of or addition to fixed assets. The item must have a purchase price greater than \$5,000 and have a useful life of more than one year.

Cash Management: The management of cash necessary to pay government services while investing idle cash in order to earn interest. Cash management refers to the activities of forecasting the inflows and outflows of cash, mobilizing cash to improve its availability for investment, establishing and maintaining banking relationships, and investing funds safely in order to achieve the highest interest on temporary cash balances.

CIP: Abbreviation for Capital Improvement Program.

Component Unit: A governmental component unit is a legally separate organization for which the elected officials of the primary government are financially accountable.

Contingency: An estimated amount of funds needed for deficiency or emergency purposes. An annual appropriation to cover short falls in revenue and/or underestimation of expenditures. Under Michigan law, to be used contingencies must be moved to a more distinctive appropriation by a budget amendment.

Contractual Services: Items of expenditure from services that the City receives from an outside company. Heating and cooling mechanical services, maintenance, custodial services and support for the City owned telephone systems are examples of contractual services.

CPI: Abbreviation for Consumer Price Index. Renamed the Inflation Rate Multiplier (IRM).

Current Taxes: Taxes that are levied and due within one year.

CVTRS: Abbreviation for City, Village, and Township Revenue Sharing program.

Debt Service: The City's obligation to pay the principal and interest of all bonds and other debt instruments according to a pre-determined payment schedule.

Department: A major administrative division of the City, which indicates overall management responsibility for an operation of a group of related operations within a functional area.

Depreciation: That portion of the cost of a capital asset, used during the year to provide service.

Enterprise Fund: A governmental accounting fund in which the services provided are financed and operated similarly to those of a private business. The rate schedules for these services are established to ensure that revenues are adequate to meet all necessary expenditures. Enterprise funds are established for services such as water and sewer.

Estimated Revenue: The amount of projected revenue to be collected during the fiscal year.

Expenditure: The cost of goods delivered and services rendered, whether paid or unpaid.

Expense: The cost of goods delivered and services rendered, whether paid or unpaid in the Enterprise Funds.

Fiduciary Fund: Fiduciary Funds are used to account for assets held by the City in a trustee capacity or as an agent for individuals, organizations, other governments or other funds.

Fund: An independent fiscal and accounting entity with a self-balancing set of accounts for the purpose of carrying on specific activities or attaining certain objectives.

Fund Balance: The excess of an entity's assets over liabilities. A negative fund balance is sometimes called a deficit.

GAAP: Abbreviation for Generally Accepted Accounting Principles.

GASB: The Governmental Accounting Standards Board, which provides direction in accounting and reporting requirements for units of government.

General Fund: The largest fund within the City, the General Fund accounts for most of the financial resources of the government that may be used for any lawful purpose. General Fund revenues include property taxes, licenses and permits, service charges, and other types of revenue. This fund usually includes most of the basic operating services, such as fire and police protection, finance, public works and general administration.

General Obligation Bonds: When the City pledges its full faith and credit to the repayment of the bonds it issues, those bonds are general obligation (G.O.) bonds. Issuance of these bonds requires a citywide election and is usually repaid by an ad valorem property tax levy.

GFOA: Acronym for Government Finance Officers Association. The purpose of the GFOA is to enhance and promote the professional management of governments for the public benefit by identifying and developing financial policies and best practices and promoting their use through education, training, facilitation of member networking, and leadership.

GIS: Abbreviation for Geographic Information System.

Governmental Fund: Governmental funds are "used to account for activities primarily supported by taxes, grants, and similar revenue sources." Within the category of Governmental Funds, there are five types: General Fund, special revenue funds, debt service funds, capital projects funds, and permanent funds.

Headlee Amendment: The Headlee Amendment places an upper limit on the total amount of property taxes a city can collect in the fiscal year. This constitutional amendment limits the growth in taxable value attributed to market adjustment (excluding new construction) to the growth in the consumer price index (CPI). If this situation occurs, the operating millages, which are applied to the taxable value, must be reduced to compensate for any increase in excess of the CPI.

Headlee Override: A Headlee override is a vote by the electors to return the millage to the amount originally authorized via charter, state statute, or a vote of the people, and is necessary to counteract the effects of the Headlee Rollback.

Headlee Rollback: The term Headlee Rollback became part of municipal finance lexicon in 1978 with the passage of the Headlee Amendment to the Constitution of the State of Michigan of 1963. The Headlee Amendment requires a local unit of government to reduce its millage when annual growth on existing property is greater than the rate of inflation (IRM-CPI). As a consequence, the local unit's millage rate is "rolled back" so that the resulting growth in property tax revenue, community-wide, is not more than the rate of inflation.

Inflation Rate Multiplier (IRM): State of Michigan term for CPI computation in the Headlee computation.

