ZONING BOARD OF APPEALS STAFF REPORT

FOR: City of Novi Zoning Board of Appeals ZONING BOARD APPEALS DATE: December 12, 2017

REGARDING: 1209 East Lake Drive, Parcel # 50-22-02-127-019 (PZ17-0055)

BY: Larry Butler, Deputy Director Community Development

I. GENERAL INFORMATION:

Applicant

Adrienne Lenda

Variance Type

Dimensional Variance

Property Characteristics

Zoning District: Single Family Residential

Location: West of Novi Road and South of Fourteen Mile

Parcel #: 50-22-02-127-019

Request

The applicant is requesting a variance from the City of Novi Zoning Ordinance Sections 3.32-10.ii. a, for the building of a proposed 400 square foot shed on the waterfront, 100 square feet allowed by code, and 3.32-10.ii.b to allow a 10.5 foot height, 8 foot allowed by code.

This property is zoned Single Family Residential (R-4).

II. STAFF COMMENTS:

Existing shed structure to be removed.

III. RECOMMENDATION:

The Zoning Board of Appeals may take one of the following actions:

1.	I	move	that	we	<u>grant</u>	the	variance	in	Case	No.	PZ17-00	55 , so	ught	by for

REVIEW STANDARDS DIMENSIONAL VARIANCE

The Zoning Board of Appeals (ZBA) will review the application package and determine if the proposed Dimensional Variance meets the required standards for approval. In the space below, and on additional paper if necessary, explain how the proposed project meets each of the following standards. (Increased costs associated with complying with the Zoning Ordinance will not be considered a basis for granting a Dimensional Variance.)

Standard #1. Circumstances or Physical Conditions.

Explain the circumstances or physical conditions that apply to the property that do not apply generally to other properties in the same zoning district or in the general vicinity. Circumstances or physical conditions may include:

Standard #2. Not Self-Created.

Describe the immediate practical difficulty causing the need for the Dimensional Variance, that the need for the requested variance is not the result of actions of the property owner or previous property owners (i.e., is not self-created).

The lakefront land is across the road from the primary residence and is 8' below the road. The lake is not our backyard, it is our front yard across the street. The shed storage size allowed is small in comparison to modern water equipment. We would like to have a shed that will be able to house all of the equipment that we use in the lake, I.E. windsurfer, (the sale alone is 15' by 8', the board is 10'), paddleboards, wakeboards, surfboards, life jackets, skis, etc. All of these are big and heavy and dangerous to carry across the busy road, especially for a smaller woman like myself. Not to mention there are boat break-ins and thefts every year if you keep anything laying around. If the lake were in our backyard, the variance would not be needed.

Standard #3. Strict Compliance.

Explain how the Dimensional Variance in strict compliance with regulations governing area, setback, frontage, height, bulk, density or other dimensional requirements will unreasonably prevent the property owner from using the property for a permitted purpose, or will render conformity with those regulations unnecessarily burdensome.

The shed that we are requesting is almost 8' below the elevation of East Lake Drive, the lot is 60' wider than many on the lots on Walled Lake, and an increase in the size of the shed seems to be a reasonable request based on the 100' lot width that we have on this property. The architecture of the shed also closely matches the house, and provides a nice continuation from the main house to the shed on the lake side of the road. The shed is barely visible when passing by on East Lake Drive, and will not obstruct the view of the lake for any of our neighbors.

Standard #4. Minimum Variance Necessary.

