

CITY of NOVI CITY COUNCIL

Agenda Item C
January 26, 2015

SUBJECT: Approval of the Fire Department Automatic Mutual Aid Agreement between the City of Novi and the City of Walled Lake.

SUBMITTING DEPARTMENT: Public Safety – Fire Department

CITY MANAGER APPROVAL: *[Signature]*

BACKGROUND INFORMATION:

The City of Novi Fire Department and the City of Walled Lake Fire Department propose to enter into an Automatic Mutual Aid Agreement (AMA). With AMA, the resources are automatically provided at no cost. The AMA agreement (attached) provides an engine or ladder from Walled Lake and sends it automatically to any confirmed structure fire (e.g. multiple calls of smoke/flames showing) for all sections in Novi fire station 2's area. In return, Novi will automatically provide an engine or ladder to Walled Lake within the city limits of their community.

The AMA prepositions extra resources at no cost to either city. This coverage provides a safer working environment at these labor intensive fires and offers sound risk management practices. Novi has entered into similar agreements with the City of Wixom and City of Northville.

The City of Novi legal counsel has reviewed this matter and opines there is no legal impediment which precludes the City of Novi from executing the agreement.

RECOMMENDED ACTION: Approval of the Fire Department Automatic Mutual Aid Agreement between the City of Novi and the City of Walled Lake.

MEMORANDUM

TO: DAVID E. MOLLOY, DIRECTOR OF PUBLIC SAFETY
FROM: JEFFERY R. JOHNSON, DIRECTOR OF EMS/FIRE OPERATIONS *JRJ*
SUBJECT: AUTOMATIC MUTUAL AID AGREEMENT –
CITY OF WALLED LAKE
DATE: JANUARY 13, 2015

The City of Novi Fire Department and the City of Walled Lake Fire Department proposes to enter into an Automatic Mutual Aid Agreement (AMA). This agreement is different than the Oakland County and Western Wayne Inter-Local / Mutual Aid Box Alarm System (MABAS) Agreements which the City of Novi has already approved by Resolution. The difference with MABAS is that multiple alarms have to be called when a structure fire or other large scale event requires more resources (e.g. 2nd, 3rd, 4th or 5th alarm). With AMA, the resources are automatically provided at no cost. The AMA agreement provides an engine or ladder from Walled Lake and sends it automatically to any confirmed structure fire (e.g. multiple calls of smoke/flames visible) in the northern sectors of Novi Fire Station 2 area. In return, Novi will automatically provide a fire engine or ladder with two firefighters to Walled Lake within the city limits of their community.

Reasons for AMA:

- Immediate response of a minimum 2 person firefighting crew with fire apparatus to structure fires.
- Can utilize crew for initial fire attack or rapid intervention team to back firefighting crews (two in-two out) and provides immediate resources without having to take extra steps to call and further delay the response.
- Safer operations by having the extra resource and personnel to back-up the initial fire attack will help both fire departments meet the National Fire Protection Association recommend standard for minimum staffing and crews to effectively operate at a working structure fire.
- Insurance Service Office (ISO) rating schedule utilized by the insurance industry recognizes communities with AMA and count these additional resources in the overall rating schedule. This may help to reduce the City of Novi's fire rating.
- The locations of assets from a neighboring community are closer to respond and assist one another.

It is my recommendation the City of Novi proceed with entering into an automatic aid agreement as prepared and reviewed by our city attorney. This agreement emulates the AMA agreements with the City of Wixom and the City of Northville. We have also reached out to Lyon Township, Northville Township and Farmington Hills and they have all declined to participate at this time.