Investment: Securities purchased and held for the production of income in the form of interest.

Leveraged Funds: borrowed *funds* to reap a greater gain than is otherwise possible. Take on debt to achieve a goal faster than it is able to with equity capital alone.

Liabilities: Debt or other legal obligations arising out of transactions in the past, which must be liquidated, renewed or refunded at some future date. The term does not include encumbrances.

Litigation: The process of taking an argument between people or groups to a court of law.

Long Term Debt: Debt with a maturity of more than one year.

Major Fund: Major funds are funds whose revenues, expenditures/expenses, assets, or liabilities (excluding extraordinary items) are at least 10 percent of corresponding totals for all governmental or enterprise funds and at least 5 percent of the aggregate amount for all governmental and enterprise funds.

Maturities: The date on which the principal or stated values of investments or debt obligation mature and may be reclaimed.

MERS: The Michigan Municipal Employees Retirement System is a multiple- employer statewide public employee retirement plan created to provide retirement and survivor and disability benefits to local government employees.

Millage: A rate (as of taxation) expressed in mills per dollar.

MIOSHA: Abbreviation for Michigan Occupational Safety and Health Administration.

MLGBC: Acronym for the Michigan Local Government Benchmarking Consortium. MLGBC is a program designed to bring together cities, townships, villages and counties from across Michigan and produce meaningful and relevant performance measures for the purpose of benchmarking and multijurisdictional performance comparisons. Performance measures cover 14 service areas.

Modified Accrual Basis of Accounting: Basis of accounting according to which (a) revenues are recognized in the accounting period in which they become available and measurable and (b) expenditures are recognized in the accounting period in which the fund liability is incurred, if measurable, except for unmatured interest on general long-term debt and certain similar obligations, which should be recognized when due.

OPEB: Abbreviation for Other Post-Employment Benefits.

Other Charges: An expenditure object within an activity, which includes professional services, utilities, rents, and training for example.

PASER: Abbreviation for Pavement Surface Evaluation and Rating System.

Per Capita Basis: Per unit population.

Permanent Fund: A permanent fund classified as a restricted true endowment fund. Put simply, a permanent fund may be used to generate and disburse money to those entitled to receive payments by qualification or agreement. The purpose of the fund is to summarize equity used to permanently generate payments to maintain some financial obligation. A permanent fund can also be defined if the money is used to report the status of a restricted financial resource. The resource is restricted in the sense that only earnings from the resource are used and not the principal.

Personnel Services: An expenditure object within an activity, which includes payroll and all fringe benefits.

Proprietary Fund: A proprietary fund is used in governmental accounting to account for activities that involve business-like interactions, either within the government or outside of it. These activities are similar to what would be found in the private sector, so the reporting resembles what would be used by a private business

PRV: Pressure Reducing Valve for maintaining water pressure levels.

Revenue: An addition to the assets of a fund, which does not increase a liability, does not represent the recovery of an expenditure, does not represent the cancellation of a liability without a corresponding increase in any other liability or a decrease in assets, and does not represent a contribution of fund capital in an enterprise.

RRASOC: Abbreviation for Regional Recycling Authority of South Oakland County.

SEMCOG: South East Michigan Council of Governments.

SEV: Abbreviation for State Equalized Value.

Special Assessment Fund: Special Assessment Funds are used to account for the construction and financing of public improvements benefiting a limited number of properties. Assessments are repaid over a number of years with interest.

Supplies: An expenditure object within an activity that includes all supplies that have a useful life of less than one year and/or a purchase price of less than \$1,000 dollars.

Taxable Value: This is a value used as a base for levying property taxes. It was established by a state constitutional amendment. Taxable value limits increases in value attributed to market adjustment. The increase is limited to the lesser of the actual increase, the rate of inflation as established by the consumer price index, or 5%. When property changes ownership, the value returns to 50% of true cash value.

Transfers In/Out: A legally authorized funding transfer between funds in which one fund is responsible for the initial receipt and the other fund is responsible for the actual disbursement.

Trust and Agency Fund: Trust and Agency Funds are used to account for assets held by the City in a trustee capacity or as an agent for individuals, organizations, other governments, or other funds.

Water and Sewer Fund: This enterprise fund is used to account for the provision of water and sewer services to the customer financed primarily by user charges.

Appropriated Funds

Annual budgets are legally adopted for the General Fund and Special Revenue Funds as required by the State's Uniform Budgeting and Accounting Act. In addition, although not required by law, budgets are prepared for the City's Debt Service, Capital Projects, Permanent, Enterprise, Internal Service, and Pension & Other Post Employment Benefit Trust Funds. These budgets are prepared for financial management and project control purposes.

