

NOVI

— Better Roads Ahead —

November 7, 2023

**Cheers to the Ending of a Construction Season
Like No Other**

Oh, it has truly been a construction season like no other. Driving around Novi this year felt like navigating a maze, but we're finally seeing the light at the end of the tunnel. Many projects are complete or nearing the finish line, and we're excited to say that this year's construction season is coming to a close.

Some projects coordinated by other entities (MDOT, GLWA) will continue into next year, but we are grateful for the patience you continue to show during this time.

While this is the last e-newsletter of the construction season, your Community Relations team is always here to answer any questions or concerns you have. Please reach out to communityrelations@cityofnovi.org with any of your needs.

Here's to better roads ahead!

MDOT PROJECTS

I-96 Freeway Flex Route

MDOT plans to conduct a full freeway closure of EB I-96 from Wixom to Novi for overhead sign installation on Saturday, November 11, from 5 a.m. to 1 p.m. The posted detour will be EB I-96 to EB Grand River to NB Novi to EB I-96.

After the sign installation is complete, construction operations will begin winding down for a seasonal stoppage before resuming again in the spring for westbound construction. Until that time, EB I-96, Kent Lake Road to I-275, will have two lanes open. The NB/SB Wixom Road on-ramps to EB I-96 and the NB Novi Road on-ramp to EB I-96 are now open.

The remaining ramps will be reopened by early December:

- EB I-96 off-ramp to Novi Road
- SB Novi Road on-ramp to EB I-96
- NB/SB Beck Road on-ramp to EB I-96

Rebuilding Michigan I-696 Project

Activities will shut down in November and resume again in the spring of 2024. At that time, traffic will have been shifted onto the new eastbound lanes while they reconstruct the westbound lanes.

RCOC PROJECTS

14 Mile Road Simple Asphalt Resurfacing

RCOC is currently paving 14 Mile Road from Haggerty Road to East Lake Drive. The road remains open, with flaggers directing traffic in the work zone.

Please expect delays as RCOC continues work.

Novi Road Rehabilitation

Novi Road is open to two-way traffic! Thank you to everyone for their patience during the project.

For more information or to file complaints regarding RCOC projects, please call 248.645.2000.

GLWA 54-INCH TRANSMISSION WATER MAIN

11 Mile Road

Paving operations are currently underway on 11 Mile Road and Seeley, working their way toward Meadowbrook. Be prepared for intermittent flagging as GLWA conducts work in the area.

Meadowbrook Road Between 12 and 13 Mile Road

GLWA will resume pipe installation later this month on Meadowbrook Road between 12 and 13 Mile Roads.

This work is anticipated to be completed over the winter. Pavement work in this section is expected to be complete in the spring of 2024.

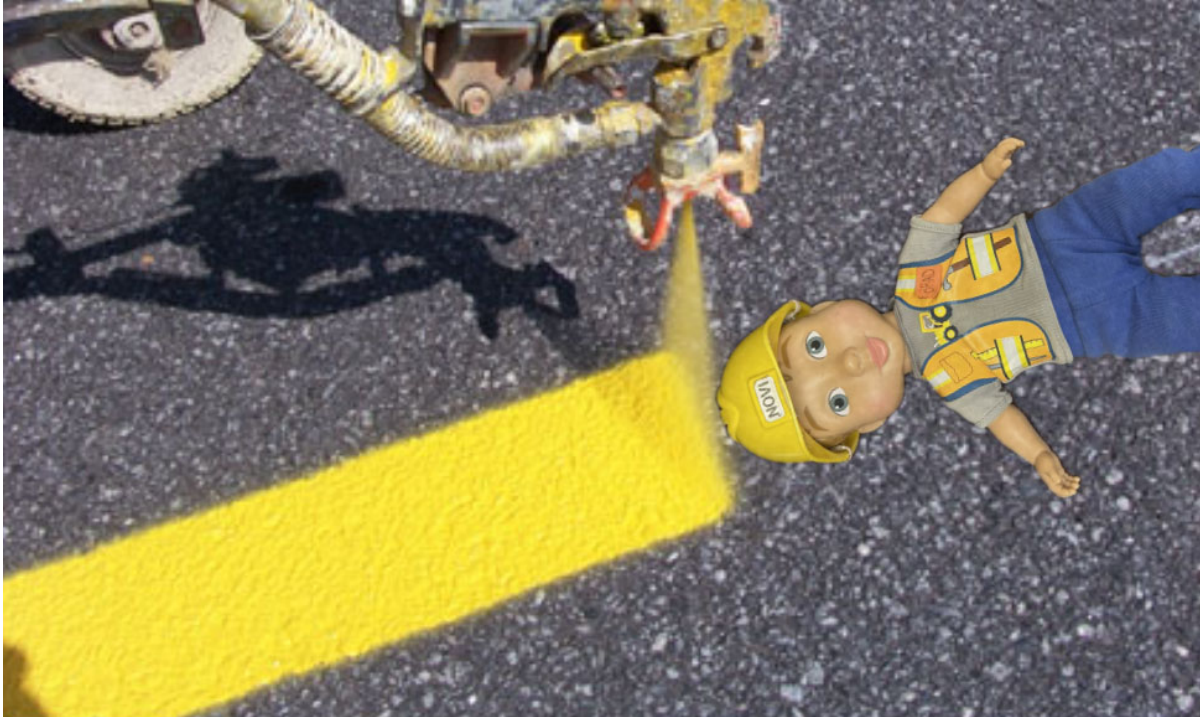

13 Mile Road

GLWA completed restoration work on 13 Mile and opened all lanes to traffic.

Construction operations will resume when the City of Novi takes over the remainder of the reconstruction project next summer when school is out of session. During this portion of the project, 13 Mile Road will again be open to one-way traffic only, but for a limited time and with no school traffic adding to the congestion.

For more information or to file complaints regarding GLWA projects, please call 313.316.9192.

GLWA 54-INCH TRANSMISSION WATER MAIN

Taft Road Rehabilitation

The contractor is currently placing permanent pavement markings on Taft Road, which is anticipated to be completed today. While the crew conducts work, be prepared for potential delays.

Important Information

Project schedules are only estimates. Work could be delayed for a number of factors, such as inclement weather.

Motorists should expect delays while work is in progress.

Driveway access may be impacted for residents located within the work zone