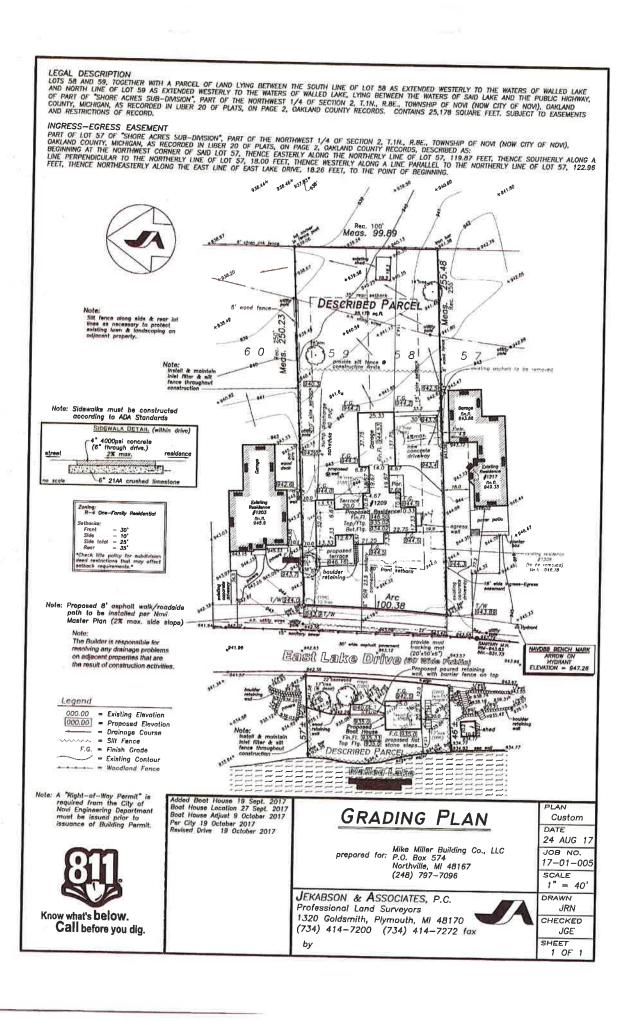

Explain how the Dimensional Variance requested is the minimum variance necessary to do substantial justice to the applicant as well as to other property owners in the district.

The reason we and others have chosen to live on the lake, is to enjoy all of its benefits. Boating, water sports, swimming, just sitting by the lake with friends and family and enjoying the beautiful view we now live on. My lakefront property is not attached to my home so it makes it more challenging to access all of the water toys if they are not near the water. The extra room in the shed would provide all the necessary space for storage, a traditional 10' by 10' will not. Also, another use for the extra space would be to provide shade and a sheltered area for two small children I take care of in the summer. They are my brother's children, two and four-year-olds. It would provide a covered space for them to nap and play and still be outside rather than inside the house. We live by the lake and want to enjoy every minute of the short summers we have.

Standard #5. Adverse Impact on Surrounding Area.

Explain how the Dimensional Variance will not cause an adverse impact on surrounding property, property values, or the use and enjoyment of property in the neighborhood or zoning district.

The proposed plan would only increase the property value and aesthetics of not only my property but the neighboring properties around me. The designs for the landscaping and shed were professionally designed by West Oaks Landscaping and AZD Architects. The neighbor to our north used the same landscaper so the view from the lake is beautifully fluent between the two properties. The shed would not be visible from the road or any sight lines from the houses because it sits below the road. It will not be obstructing the view of the lake to the neighbor on either side of me due to its placement on the land, it is 8' below the elevation of the existing road.

OCT 26 2017

CITY OF NOVI

To whom it may concern.

Adrienne Lenda and Igor Shpilband the new homeowners at 1209 E. Lake Dr. have discussed and showed me their new plans for a shed/building parcel on their lakefront property.

I am in agreement with all new structures and Landscaping. The New build is below the street level so it does not obstruct the view and it is a well thought out decorative landscape that will look beautiful with their new home. I believe it will only increase the value of everybody's property around them.

Sincerely,

Dennis and Mary Shrader 1185 East Lake Dr.

Mary M Shradr

Attn: City of Novi

Our name is Rob & Natalie Martell and we live at 1229 East Lake Dr.

ADRIENNE LENDA and Igor Shpilband have come to me with their proposed plans to build a larger then 10 x 10 shed/structure at their lake front property at 1209 E. Lake Dr.

I agree to all the new plans they have proposed and feel it will be a good addition to the neighborhood and to their property as well.

Thank you, Rob & Natalie Martell

N. Martell Notes Martel 9/30/17 Attn: City of Novi

I live at 1225 E. Lake Dr. and also own 1260 &1259 East Lake Dr. Adrienne Lenda and Igor Shpilband are my new neighbors. They have shown me their new plans for the lakefront property with the intentions of getting a variance for a shed on the waterfront. I have no problem with everything they are planning to build and Landscape. I agree for them to build a 20 x 25 shed or whatever size they want.

Their lakefront property runs below the road therefore it is not an obstruction of our site line to the water, or anyone else's for that matter.

They have my permission to go ahead with their plans.

Sincerely,

Mike & Patty Langan