Fund Types

The accounts of the City are organized by funds and account groups, each of which is considered a separate accounting entity. Funds are established to segregate specific activities or objectives of a government in accordance with special regulations, restrictions or limitations. The various funds are grouped into generic fund types in four broad fund categories as follows:

Governmental Funds

General Fund: The General Fund contains the records of the ordinary activities of the City that are not accounted for in another fund. General Fund activities are financed by revenue from general property taxes, state-shared revenue and other sources.

Special Revenue Funds: Special Revenue Funds are used to account for the proceeds of earmarked revenue from financing activities requiring separate accounting because of legal or regulatory provisions.

Debt Service Funds: Debt Service Funds are used to account for the annual payment of principal and interest concerning certain long-term debt other than debt payable from the operations of an enterprise fund.

Capital Project Funds: Capital Project Funds are used to account for the development of capital facilities other than those financed by the operations of the enterprise funds.

Permanent Funds: Permanent Funds are used to report resources that are legally restricted to the extent that only earnings, and not principal, may be used for purposes that support the reporting government's programs.

Proprietary Funds

Enterprise Funds: Enterprise Funds are used to account for the results of operations that provide a service to citizens financed by a user charge for the provision of that service. Besides normal operations, the Water and Sewer Fund provides for capital investment, which is funded by a one-time connection charge.

Internal Service Funds: Internal Service Funds are used to track goods or services shifted between departments on a cost reimbursement basis.

Fiduciary Funds

Fiduciary Funds are used to account for assets held by the City in a trustee capacity or as an agent for individuals, organizations, other governments or other funds.

Component Units

A governmental component unit is a legally separate organization for which the elected officials of the primary government are financially accountable.

Fund Descriptions

General Fund: The General Fund is used to account for all financial resources traditionally associated with City government, except those required to be accounted for in another fund. The General Fund includes police, fire, planning, engineering, building inspection, neighborhood services, public works, assessing, and internal services such as information technology and finance. The two primary sources of revenue for this fund are general property taxes and State Shared Revenue. In addition, the General Fund also receives revenue from licenses and permits, grants, fines and forfeitures and interest on investments.

SPECIAL REVENUE FUNDS

Major Street Fund: The Major Street Fund's purpose is to account for expenditures associated with the construction and maintenance needs of the Major Street portion (as defined by State Act 51) of the City's street network. Financing is primarily provided by the City's share of State gas and weight taxes.

Local Street Fund: The Local Street Fund's purpose is to account for expenditures associated with the construction and maintenance needs of the City's Local Streets. Financing is provided by the City's share of State gas and weight taxes and transfers from other funds.

Municipal Street Fund: The Municipal Street Fund is used to enhance the Major and Local Street Funds, and to provide matching funds for County roads. This fund accounts for a City Charter authorized property tax millage to supplement the Major and Local Street Funds that have limited resources due to the reliance on the State gas and weight tax.

Parks, Recreation, and Cultural Services Fund: The departments within this fund administer all parks, recreation and cultural services operations, including strategic direction, policy development, resource identification, and serves as the liaison to the Parks, Recreation and Cultural Services Commission and the Novi Parks Foundation.

Drain Fund: This fund includes a special property tax millage that was approved for the purpose of improving and maintaining the City's regional and arterial detention system.

Tree Fund: This fund was established to cover most of the cost of City tree replacement and future maintenance costs. Proceeds vary from year to year and come from fines, fees paid by developers and street tree maintenance charges pursuant to the City Charter and Code of Ordinances.

Rubbish Collection Fund: The Rubbish Collection Fund records the activity related to the City of Novi trash/recycle program which began in July 2016. The City bills for half of the annual service on the July tax bill and the balance of the service is placed on the December tax bill.

Forfeiture Fund: This fund records all receipts and expenditures relating to Federal, State, Local and OWI, forfeited and legally restricted, funds relating to narcotic trafficking, money laundering, State laws and ordinances.

Library Fund: Novi Public Library provides the resources and programs to support the educational, cultural, informational and recreational needs of its diverse community. The Library supports intellectual freedom and access to information resources for all, while maintaining the privacy of its patrons and providing a safe and secure environment. The Library is funded primarily from property taxes in accordance with a special City Charter millage.

Library Contribution Fund: In May 2004, the City of Novi's Library received a generous gift of \$1,000,000 from Charles and Myrtle Walker for use in the replacement or expansion of the then existing Library building. The Library Board also entered into a Library Building Fund Gift Agreement with the Walker family to encourage additional donations. The library has continued to receive donations. As of January 1, 2014, the restrictions on the use of these funds expired.

Community Development Block Grant (CDBG) Fund: This fund records federal grant monies passed through to the City from Oakland County. These funds are used to support the youth assistance program, minor home repair program, Haven, and emergency services.

Opioid Settlement Fund: The Opioid Settlement Fund is to account for the opioid settlement payments from opioid manufacturers, distributors, and pharmacies to settle various lawsuits against their companies across the US. The majority of funds must be spent on opioid remediation including; addressing the misuse and abuse of opioid products, treat or mitigate opioid use or related disorders and mitigate other alleged effects of, including on those injured as a result of, the opioid epidemic.

Street Lighting (West Oaks Street) Fund: This fund was established by a vote of the City Council to account for a special assessment levy to provide street lighting to West Oaks Street.

Street Lighting (West Lake Drive) Fund: This fund was established by a vote of the City Council to account for a special assessment levy to provide street lighting to West Lake Drive.

Street Lighting (Town Center Street) Fund: This fund was established by a vote of the City Council to account for a special assessment levy to provide street lighting to Town Center Street.

DEBT FUNDS

2016 Library Construction Debt Fund: This fund was established to account for annual debt service payments for a bond that was issued to construct a new library building. The annual debt service is paid from property tax collections authorized by a voter approved millage. The last debt service payment will be paid in fiscal year ending 2027.

PERMANENT FUNDS

Drain Perpetual Maintenance Fund: A citizen's committee has been established to oversee the building and maintenance of the drain system. This fund was initially created with allocations from the Drain Fund. Additional revenue has come from tap fees for properties connecting to regional systems. The intent is to build an investment base in which earnings will eventually cover the cost of maintaining the system and reduce or eliminate the need for the Drain Fund millage.

CAPITAL PROJECT FUNDS

Capital Improvement Program (CIP) Fund: The Capital Improvement Program (CIP) Fund's purpose is to track activity related to the voter approved CIP millage which was passed on August 2, 2016. This millage is not to exceed the annual rate of 1.0 mills for a period of 10 years. The uses of the CIP millage funds include but are not limited to parks and facilities, land acquisition, pathways, and apparatus (such as fire truck or heavy equipment). These funds shall not be used for operations or payroll. These funds shall include revenues from the sale of equipment, vehicles, and land originally purchased within this fund. The first levy for this millage was July 1, 2017.

Gun Range Facility Fund: As of July 1, 2014, the City Council has elected to place the gross revenue from users of the gun range facility (previously in the General Fund) into a separate capital project fund to be used toward planned future capital improvements.

Special Assessment Revolving Fund: This fund is used to account for the construction of capital assets funded in whole or part by long-term special assessment debt. The city has self-funded previous projects and has elected to maintain the cumulative interest as well as the initial General Fund contribution in this fund. All future uses of this fund will be determined as part of the city's annual capital improvement plan (CIP plan).

PEG Cable Capital Fund: As of September 2019, the revenues related to PEG Cable have been placed into this separate capital project fund to be used toward planned future capital improvements.

ENTERPRISE FUNDS

Ice Arena Fund: The Novi Ice Arena opened in 1998 to provide ice skating services to Novi residents and other local communities. The facility is self-supporting and strives to generate positive cash flow under contract with Suburban Arena Management – Novi LLC, a third party vendor.

Senior Housing Fund: Meadowbrook Commons is an older adult housing community owned by the City of Novi and managed by a contractual management company. Financing for this project was provided through bonds issued by the Building Authority. The total construction cost was \$12.5 million and all operational expenses and the bond debt retirement are covered by rental revenue.

Water and Sewer Fund: The City of Novi takes pride in providing safe and efficient water distribution and sanitary sewage collection systems. The City has taken steps to further improve infrastructure, as recommended by the Water Distribution Study and Master Plan Update, the sanitary sewer Capacity, Management, Operations and Maintenance Program (CMOM) and as otherwise determined to be necessary. These programs have allowed the City to fully examine the current operation of the City's utility-based infrastructure and provide recommendations for improvements to the water distribution and sanitary sewage collection systems.

INTERNAL SERVICE FUNDS

Self Insurance Healthcare Fund: This fund's purpose is to track any health insurance claims through a HAP administered plan as of January 1, 2020. Individual funds are charged premium based insurance rates called "illustrative rates" and the surplus at the end of the year remains in this fund and is used to offset future insurance costs (after claims reserve balances are met). The illustrative rates are adjusted annually by our insurance consultant based on current market rates and our specific claims history.

FIDUCIARY FUNDS

Retiree Health Care Benefits Fund: The Retiree Health Care Benefits Fund accounts for medical benefits provided to retirees and is funded through contributions from the various funds of the City as a percentage of payroll.

COMPONENT UNITS

Economic Development Corporation Fund: The Economic Development Corporation of the City of Novi (the "Corporation") was created to provide means and methods for the encouragement and assistance of industrial and commercial enterprises in relocating, purchasing, constructing, improving, or expanding within the City so as to provide needed services and facilities of such enterprises to the residents of the City. The Corporation's governing body is selected by the City Council. The Corporation is reported within the component unit column in the government-wide financial statements. It is reported in a separate column to emphasize that it is legally separate from the City. The Corporation does not issue a separate financial report.

Corridor Improvement Authority (CIA) Fund: The Corridor Improvement Authority of the City of Novi (the "CIA") was created by the City in January 2018 as a funding mechanism for corridor improvements on either side of Grand River Avenue from Wixom Road to Haggerty Road. A CIA is authorized under the Corridor Improvement Authority Act (PA 280 of 2005) and is governed by a Board of Directors whose primary purpose is to correct and prevent deterioration and promote economic growth within the corridor.

FINANCIAL POLICIES

The City of Novi's financial policies provide a consistent framework for sound fiscal management. These long-standing principles guide City Council and administration in decision-making, support the development of a balanced budget, and help evaluate current operations and future initiatives—regardless of changing economic conditions.

Fund Balance Policies

On September 26, 2011, the City Council adopted by resolution the following fund balance/reserve policies:

- The City will establish a reserve to pay for expenditures as a result of unforeseen emergencies or for shortfalls caused by revenue declines.
- The City will seek to maintain a diversified and stable revenue system to shelter itself from short-run fluctuations in any one revenue source.
- The City will attempt to obtain additional revenue sources to insure a balanced budget.
- The City will follow an aggressive policy of collecting revenue.
- The City will establish all user charges and fees at a level considering the cost (operating, direct, indirect and capital) of providing the service.
- The City will establish reserves to comply with the terms and conditions of the debt instruments used to finance capital improvement projects.
- The City will review fund balance/reserves annually during the budget process.
- In the event the level of expenditures exceeds the estimated appropriations, the City will create a plan to replenish fund balance/reserves within three years by controlling operating expenditures, adjusting operations and/or dedicating excess or specific revenue sources.

General Fund

For the General Fund, the reserve will be maintained at a minimum of approximately 25-33 percent of the budgeted expenditures as adopted by City Council Resolution, October 28, 2024. In the event that circumstances arise causing the fund balance to fall below 25%, a plan will be put in place to replenish the balance during the subsequent three years. Additional reserves can be designated for a specific purpose as identified by City Council during the budget process. Fund balance will be established to:

- Provide a fund or reserve to meet emergency expenditures
- Provide cash to finance expenditures from the beginning of the budget year until general property taxes or other revenues are collected
- Demonstrate financial stability and therefore preserve or enhance its bond rating, thereby lowering debt issuance costs;
- Accumulate sufficient assets to make designated purchases;
- Avoid short-term borrowing and associated interest costs.

FB as % of expenses	
25% or below	Action Required
26%	
27%	
28%	Target Range
29%	
30%	
31%	
32%	
33% or greater	Action Required

As part of the budget process excess fund balance may be used to reduce liabilities or fund expenditures of the next fiscal period.

Street Funds (Major, Local and Municipal Street)

The City's fund balance for the street funds will be established within a minimum range of 10-20%, individually and collectively amongst the three funds, to cover extraordinary maintenance events (i.e. unusual winter maintenance events, emergency reconstruction, etc.), and contingencies for budgeted construction projects. In addition, the City may establish a designation for capital projects in excess of \$1.5 million, to be completed in future years based on the capital improvement program.

Parks, Recreation and Cultural Services Fund

The fund balance for the Parks, Recreation and Cultural Services Fund will be established within a minimum range of 12-22% of fund annual budgeted expenditures, since this fund is similar to the General Fund in terms of covering operations. This fund reports two major sources of revenue: special voted property tax millage and program revenue. The City may establish a designation for capital projects in excess of \$300,000; to be completed in future years based on the capital improvement program.

Tree Fund

The fund balance for the Tree Fund will be maintained at a minimum of \$500,000 for purposes of establishing a contingency or allowance in the event of some natural disaster impacting the City's tree inventory (e.g. severe storms, straight-winds; diseases; or infestations).

Revenue Policies

The City will estimate its annual revenue by a conservative, objective and analytical process.

The City will review fees and charges annually. It will attempt to design and/or modify revenue systems to include provisions that automatically allow charges to grow at a rate that keeps pace with the cost of providing the service.

Non-recurring revenue will be used only to fund non-recurring expenditures.

Capital Improvements Policies

The City will develop a multi-year plan for capital improvements, update it annually and make all capital improvements identified in the plan to the extent possible. The City Charter was adopted with a low operating millage, with the understanding that major capital expenditures, if not otherwise provided for, would be financed by bond issues and related special millage.

The City's plan includes large capital purchases and construction projects costing more than \$25,000. A Capital Improvement Program, as defined in this document, includes real property expenditures greater than \$25,000 that have a life expectancy of at least five years and personal property items costing more than \$25,000 with a life expectancy of at least one year.

The City will maintain its physical assets at a level adequate to protect the City's capital investment and to reduce future maintenance and replacement costs. The budget will provide for the adequate maintenance and the orderly replacement of the capital plant and equipment from current revenues where possible.

The City will use the following criteria to evaluate the relative merit of each capital project:

- Projects specifically included in an approved replacement schedule will receive priority consideration.
- Projects will be evaluated as to the impact on the operating budget; those that reduce the cost of operations or energy consumption will receive priority consideration.

Investment Policies

The City's investment objectives in priority order are: Safety, Liquidity, and Yield.

Disbursement, collection, and deposit of all funds will be managed to insure that all cash is invested promptly until needed.

The City will strive to maximize the return on the portfolio, with the primary objective of preserving capital by prudent investment practices.

For the City's complete investment policies please contact the Finance Department.

Debt Policies

City of Novi, as a home rule unit, presently has a statutory limit on the amount of general obligation debt outstanding. The limit on the outstanding indebtedness cannot exceed 10% of the equalized assessed valuation.

The Debt Policy approved by the City Council in March 2013 puts forth these additional debt limits:

- The City's net bonded indebtedness incurred for all public purposes should not exceed \$2,500 per capita.
- Debt service payments are limited to 20% of the combined operating and debt-service fund expenditures.
- Municipal securities issued for capital improvement purposes shall not exceed 5% of the state equalized valuation of the property assessed in the City of Novi.

In addition, the City will maintain a sound relationship with all bond-rating agencies and will keep them informed about our current capital projects. General obligation debt will not be used for enterprise activities.

The maturity date for any debt may not exceed the reasonably expected useful life of the project so financed. Debt service for property tax supported obligations is structured to fit within the City's annual property tax levy budget for the repayment of principal and interest. When it is deemed to be in the best interest of the City, the City will consider refunding outstanding bonds.

Accounting, Auditing and Financial Reporting Policies

An independent audit will be performed annually.

The City will produce annual financial reports following Generally Accepted Accounting Principles (GAAP) as outlined by the Governmental Accounting Standards Board (GASB).

The City will maintain strong internal audit controls.

Grant Policies

The City Manager's Office reviews and approves department requests to pursue grants.

Completed applications requiring a local match are presented for approval to City Council. The approval includes financing mechanism and required matching funds.

Upon notice of grant award City Council approves budget and formal acceptance.

The Finance Department works with the initiating department for proper reporting and program monitoring.

Purchasing Policies

The Purchasing Division is responsible for the administration of the procurement process for the supplies, materials and equipment required for the operation and maintenance of the City's departments and facilities.

- Purchases will be made in accordance with federal, state and municipal requirements.
- Purchases will be made in an impartial, economical, competitive, and efficient manner.

PURCHASES OR CONTRACTS UNDER \$5,000 For expenditures of less than \$5,000, Department Heads are authorized to make the purchase. It is the responsibility of the Department Head to ensure the quality of goods/services and that competitive prices are received. Verbal quotes are acceptable.

PURCHASES OR CONTRACTS BETWEEN \$5,000 - \$24,999 For expenditures over \$5,000, it is the individual Department Head's responsibility to assure that a competitive price is received. At least three written quotations must be obtained, unless the Department Head can establish to the satisfaction of the Purchasing Department that there are not 3 qualified vendors, in which case as many quotations as can be secured are required. Quotations are to be maintained by the individual departments.

If you do not choose the lowest cost, you must include an explanation. Factors including, but not limited to, product quality, serviceability, delivery, and other considerations of a similar kind normally relevant to the exercise of good business judgment shall constitute sufficient and good cause on which to base such decisions.

PURCHASES OR CONTRACTS OF \$25,000 AND OVER Goods and services with a dollar value of \$25,000 or more shall be procured by the formal sealed bid process. Engineering services for projects that are awarded using the Agreement for Professional Engineering Services Public Projects to the pre-qualified firms on a rotating basis do not require formal sealed bids.

CAPITAL PURCHASES All Capital Purchases require PRIOR approval. CAPITAL is defined as: ANY ITEM WITH A COST OF \$25,000 OR MORE AND HAS A LIFE OF ONE (1) YEAR OR MORE. Capital purchases of \$25,000 or greater require a Purchase Order.

Role of the Budget

The budget provides the annual financial plan for the management of the City's affairs. The document compiles the financial data needed to support Novi's comprehensive decision making/policy development process. This Budget is based on the City Council Strategic Goals, the Capital Improvements Program, the City's financial policies, past City Council direction, and City Manager and departmental review of operations.

Budget Strategy

The current financial plan is based upon Council direction and current revenue constraints. These factors govern the stewardship of public funds and reflect the following principles:

- Basic services will be maintained at least at current levels and will be funded adequately.
- Program costs will reflect a true picture of the cost of operations. Depreciation will not be included in program costs (except in the enterprise funds) and some City-wide expenses will be separated from program expenditures for ease of administration.
- Program services will be provided in the most efficient method while meeting the needs of the public.
- Necessary infrastructure improvements will be undertaken to meet needs.
- Revenue will be estimated at realistic levels.

- Reserves will be programmed at appropriate levels to protect the City from future uncertainties.
- The budget will comply with provisions of the State Constitution, City Charter, Municipal Code and sound fiscal policy.

Definition of Balanced Budget

A balanced budget is a basic budgetary constraint intended to ensure that the City does not spend beyond its means. On April 3, 2024, the Novi City Council defined a balanced budget to be one in which revenues equal expenses and staff must account for prior pull ahead items so that fund balance is not impacted by prior pull-ahead items.

Impact of Capital Budget on the Operating Budget

As new policies and programs are approved, both the operating and capital budgets are impacted. For example, an increase in service levels approved as part of the operating budget would have long-term effects on the Capital Improvements Program. Conversely, a restrictive change to the use of long-term debt would slow capital programs.

Regardless of the difference between the operating and capital budgets, the two are interdependent. Budgetary policy states that all foreseeable operating costs related to capital projects be estimated and provided for as part of the review process associated with the Capital Improvements Program. In addition, departments are required to include costs associated with operating and maintaining capital projects that are requested for the upcoming year.

For additional information pertaining to the capital budget, please see the "Capital Improvements Program and Debt" section of this document.

Legal Level of Budget Control

The annual adopted budget provides a basis of control over financial operations. The objective of these budgetary controls is to ensure compliance with legal provisions embodied in the approved budget. Activities of the General Fund and Special Revenue Funds are included in the annual approved budget. The level of budgetary control (that is the level at which expenditures cannot exceed the appropriated amount) is established by function within each individual fund.

Independent Audit

State statutes and the City Charter require an annual audit of all accounts of the City by certified public accountants selected by the City Council. Rehmann Robson, LLC has fulfilled this requirement. The auditor's report is included in the City's Annual Comprehensive Financial Report (ACFR) and is available to the public.

BUDGET CALENDAR	
July - September	Departments compile Capital Improvement Program requests, Capital Outlay requests, Light-Duty Vehicle requests, and Service Improvement requests for Finance Department review
October	Departments data enter Operating Budgets in BSA General Ledger (including memberships & dues, conferences & workshops, and temporary salaries) for Finance Department review

ICMA CODE OF ETHICS

The mission of ICMA is to create excellence in local governance by developing and fostering professional local government management worldwide. To further this mission, certain principles, as enforced by the Rules of Procedure, shall govern the conduct of every member of ICMA, who shall:

1. We believe professional management is essential to effective, efficient, equitable, and democratic local government.
2. Affirm the dignity and worth of local government services and maintain a deep sense of social responsibility as a trusted public servant.
3. Be dedicated to the highest ideals of honor and integrity in all public and personal relationships in order that the member may merit the respect and confidence of the elected officials, of other officials and employees, and of the public.
4. Serve the best interests of all community members.
5. Submit policy proposals to elected officials; provide them with facts, and technical and professional advice about policy options; and collaborate with them in setting goals for the community and organization.
6. Recognize that elected representatives are accountable to their community for the decisions they make; members are responsible for implementing those decisions.
7. Refrain from all political activities which undermine public confidence in professional administrators. Refrain from participation in the election of the members of the employing legislative body.
8. Make it a duty continually to improve the member's professional ability and to develop the competence of associates in the use of management techniques.
9. Keep the community informed on local government affairs. Encourage and facilitate active engagement and constructive communication between community members and all local government officials.
10. Resist any encroachment on professional responsibilities, believing the member should be free to carry out official policies without interference, and handle each problem without discrimination on the basis of principle and justice.
11. Manage all personnel matters with fairness and impartiality.
12. Public office is a public trust. A member shall not leverage his or her position for personal gain or benefit.

Adopted by the ICMA Executive Board in 1924, and most recently revised by the membership in April 2023.

Declaration of Ideals

Members of the International City/County Management Association dedicate themselves to the faithful stewardship of the public trust and embrace a shared ideal of management excellence.

The International City/County Management Association (ICMA) was founded with a commitment to the preservation of the values and integrity of representative local government and local democracy and a dedication to the promotion of efficient and effective management of public services. To fulfill the spirit of this commitment, ICMA works to maintain and enhance public trust and confidence in local government, to achieve equity and social justice, to affirm human dignity, and to improve the quality of life for the individual and the community. Members of ICMA dedicate themselves to the faithful stewardship of the public trust and embrace the following ideals of management excellence, seeking to:

1. Provide an environment that ensures the continued existence and effectiveness of representative local government and promotes the understanding that democracy confers privileges and responsibilities on each citizen.
2. Recognize the right of citizens to influence decisions that affect their well-being; advocate a forum for meaningful citizen participation and expression of the political process; and facilitate the clarification of community values and goals.
3. Respect the special character and individuality of each community while recognizing the interdependence of communities and promoting coordination and cooperation.
4. Seek balance in the policy formation process through the integration of the social, cultural, and physical characteristics of the community.
5. Promote a balance between the needs to use and to preserve human, economic, and natural resources.
6. Advocate equitable regulation and service delivery, recognizing that needs and expectations for public services may vary throughout the community.
7. Develop a responsive, dynamic local government organization that continuously assesses its purpose and seeks the most effective techniques and technologies for serving the community.
8. Affirm the intrinsic value of public service and create an environment that inspires excellence in management and fosters the professional and personal development of all employees.
9. Seek a balanced life through ongoing professional, intellectual, and emotional growth.
10. Demonstrate commitment to professional ethics and ideals and support colleagues in the maintenance of these standards.
11. Take actions to create diverse opportunities in housing, employment, and cultural activity in every community for all people.

RESOLUTION OF ADOPTION OF 2025 MILLAGE RATES

WHEREAS, the City Council has agreed to keep the City's total millage rate of 10.5376 mills unchanged from last year (2024) levy and

WHEREAS, that these levies are being placed on a diversified tax base that has increased slightly as anticipated in the financial plan, and

WHEREAS, a public hearing was also held on May 5, 2025 on 2025 millage rates and the 2025-2026 budget,

NOW THEREFORE, IT IS THEREFORE RESOLVED that to finance the level of services established for the 2025-2026 fiscal-year, and to meet specific debt obligations of the City that the following millages are authorized to be spread:

General Operating	4.7390
Public Act 359 – Advertising	0.0095

Public Safety	1.3485
Parks and Recreation	0.3639
Drain	0.6358
Capital Improvement	0.9491
Library	0.7285
2008 Library Construction Debt	0.3471

CERTIFICATION

I hereby certify that the foregoing is a true and complete copy of a resolution adopted by the City Council of the City of Novi, County of Oakland, and State of Michigan, at a regular meeting held this 5th day of May, 2025, and that public notice of said meeting was given pursuant to and in full compliance with Act No. 267, Public Acts of Michigan, 1976, and that the minutes of said meeting have been kept and made available to the public as required by said Act.

Cortney Hanson, City Clerk
City of Novi

**RESOLUTION OF ADOPTION FISCAL-YEAR 2025-2026 BUDGET AND ACKNOWLEDGING THE
MULTI-YEAR BUDGET INCLUDING PROJECTIONS OF FUTURE FISCAL-YEARS 2026-2027 AND
2027-2028**

WHEREAS, the City Manager's recommended budget is based upon City Council's strategic themes and goals which were discussed, along with property tax projections from the City Assessor, and

WHEREAS, this budget has incorporated the CIP plan as approved by the City's Planning Commission at the public hearing held on February 26, 2025, and

WHEREAS, pursuant to Section 8.3 of the Novi City Charter, a detailed revenue and expenditure plan has been presented in accordance with all applicable City, State and Federal Statutes, and

WHEREAS, the City Council passed amendments to the recommended budget during the April 16, 2025 Special Budget Meeting, and

WHEREAS, a public hearing was also held on May 5, 2025 on the recommended budget, and

WHEREAS this budget takes into consideration the City's Multi-Year Budget and financial planning through fiscal-year 2027-2028, and

NOW THEREFORE, IT IS THEREFORE RESOLVED that the fiscal year 2025-26 attached budget is adopted and that the City Council acknowledges the Multi-Year Budget, Including Projections of Future Fiscal-Years 2026-2027 and 2027-2028 as part of this resolution.

CERTIFICATION

I hereby certify that the foregoing is a true and complete copy of a resolution adopted by the City Council of the City of Novi, County of Oakland, and State of Michigan, at a regular meeting held this 5th day of May, 2025, and that public notice of said meeting was given pursuant to and in full compliance with Act No. 267, Public Acts of Michigan, 1976, and that the minutes of said meeting have been kept and made available to the public as required by said Act.

Courtney Hanson, City Clerk
City of Novi
